FOLKS ARE ALSO ENJOYING MANY FISHING PARTIES THESE HOT, SULTRY DAYS.

Various parties are also enjoying the fishing on Duck river, a number of camps having been established along the banks where they get recreation and also capture the members of the "finny" tribe. Fishing has generally been reported good this summer and some beauties have been caught.

NO ONE MAN BIG ENOUGH TO RUN NATION-HARDING

REPUBLICAN NOMINEE ASSAILS PERSONAL AND DICTATORIAL GOVERNMENT.

IN SPEECH OF ACCEPTANCE

First Committal He Declares, is the Restoration of Representative Popular Government Under the Constitution.

By RAYMOND CLAPPER.

(United Press Staff Correspondent.) MARION, Ohio, July 22.—Immediate declaration of peace and a new effort to form an association of all nations, based on justice rather than force was promised by Warren G. Harding in formally accepting the republican nomination here today.

Scoring the league of nations covenant as the "supreme blunder" he lauded the senators who opposed its unqualified ratification as "sentinels on the towers of constitutional government." The nominee said he welcomed a referendum.

Harding opened his address with a broadside at "personal, dictatorial and autocratic government." He said no man is big enough to run this "great republic."

"Our first committal," he continued, "is the restoration of representative popular government under the constitution through the agency of the republican party."

The speech delivered at Garfield Park here dealt with a multitude of questions. Preserved nationality with America retaining her independence although not holding aloof from the rest of the world should be the guiding policy, Harding declared.

The candidate stressed the necessity of a return to party government and pledged himself to co-operate cordially with congress and to select a cabinet of "highest capacity" in which the vice president should sit.

"As to prohibition there is divided opinion and the recourse to repeal or modification is open, but we cannot nullify because of divided opinion," he said, "and the law must be enforced."

"We must have a plain and neighborly understanding with Mexico regarding American rights but our relations should be friendly and sympathetic" he said.

Touching unrest he said the remedy does not lie in repression, and rights of all must be preserved.

High wages should continue, but with them full value for the wage received, he said, elective bargaining was endorsed.

Harding pledged a sincere effort to stamp out profiteering.

Reaffirming his opposition to government ownership of railroads, he declared the present transportation difficulties are due partly to "the withering hand of government operation" and urged that the government do its part in repairing the damage. He endorsed the budget plan, a merchant marine, ample naval preparedness and a small army, abundant aid for ex-service men and woman suffrage.

As to formal peace, Senator Harding said:

"I promise you formal and effective peace so quickly as a republican congress can pass its declaration for a republican executive to sign."

TYPHOID "SHOTS" BE GIVEN FRIDAY

EXPECTED THAT HE WILL BE KEPT BUSY, AS MANY HAVE BEGUN IMMUNITY COURSE.

Capt. A. A. White, of the Nashville recruiting station, will be in Columbia tomorrow, for the purpose of administering "typhoid shots" and it is expected that he will be kept busy all day, as quite a number of Columbians have taken one or two of these "shots" and three inoculations are necessary to guarantee immunity from the dread typhoid. Capt. White will be found at the local army recruiting station on Garden street.

Setting a new record for prices for acreage property in that section the auction sale of the Clyde Wagstaff farm at Lynnville on Wednesday was one of the greatest successes in the history of auctions in this part of the state.

HARVEY HANNAH STIRS DEMOCRATS IN SPEECH HERE

TAKES PLATFORM AFTER GOV. ROBERTS HAD SPOKEN FOR TWO AND HALF HOURS.

HE RAPS THE POLITICAL BOSSES

Tells Maury Countians How Able Democrats of State Refused Offer, and Then "Along Came Crabtree."

For two hours and thirty minutes, Governor A. H. Roberts, speaking in the interest of his renomination for governor, held the closest attention of an audience of some 750 people at the Grand Theatre Wednesday afternoon. Time after time the Governor was interrupted with applause or cheering as he warmed up to his subject. The Governor's explanation of the tax law was couched in the simplest language, and was made so clear that even a child could understand it. As the governor told of the purpose of the new law, and how it was intended to give equal and exact justice to all. He showed how in the past the old tax laws had "caught the minnows and let the big fish get away." He then cited instance after instance of amazing underassessment, showing how the people of some of the big counties of the state had not been bearing one penny of the expense of maintaining the state institutions, and that the other counties had been required to pay this expense for them. The new law does away with this inequality, the Governor said.

Governor Roberts in his speech here did not bring out by new matter, but he did call upon Crabtree's campaign manager in Maury county to explain just what Crabtree proposes to do about taxation when he becomes governor.

At an early hour neighbors began to gather on the lawn and to congratulate him. It was Marion's greatest day. From all over Ohio and from many distant cities pilgrims came.

ATTORNEY HOPKINS WANTS HIS CODE

ASKS DEMOCRAT WHO BORROWED IT TWO YEARS AGO TO RETURN IT—NO QUESTIONS.

Attorney R. S. Hopkins, who is also a leading republican, declares that if the democrat who two years ago in the election borrowed his code of Tennessee would return it he would be under many more obligation to a democrat than ordinarily he would like to confess. Being a republican code Mr. Hopkins cannot understand why a democrat should want it, but aside from that no questions will be asked if the code should in some way be returned. He does not care to donate anything so valuable as a code to the holding of an election, especially when as a rule republicans get so little comfort out of an election in Maury county.

QUESTION OF RAISING RATE OF TRANSPORTATION OF GOVERNMENT MAIL UP.

RAIL EXECUTIVES CONFER

Say Roads Are Losing Money Carrying Mail at Ante-Bellum Prices. Rates of Postage May Be Increased If Increase Is Given.

(By United Press.)

WASHINGTON, July 22.—The railroads may ask the interstate commerce commission for higher rates for mail transportation, to raise revenues to meet the \$600,000,000 in increased salaries awarded to railroad employes by the rail board. This information was given out following a meeting of executives held here.

At the postoffice department it was stated that any increase in mail rates would probably mean higher postage. Railroad officials say mail rates remain practically where they were before the era of increasing prices, and that the roads are losing money at the rate paid for the transportation of government mail.

It has not been decided what amount of increase, if any, will be asked.

GILES COMMISSION ACCEPTS ROAD BID

AGREES TO PAY ONE-THIRD OF COST OF HIGHWAYS AT \$30,000 PER MILE.

(By United Press.)

The Pulaski Citizen of today says: Bids on the section of the Bee-Line Highways from Pulaski to Ardmore were opened in Nashville Friday.

There were a number of bids and it is understood that the price was something over \$30,000 per mile. But before announcing any bids, and without either accepting or rejecting bids, the state commission asked for an expression from the county commission. Evidently the the commission wanted to avoid a repetition of the Maury county middle where the local committee and the county court undertook to repudiate the contract after it had been awarded. The Giles county road commission met Monday and agreed that as the state and federal governments pay two-thirds the cost of construction and the entire cost of maintenance after the road is done, to leave the question of awarding the contracts entirely to the judgment of the state and federal highway departments.

Some time is required to figure up estimates but contracts will probably be awarded within a few days.

Plans and specifications are about ready to advertise for bids on the section north of Pulaski to the Maury county line.

JUSTICES MEETING TO DECIDE ROADS

BELIEVED THAT UNLESS ACCEPTED AUGUST 12 COUNTY WILL LOSE OPPORTUNITY.

It is probable that there is next to the August primary and election more interest in the meeting of the county quarterly court on August 12 than in any other event that is scheduled. It is a common remark to hear men state, when parting, that they will meet here again on August 12. That is the day when the court will decide the fate of the road program in the county. It is understood that should the court on that date turn down the proposition made by the state highway department and refuse to issue the additional bonds necessary, the offer will be withdrawn and the money set aside for this county will then be appropriated to some other county that has met or will immediately meet the requirements of the state board. It is therefore a most highly important meeting and the result will have a decided bearing on the future of road construction in this county.

The members of the county court before their adjournment the other day tentatively agreed that at the meeting on August 12 the road problem would be solved as far as possible in this county and would not longer be a
