The Kind and Style of Clothes a Man Likes to Wear

To be dressed in perfect taste is no longer a slur upon the man wearing the clothes. On the contrary, the man is subject to criticism unless he wears clothes that have the right style.

These Fall and Winter FITFORM suits are of particular interest to every young man who buys clothing because of their new style appearance.

The cloth and colors are modest or with more life in them if you want it. The prevailing shades of grey predominate and Tartan plaids are always good for most men. We have plain cloth in serges, worsteds, chevots and cassimeres. We have a choice to select from in new plaids and checks. Everything here that is in demand.

No better values than these ever offered at

\$16.50, \$17.50, \$18.00 and \$20.00

REVIVAL MEETING

At the Church of Christ Beginning Sunday, Oct. 10, 1915.

We are glad to announce to you that you are to be favored with one of our most stirring evangelists; a man who is wholly consecrated to God, and to whom you cannot listen without being drawn more nearly to the God of grace and salvation. Bro. E. A. Elem, of Nashville, Tenn., is excelled as a plain gospel preacher by none. He speaks forth the words of truth and soberness with irresistible power, keeping his audience so thoroughly interested that when he has spoken for thirty minutes you feel that he has only begun. We beg you to hear him once, after which you will need no invitation, for you will be anxious to hear him more.

Be certain to hear him. You will receive a cordial welcome and a purely gospel service.
