The following information will be of interest to the holders of stock in the Moulder Oil Co., as the Raywood Oil Co. holdings lies within a very short distance to the Moulder property. The following account was taken from the Nashville Tennessean: "The Raywood Oil Co., of which G. A. Ray, of this city, is president, has just closed a deal with the Ogden Oil Co., of Cincinnati, whereby they have disposed of their 163 acre lease which contains five producing wells. The consideration was a quarter million dollars."

### Credit Men Will Meet to Discuss Tax Assessments

The Retail Merchants Credit Association will meet tonight at 7:30 o'clock at the banking rooms of the Maury National Bank. Many important matters will be discussed, among them will be the assessment of back taxes. Owing to the shortage of fuel it is quite likely that the association will discuss the question of closing business houses a little earlier in the afternoon. It is said that very few merchants have a season's supply of fuel on hand on account of not having storage space.

He will be assisted in this work by the Rev. Mr. Matthews, who arrived Wednesday afternoon, and preached last night. Mr. Matthews will have charge of the music.

DR. F. E. FINCHER.

Dr. Fincher will arrive here Friday to take charge of the revival.

Services will be conducted both afternoon and evening, and it is expected that great and lasting good will result from the services.

For the past several days prayer meetings have been held in Presbyterian homes throughout the city, preparatory to this meeting. The meetings have been well attended and great interest is being manifested, and it is believed the revival services will be well attended.

Mr. Matthews did religious work with the A. E. F. during the entire war, being both in the training camps and in France.

### ALABAMA FARMERS HERE TO BUY MAURY COUNTY DUROC PORKERS

Not only are the people coming from afar to see and purchase Maury county Jersey cattle, but the fame of its Duroc Jersey hogs has spread abroad and today a party from Florence, Ala., consisting of about a dozen farmers, and piloted by County Agent High and Prof. Stotts, farming agent for the Alabama Banking & Trust Company, came here to purchase fine hogs.

This party came through the country in their cars and will remain here until tomorrow afternoon looking at the various herds of pure bred hogs. They will go to Highland Farm, to the Old Homestead Farm, to the Murphy and Jett herds, inspect the Peables hogs and also the hogs at Wilkes Place. It is also on the program for the party to visit the Middle Tennessee Experiment Station. In the absence of Prof. McLean, President William F. Anderson, of the board of trade, is looking after the welfare and comfort of the party while here. In that task he is being assisted by Col. Thomas H. Peebles, one of the farmers of the county.

This is the second party of farmers that has come to Maury county in a body during the past two weeks to find fine live stock.

The following are among the members of the party: Prof. High, county agent; Prof. Shotts, agent for bank; Dr. Lee Stuits, W. A. Thornton, Jake Thompson, and two sons, Wheeler Burks, Price McLaughlin, John Killen, Stribling S. Killen, Z. J. H. Liles and Charles Thompson.

Orders for government food are continuing to stream in at the post office, and in order to give everyone an opportunity to take advantage of the bargain prices offered, the list will not be closed until Friday night, said Mayor J. M. Dedman this morning. The orders for government food are being received by Assistant Postmaster W. Spence McFall at the post office. The statement appearing in the Banner last night, to the effect that money would be refunded because government goods could not be secured, was somewhat misleading, said Mayor Dedman, who this morning called Atlanta to ascertain the real facts. Mayor Dedman learned that it was possible to secure the car of food, and said orders would continue to be taken just as announced. Great savings have been made to housewives in buying certain classes of canned goods, bacon and other meats, and it is said that the quality of the goods has shown up well. Mayor Dedman expects sufficient orders will be on hand Friday night to order out the next car.

### TO CONTINUE TAKING ORDERS FOR GOVERNMENT FOOD FRIDAY

### MISS SOPHIA MAI SHADOW WILL RETIRE AS COUNTY HOME AGENT

Miss Sophia Mai Shadow, who has served so acceptably this year as the home demonstration agent in this county, will not return to her work here. Miss Shadow will take a post graduate course at the University of Tennessee. It is probable that no successor will be selected for her here until after the first of the year.

During the year that Miss Shadow has been the home demonstration agent in Maury county she has fully demonstrated her superior qualifications as a leader and an instructor. It was under her direction that the domestic exhibit which took the first prize at the state fair, was arranged for the Fernside Club. She is a woman of rare taste and judgment and has the happy faculty of inspiring confidence in her leadership. She is exceedingly popular in the county.

The county held more community fairs this fall than ever before and the exhibits of woman's work were exceptionally fine and invited unusual comment. They were all very largely due to the efforts of Miss Shadow.

Orders for government food are continuing to stream in at the post office, and in order to give everyone an opportunity to take advantage of the bargain prices offered, the list will not be closed until Friday night, said Mayor J. ### REPRESENTATIVE PADGETT HERE TO SPEND FEW DAYS OF REST

Hon. Lemuel Phillips Padgett has returned from the long extra session of congress and will remain at home until Saturday week, taking a much needed rest. Aside from expressing the hope that ultimately the peace treaty would be ratified, Mr. Padgett did not discuss public issues.

He has been constantly on the job at his post of duty since the extra session convened more than six months ago. Asked if he expected to be a candidate for re-election, Mr. Padgett said that he had not expressed himself on that subject having been so busy looking after the duties of his office.

However, it is generally understood that Mr. Padgett will not only be a candidate but will have no opposition. He is unquestionably, in the opinion of well informed observers, stronger in the affections of his people than he has ever been. During the past six months he has obtained many things that his district desired.

Orders for government food are continuing to stream in at the post office, and in order to give everyone an opportunity to take advantage of the bargain prices offered, the list will not be closed until Friday night, said Mayor J. M. Dedman this morning. The orders for government food are being received by Assistant Postmaster W. Spence McFall at the post office. Mary, the four years old daughter of Mr. and Mrs. Clifton Moore, died at 9 o'clock last night at the residence of her parents near Hardison Mills, after an illness of only a few days. She was an unusually bright child, and had endeared herself to all who knew her. The grief stricken parents have the sympathy of the entire neighborhood. ### COAL SALES LIMITED TO HALF A TON

FUEL SITUATION IN COLUMBIA IS DAILY GROWING MORE ACUTE.

DEALERS HAVE SMALL SUPPLY

Fuel Cars Consigned to Local Dealers Are Seized in Transit—Advice Is Given "Conserve to the Utmost" Selling in Broken Quantities.

The coal situation in Columbia is daily growing more serious.

Unless relief comes soon it is feared that there will be real suffering in the city. With very little coal on hand, local dealers are now limiting sales to a half ton per customer, and giving advice at the time sale is made to be extremely careful in its use. This morning the Dale Grain & Feed Company had only a few bushels in the yard, but were hoping to receive a car today. They said that they had received no orders to limit the sale of coal to their customers, but the meagre supplies which they had been receiving had forced them to do this without orders.

The John A. Walker Company still keep the wheels turning.
