SOCIETY

Sloan-Farrington Wedding.

An attractive wedding was solemnized at 4 o'clock Monday, June 27th, at the Church of the Good Shepherd, Punta Gorda, Fla. when Miss Helen Farrington, of Punta Gorda, was married to Kendrick G. Sloan, of Columbia, Tenn.

The bride was dressed in a traveling suit of dark blue tricotine with gray accessories. She was attended by her sister, Miss Herietta Farrington, the maid of honor, and given in marriage by her brother, Henry Farrington. The two bridesmaids were Miss Josephine Reid, of New Orleans, La., a cousin of the bride, and Miss Anna Mae Sikes, of this city. The little flower girl was Miss Dorothy Mobley.

The groom was attended by his brother, Allen D. Sloan, of Columbia, and the bride's cousins, Albert and George Dewey, of this City. The ushers were Parry King and Capt. Geo. Stuart.

The young ladies of the bridal party wore white organdie frocks with colored hats of organdie and sashes to match. They carried old fashioned bouquets of roses and larkspur. The ceremony was performed by Rev. F. A. Shore, of Arcadia, Fla., assisted by Rev. C. T. Banchett.

The couple left immediately after the ceremony for a wedding trip and will be at Home Columbia, Tenn, during the first week in July.

Mrs. Sloan is an unusually beautiful and attractive young lady and for the past term was one of the most capable members of the faculty of the Columbia Institute, endearing herself to the student body and her associates by the charm and grace of her manner and bearing. Mr. Sloan is a member of the firm of A. D. Sloan Grocery Company, and is a young man held in the highest esteem in the community.

Nelms-Richardson.

Miss Myrtice Richardson and D. I. Nelms were quietly married Wednesday evening at 7:15 o'clock at the home of the bride's mother, Mrs. Louisa Richardson, on School street, only the immediate family being present. Dr. J. H. Barber, pastor of the First Baptist church, said the ceremonial rites which united this popular couple in wedlock. Immediately after the ceremony Mr. and Mrs. Nelms went to the home of Mrs. Gilbert on West Seventh street where they have rooms.

The bride is most popular in Columbia and since her residence here has endeared herself to a large circle of friends. She is quite active in church work and holds many responsible offices in the church organizations of the First Baptist church.

Mr. Nelms was formerly of Marshall county, but for the past twelve years has made his home in the West. He is now holding a responsible position with T. S. Richardson, local lumber dealer. Mr. and Mrs. Nelms are receiving the congratulations of their many friends.

GROVELAND TRIMS LEFTWICH BRIDGE

MUCH INTEREST BEING TAKEN IN GAMES PLAYED IN COUNTY BASEBALL LEAGUE.

In a thrilling contest, featured by much heavy hitting, Groveland of the county baseball league took the measure of the Leftwich Bridge aggregation by a score of fourteen to thirteen Saturday. The bright and shining stars of the game were Moore, Hight and Damascus, for the Groveland boys. They played a great game in their respective positions, while L. Crews and B. Watson starred with the willow, each of them poling out a homer.

Saturday's game drew a big crowd, many rooters accompanying the Groveland team to Leftwich to see the contest. It was stated that the rocky condition of the diamond was responsible for the large score which was piled up. The Groveland team has won the last three games played and is strengthening all the time. "Grinding" Bob Moore, spit ball artist, has announced that his arm is rapidly rounding into shape, and it is not unlikely that he will occupy the hurling hill for the Groveland boys when they stage the next contest.

The county league has been fortunate in securing the services of R. E. (Larry) Moore as umpire. He is giving universal satisfaction.

GOOD YIELD OF WHEAT IS REPORTED

Fleming R. Sheegog has made one of the best wheat crops in the county so far reported. Mr. Sheegog will make over 2,000 bushels and his crop will average from eighteen to around twenty bushels. The sample is good. But for the rust that struck one field his average yield would have been higher.
