O. G. FOX

O. G. Fox, of Granville, announces in this issue of the Sentinel, his candidacy for Representative from Jackson County in the next General Assembly, subject to the action of the Democratic primary, August 3.

Mr. Fox becomes a candidate upon the urgent demand and request of his many friends, who believe this is the year in which the county should have a Representative with qualifications such as Mr. Fox possesses.

Mr. Fox is a farmer, and by applying economy and business principals, coupled with honest toil has made a success. Not that he has accumulated any large amount of money, but has made a good living and laid up a little for rainy days. He knows the needs of the farmer from every angle, and will do all in his power to make their burdens lighter and life more happier. He is a strong advocate of good roads and good rural schools, two of most essential factors for the advancement of this county.

Mr. Fox has an official record which deserves special mention. During the administration of Gov. McMillin, he represented this county in the Legislature and assisted in placing on the statute books all the beneficial laws enacted during that administration. As a member of the County Court, of which he has been a member for several years his record has been one of economy, in keeping with sound business and wise judgement. His vote has always been cast

for what he believed to be for the best interest of all the people, regardless of class or position. His official record is an open book, and those who may desire are welcome to investigate further.

Mr. Fox is Democrat from principal and will work in harmony with any democrat that is elected, just so long as they desire to serve all of the people. When it comes to serving the party, in preference to the people, the latter will always be his choice.

If the voters of Jackson County believe he is the man to representative them in the next Legislature, he promises faithful that he will only accept the constitutional salary, and do all in his power to lighten the burdens that are now on the shoulders of all. Mr. Fox will gladly and cheerfully abide by the verdict of the people.

that have moved away from the good old county of Jackson, do the same stunt. It would tickle the publisher awfully. Try it And besides we bet it would bring a grin on the relatives face, to get his old home paper.
