### INTERESTING LETTER.

(continued from last page.) home to us. We are always glad to have it spread on our table at night, and proceed to sift it's contents thinking it will have no uncertain sound. If you do not have room in your paper, just make the best of it you can. Lee has just come in with the Sentinel. Let her come, she will always find room under our roof.

Now gentlemen you must not hold me to account on punctuation, spelling or composition, for I have been out of school for some time. I might do like the negro who found the word "procrastination" said he was gwine to preach on that word, because it was the principle doctrine of the Presbyterian Church.

I am looking for an easy place where there is not much to do, but have not found it yet. May have to move again. We are on a beautiful street, the finest drive about town. We have a stepping pony. I call him Gunpowder and Ford, half and half. Use no crank or gasoline, and a selfstarter. He can trot a county fair gait four miles then gnaw the fence and champ the bit like Old Nick had hold of it.

I have not seen Ned Gailbreath for some time. Would like to see him. I think I will gad about some when the weather gets good. Plenty of homefolks at Castalian Springs, Lon Shoulders, Norman Johnson, Jeff Lee and others.

With best wishes for you all, I remain,  
Sincerely yours,  
Byrd Anderson.

Do you attend Sunday school? Does your children attend? We should all go to Sunday school and church. There are two Sunday schools right at your door every Sunday, you should attend one or the other, its right. Take away the churches and Sunday school, and what would the town amount to? Make up your mind to come, its a habit that is worth something to you, see that your children are there on time. The town could and ought to have a large attendance at each church.

Have been built and actually delivered to retail buyers since August 1, 1916. These figures—320,817—represent the actual number of cars manufactured by us since August 1, 1916, and delivered by our agents to retail buyers. This unusual fall and winter demand for Ford cars make it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather than to permit any agent to stock cars in anticipation of later spring sales.

We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing Ford cars. If, therefore, you are planning to purchase a Ford car, we advise you to place your order and take delivery now. Immediate orders will have prompt attention.

Delay in buying at this time may cause you to wait several months. Enter your order today for immediate delivery with our authorized Ford agent listed below and don't be disappointed later on.
