

Cultivate on Ball Bearings

BALL-BEARING automobiles, motor trucks, tractors and grain drills—so why not ball-bearing cultivators? The purpose of the ball bearing is to reduce friction, lighten draft, make easier operation and add years to the life of a machine. That is why the weight of the No. 4 International Cultivator rests on twenty steel balls.

In each of the axle pivots there is a milled ball race with ten large ball bearings, such as you will find in high-priced automobiles. That is one of the reasons why a boy can handle an International No. 4 so easily.

This cultivator can be set for cultivating 28-inch bean rows or 42-inch corn rows and 4, 6 or 8 shovels can be used in a number of different combinations. Or we can supply you with special shovel equipment—spring teeth, wing hillers, disk hillers, center tooth, etc.

The unusual mechanical features of the all-purpose International No. 4 Cultivator will interest you. Let us show and explain them to you. You know where we are located.

Corporate Shares Stock Not Taxable In Opinion Of Chancellor T. B. Lytle

Shares of stock in a corporation are not assessable for taxation where the corporation as such is taxed. This was the decision of Chancellor Lytle in the case of J. A. Sloan Company against the city of Columbia rendered Saturday and involving the taxes on something like \$300,000 worth of the shares of stock in the corporation. The bill in this case was filed by J. A. Sloan Company to enjoin the city of Columbia from collecting taxes for four years on the shares of stock held and owned by the shareholders of that

corporation, many thousands of dollars in stock being involved. Chancellor Lytle said that personally he had no doubt of the authority of the legislature to tax the shares of stock in corporations, but in order to make the tax collectable a method for such assessment and collection must be provided by law. This had not been done and he held that under the general assessment act of 1907 it was manifestly not the intention of the legislature to impose this tax.

The bill and contention made in this case has attracted a great deal of publicity in which he was driving turned down the incline at the north end of the hill approaching the bridge over Duck river this morning. Although the buggy went over no damage was done to either the driver, horse or buggy and all were extricated.

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

HANDSOME GIFTS FOR SCHOOLS BY MANY SECTIONS

THOUSANDS OF DOLLARS PLEDGED BY POPULAR SUBSCRIPTION TO SUPPLEMENT COUNTY.

TEN THOUSAND AT CULLEOKA

Equal Amount is Pledged by the People of the Ninth District for McDowell and Other Communities Are Very Generous Too.

That the people of the communities of the county which will share in the school appropriation of \$120,000 made by the county court Monday are willing to help themselves is shown in the report of the committee and which was made a part of the action of the court. This report shows pledges of nearly \$50,000 by various communities to receive aid from the county. The full program is set out in the committee's report, which follows:

To the honorable county court:—We your committee appointed at the regular term of the April court to make investigation as to the needs of various communities for improved school buildings beg to submit the following report:

The county board of education was called together soon after the meeting of the court and asked to put in definite form the amounts it considered necessary for the buildings and equipment of the various communities. These estimates of the board are as follows:

- District 1. For the consolidation of Lockett's, Johnson and Rail, \$3,000. For the consolidation of Bethel and Roach, \$2,000.
 - District 2. For the rebuilding of Beech Grove, \$3,000. For the rebuilding of New Hope \$2,350. For Dark's Mill, \$600. For Gravel Hill and Theta, col. \$2,000.
 - District 3. For additions to Spring Hill (white) \$2,500. For consolidation of Rally Hill, Lee's Corner and Manassah, \$3,000. For McCrory's, \$1,000. For Spring Hill (colored) \$2,000.
 - District 4. For repairs and desks, \$500.
 - District 5. Culleoka, \$15,000.
 - District 6. Bigbyville and McCains, \$15,000. Porters \$1,250.
 - District 7. Mt. Pleasant (white) \$10,000. Mt. Pleasant, (colored) \$3,000. Sandy Hook (colored) \$1,000. For desks and equipment, \$2,000.
 - District 8. For Cross Bridges and Concord, \$5,000.
 - District 9. McDowell, \$20,000.
 - District 10. For desks and equipment tenth district, \$500.
- These requests of the board are predicated on the idea that each community will, as a minimum, pay for

one-third of the total building improvements asked for in the community. The board would ask to be left to use its discretion as to the amounts demanded of the colored people for in some cases with them they could not meet the requirements of the one-third minimum, and also Lockett's, Johnson and Rail, and possibly one community affected by the cyclone, New Hope.

The Culleoka community proposes to put \$10,000 as against the \$15,000 asked for.

The McDowell community will put up \$10,000 against the \$20,000 asked for.

Dark's Mill will furnish two acres of land and \$500 and ask for \$600.

Beech Grove community have put up \$2,000 and ask for \$3,000.

New Hope, where so much damage was done by the storm, will furnish the rough lumber for their building and ask for \$2,350.

Porter's community have made up \$500 and will do most of the work on their building and ask for \$1,250.

Bigbyville and McCains are at work on their consolidation and if they succeed will raise \$10,000 and ask for \$15,000.

The Spring Hill people will have to enlarge their plant. We saw several of their citizens and they assured us that they would meet the conditions imposed for the \$2,500 asked for.

The Spring Hill colored school have

HOW'S YOUR BLOOD? Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks, such as Doctor Pierce's Golden Medical Discovery in and has been for nearly 50 years. The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and many skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache,

Write Dr. Pierce for free confidential medical advice or for free booklet on any chronic disease.

Lenoir, N. C.—"Dr. Pierce's Golden Medical Discovery is a great medicine for me in building me up when I feel run-down in health. It gives me strength and flesh. I have been using it at different times for thirty years or more. I began its use for catarrh, with catarrh remedy prepared by Dr. Pierce, and it greatly relieved me. I can heartily recommend the 'Discovery' as a blood medicine." — MRS. LUCY BEACH, No. 1, Lenoir, N. C.

raised \$500 and we have obtained for them \$500 from the Julius Rosenwald fund, and they ask for \$2,000.

We have asked for \$3,000 for Rally Hill, Lee's Corner and Manassah. We believe they will win their part, although we have not yet had a definite report.

McCrory's asks for \$1,000 and we are told they will do what is required of them.

There is no building program in the fourth district. But the schools need desks and blackboards and \$500 is asked for this purpose.

We are asking for \$10,000 for the white schools of Mt. Pleasant. While no definite action has been taken by the committee, we are sure they will take action so soon as they know the conditions.

The colored people of Mt. Pleasant have \$1,000 in bank and will make it \$2,000. Mr. Rosenwald will give \$1,000 and we hope to get \$1,000 from the state. The county and city will have to do the remainder. We are asking for \$3,000.

Sandy Hook colored school people can raise two or three hundred dollars and we are asking for \$1,000.

We are asking for \$2,000 to seat and furnish these schools.

We ask for \$500 for desks and we

total of these requests for the county schools at \$95,700. The corporations of Columbia and Mt. Pleasant would share in any bond issue by the county. Their part of any bond issue is in round numbers 20 per cent, making the \$95,700 80 per cent. The total with the corporations added is in round numbers \$120,000.

Your committee recognizes the needs as set out above and would respectfully leave it to the discretion of the court as to the feasibility of meeting these requests.

CORRECTLY is a rich brown in color, clean cut lines, with quality and English, 15 1/2 hands. He is a horse of exceptional qualities and imparts this splendid trait to his progeny. He has only had one or two colts trained and they are showing phenomenal speed. He is not only a sire of speed, but a first-class saddle and driving horse as well.

TERMS: \$20.00 to insure a living foal.

THE DEMAND FOR SADDLE HORSES

Is greater than in many years. Good saddle horses are selling from \$250 to \$300 and the demand cannot be supplied. Breed your mare to either one of these stallions and you will have the opportunity of developing a colt that will bring you more money as a saddle horse than you ever realized from a colt before. A number of colts from these stallions have developed into wonderful saddle horses.

KING WATSON NO. 5351

This splendid registered Jack will serve mares at a service fee of \$10.00 to insure. He is a fine breeder and his colts bring top prices.

LIBERTY LOAN

LIBERTY LOAN is a splendid Jack that I have added to my stables and his breeding is the kind that brings the best male colts. He is a black Jack with whitepoints and will make the season at \$10.00 to insure a living foal. You won't regret having bred to him. Pasturage furnished at reasonable rates. All care taken but no responsibility assumed.

HIGH PRICED MULES will continue for some time. Male colts will easily sell for \$100 and if they are by a real good Jack, they will bring \$125. If you have a good mare and want to make money out of her, breed to one of these Jacks.

Be Rid of Painful Corns

"Gets-It" Makes Them Loosen Up So They Lift Off Painlessly.

There's no more pain after a few drops of "Gets-It" lands upon corn or callus and instantly dries.

In a day or two you lift the old misery-maker right off without even feeling it. That's the last of Mr. Corn and the last of your misery. Millions who have lost their corns the "Gets-It" way say it is the only common-sense way to get rid of the pests.

SANTA FE CHURCH DEDICATED SUNDAY

IMPRESSIVE CEREMONIES MARK DEDICATION OF CUMBERLAND PRESBYTERIAN CHURCH.

Most impressive ceremonies marked the dedication of the Santa Fe Cumberland Presbyterian church Sunday. At 11 o'clock the Rev. W. M. Robinson, pastor, preached a deeply impressive dedicatory sermon to a large audience, after which a bountiful lunch was served by the women of the community on the school campus. It is estimated that not less than a thousand people were present.

In the afternoon a most delightful musical program was rendered by the Vaughn Quartette of Lawrenceburg. Among the visiting pastors present were the Rev. W. S. Neely, pastor of the Culleoka Cumberland church, and the Rev. Mr. Reed, of Putaski.

The handsome new church, built at a cost of \$8,000, a great deal of the labor being contributed by the membership in the community, was dedicated free from debt.

CARD OF THANKS.

We wish to thank our friends for their kindness to us in the death of our dear daughter and sister, MRS. PATTIE M. JONES AND CHILDREN.
