Victor Herbert's Toscanini and La Scala		
Phila. Symphony		

\$100.00

\$125.00

The most cherished possession of the great singers and instrumentalists is their art, and their keenest desire is that under all circumstances they shall be heard at their best. It is in appreciation of this fact that the greatest artists of this generation have become VICTOR artists, and their unqualified endorsement of the Victrola is the most conclusive evidence of its artistic superiority. There are Victrolas in great variety of styles from \$25 to \$1,500
