

TO DAY AND TO-MORROW.
Don't tell me of to-morrow!
Give me the man who'll say,
That when a good deed's to be done,
Let's do the deed to-day.
We may all command the present
If we act and never wane,
But repentance is the phantom
Of the past that comes too late!

Don't tell me of to-morrow!
If we look upon the past,
There's much to do to-day,
That can never be accomplished
If we throw the hours away;
Every moment has its duty—
Who the future can foresee?
Then why put off till to-morrow
What to-day can do so well?

Don't tell me of to-morrow!
If we look upon the past,
How much that we have left to do
We cannot do at last!
To-day it is the only time
For all on this frail earth;
It takes an age to form a life,
A moment gives it birth.

CURE FOR RHEUMATISM.
The following are said to be good lotions for the evils of rheumatism. As they are simple, they can be fairly tried by those afflicted with these evils.

INFLAMMATORY.—Half an ounce of alum, half an ounce of pulverized salt petre, put in half a pint of sweet oil. Bathe the parts affected.

COMMON RHEUMATISM.—Take a pint of the spirits of turpentine, to which add half an ounce of camphor. When dissolved, rub it on the part affected, and it will never fail of removing the complaint. Flannel should be applied after the part is well fomented with turpentine. Repeat the application morning and evening.

SWINNEY IN HORSES.—John White, in the Southern Cultivator, gives the following plan of curing horses of the swinney:

I take about a quart of water, boil it, and add salt as long as it will dissolve any; then take a piece of blanket and dip it in the water white hot, bathe the horse's shoulder well for nine mornings in succession, then miss a few mornings; if the cure is not effected, bathe again for nine days. I have cured a great many horses in this way. Another: Apply common salt (alum salt would be preferable) to the part affected, and rub up and down the shoulder with a brick as hard as the horse can bear it.

LICE ON CATTLE.—Mr. Linney, in the Genesee Farmer, says the most effectual remedy which he has found, on repeated trial, is to sprinkle sand copiously over every part of the bodies of his calves, to be repeated once a week. The experiment was suggested by the remark that bulls, which dust themselves by pawing, are never lousy.

TO CURE THE CHOLERA.—Boston Recipe.—Take two ounces of hen's milk, put in a hog's horn, and stir it up with a cat's feather; then divide the mass into pills as big as a piece of chalk, about as long as a stick, and swallow them crosswise.—frequently.

CURE FOR THE PILLS.—The following simple application will certainly cure this most distressing complaint. It has been tried by many and found successful!

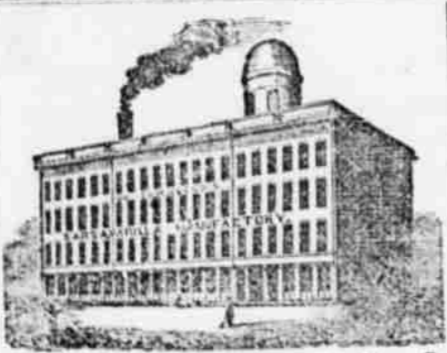

Take three ounces of pulverized alum, and place it in a belt made of cotton drilling, two inches in width, and wear the belt around the body above the loins. It should be worn next the skin. Its operation is slow but certain.—Salem Oh.

A HANDSOME INHERITANCE.—Judge Jones, in the Court of Common Pleas of Northampton county, (Pa.) has set aside the will of Peter Miller, a wealthy old bachelor, who died lately at Easton, which was affirmed by the Supreme Court. The entire estate, therefore, amounting to nearly \$400,000, with the exception of a few trifling legacies, which are valid under will, goes to Peter Miller, of Ohio, the nephew and only heir at law of the deceased. The *Easton Whig* says: "The fortunate individual who comes into possession of so large an estate is about sixty years of age, and resides in Morgan county, Ohio, where he has worked a farm as tenant for a long time. He has a large family—a full baker's dozen of children, all poor."

A German paper mentions the death of a police sergeant from tetanus, produced by a bite on the thumb from a drunkard whom he was taking into custody. The wound healed apparently, in seven or eight days, and on the third day afterwards the convulsions began.

FATAL OCCURRENCE.—We learn that on Sunday night last, in Sumner District, Mr. J. Ashly Colquhoun was killed, and his brother severely wounded, by a man named Pat Marshall.—Columbia Carolinian.

VALUE OF A SON.—A man named Schnitzel lately preferred a claim against the City of Chicago, for damages by the loss of his son, who was drowned from a bridge belonging to the city. The Council allowed him twenty-five dollars!

Dr. Townsend's COMPOUND EXTRACT OF SASSAPARILLA.
THE MOST EXTRAORDINARY MEDICINE IN THE WORLD!
This extract is put up in Quart Bottles; it is six times cheaper, pleasanter, and more powerful than any sold. It cures disease without counting, purging, sickening or debilitating the patients.

THE GREAT BEAUTY AND SUPERIORITY OF THIS Sarsaparilla over all other medicines, while it eradicates disease, it invigorates the body. It is one of the very best Spring and summer medicines ever known, it not only purifies the whole system and strengthens the person, but it creates new, pure rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last two years, more than 50,000 cures of severe cases of disease; at least 2,000 were considered incurable. It has saved the lives of more than 5,000 children the two past seasons alone. More than 3,000 cases of chronic rheumatism; 2,000 cases of Dyspepsia; 4,000 cases of general debility and want of energy; 7,000 cases of the different Female Complaints; 2,000 of Scrofula; 1,500 cases of the Liver; Complaints; 2,500 cases of disease of the Kidneys and Dropsy; 2,000 cases of Gravel; 1,000 cases of headache; 1,500 cases of the Dropsy; 8,000 cases of consumption; and thousands of cases of constipation, and thousands of cases of skin disease, viz: Ulcers, Erysipelas, Salt Rheum, Pimples on the Face, Scald Head, Tetter, Neuralgia, &c., &c., together with numerous cases of Sick Headache, Pain in the side and Chest, Spinal Affections, &c., &c.

GREAT BUSINESS.
We have put up at our manufacturing plant season 4,000 bottles of Sarsaparilla per day, or 24,000 per week, at the rate of ONE MILLION TWO HUNDRED AND FORTY EIGHT THOUSAND PER YEAR. And even this enormous quantity does not supply the demand. We constantly keep running two Naper Steam Presses, most of the time, night and day. We printed our Almanac, 1848, 2,000,000, which cost \$12,000 cash. Re-empowered over 50 girls six months to fold and stitch them. The present edition will be much larger. The most extensive manufactory in Europe or America, cannot make as great a number of bottles as we require. We have a large number of men and boys employed collecting roots, &c. Indeed the number of hands that we employ directly and indirectly, in making glass, paper, corks, sealing wax, packing boxes, printing, and preparing the ingredients, &c., would amount to an immense number. The wonderful success of this medicine has induced some twenty or more men to put up Sarsaparilla in the same shaped bottles, and imitate it in every possible manner. But the triumph success of this medicine ever all, is the most triumphant proof of its inestimable value. These men and their unprincipled agents have published the most outrageous falsehoods respecting Dr. Townsend's Sarsaparilla, and have pulled their own with counterfeit certificates, and emptied our advertisements. Yet the enlightened public have appreciated the value of the medicine which has by its regular energy in conquering disease, and in thousands of cases with almost miraculous power produced reputation and character that has broken down prejudice and triumphed over every obstacle, and become one of the standard articles of commerce. So great has been the demand that we are unable to supply—and we have had the satisfaction of knowing that we manufacture more in one week than all of our opponents have in a year.

Principal Office, 120 Fulton St., Sun Buildings, N. Y.; South Pearl St., Albany, and for sale by all the principal Druggists and Merchants generally throughout the United States, West Indies and the Canadas.

ISAAC E. BARRY,
General Agent for E. Tenn.

Forest Hill Academy.
THE WINTER SESSION of this Institution will commence on the First Monday in September, under the superintendence of Mr. CHARLES P. SARGENT, assisted by his Lady, and close the last of January.

Mr. Sargent's ability and faithfulness as a competent and efficient instructor, have been thoroughly and satisfactorily tested within the last sixteen years. The Trustees can, therefore, safely recommend this Institution to the consideration of those who desire their sons and daughters to be well taught.

TERMS, per Session of Five Months. Payable at the end of the session:
Spelling, Reading, Writing and Arithmetic, \$5.00
English Grammar, Geography, and the above, \$5.00
Latin and French Languages, Mathematics, Natural Philosophy, Moral Science, Astronomy, &c., 10.00

One load of wood or 75 cts. to each scholar will be required during this session. By order of the Board,
CHAS. METCALFE, Sec.
Aug. 10, 1849—11

KNOXVILLE FEMALE SEMINARY.
THE next session of this Institution will begin on Monday, the 10th of September next, in the new building recently erected in the edge of city. This building is situated in a beautiful grove of two acres, and has a suite of seven rooms: one of which is 60 feet by 35 feet. This stock of Chemical and Philosophical Apparatus is already quite large and will be increased during the coming session—There are three Pianos, instead of one as usual, and the arrangement for Modern Languages are also excellent.

Pupils will be received at any time, and charged only from the time of entering to the close of the session. All young ladies who will give assurance that they will study at least two years, will be instructed gratuitously in the Literary and Scientific Departments. The prices of tuition are the same as heretofore.

What competent judges think of the Seminary may be learned from the following card presented by the Rev. H. Sears, Rev. Thos. W. Humes, Rev. J. H. Myers, Hon. W. B. Reese, James Park, J. L. King, W. Swan, J. W. Campbell and W. S. Kennedy, Esq.

A CARD.
The examination of the Senior Class of the Knoxville Female Seminary for young ladies, which we had the pleasure of attending on Thursday last week, was such as fully to realize the expectations of all present, sufficiently thorough on the part of the teachers and well sustained throughout on the part of the pupils. We are able to speak of it in terms of unqualified approbation. The talents, industry and cultivation shown by the class were highly creditable to both themselves and the institution, and richly entitled them to their graduating honors. The exhibition of their manual skill and knowledge was tasteful, and proved them to have attained a high point of accomplishment in this most delightful of all the arts.

We are truly gratified at the increasing evidence of the high position which this school under its present auspices will inevitably assume. It is happy methods of instruction and refining influence upon the character of its pupils can not fail to be appreciated by a discerning community.

H. SEARS, Thos. W. Humes, W. B. REESE, Jas. Park, J. L. King, W. SWAN, J. W. CAMPBELL, W. S. KENNEDY, Editors.

July 10, 1849.
The present corps of Instructors consists of five. **R. B. McMULLEN, Pres't.**
Aug. 17, 1849—47

EAST TENNESSEE FEMALE INSTITUTE.
At Knoxville, Tenn.
THIRTEEN are now 130 pupils in this flourishing Institution. In its present organization, the Institute offers every advantage and facility necessary to a thorough education of young ladies. The Faculty of the Institute consists of—
D. R. McANALLY, A. M., Principal and Professor of Moral and Intellectual Science.
W. F. HARRIS, A. M., Professor of Languages.
A. BARNES, A. M., Professor of Mathematics and Natural Philosophy.
Mrs. M. A. P. McANALLY, Governess and Teacher in Drawing and Painting.
Miss G. H. McANALLY, Teacher of Music on the Piano.
Miss E. S. McANALLY, Principal of the Preparatory Department.

Tuition fees for five months are: Primary Department, \$5 Higher " from 10 to 15 Music—Piano, 20 " Guitar or Accordion, 10 Vocal Music taught to the school without extra charge. There are connected with the Institution, Maps, Globes, Philosophical and Chemical Apparatus, Zoological Collection, various specimens of Minerals, Fossils, &c., to illustrate and impress upon the mind presented, the principles taught in the different sciences.—Great attention is given by the Faculty to see that pupils employ their time in studying, and parents may feel assured that pupils cannot remain at this Institution, unless they discharge faithfully all their duties.—Board in private families from \$1.50 to \$2.00 per week. The Principal has a large dwelling near the Institute, and is prepared to accommodate 20 young ladies with boarding. A young lady having passed through the course of study prescribed, in a creditable manner, is entitled to a Diploma.

N. B. Application for entrance into the Institute should be addressed to the Principal, Knoxville, Tenn.
April 27, 1849—11

BOARDING HOUSE.
MRS. MARY A. HOUSTON having, at the solicitation of some of the friends of Forest Hill Academy, consented to open a Boarding-house again, would respectfully solicit a share of patronage. Her residence is in a pleasant part of the town, and convenient to the Academy, and no pains will be spared to render all comfortable who may favor her with their patronage. Her terms will be very moderate.

THE LATEST ARRIVAL.
New Firm.
BRADFORD & DODSON
HAVE associated themselves in the Mercantile business, and would inform their friends and the public generally, that they have received and offer for sale, at the old stand of J. F. Reeder, a large and beautiful supply of

SPRING AND SUMMER GOODS,
which they will dispose of as good terms as they can be found any where in the State of Tennessee. It is needless to enumerate articles, as they have everything usually brought to this market. Their stock is selected by an experienced hand, and persons desirous of getting good Goods at low prices, will find it to their advantage to give them a call before purchasing elsewhere.—The Ladies particularly are invited to call, as their stock of Dress Goods is very complete. (Cutting and Repairing done on the best terms and at the shortest notice.)
Jan. 28, 1849—11

CHANCERY COURT AT ATHENS.
August Term, 1849.—Attachment Bill.
James Parks and Joseph Cobb, vs. John N. Gamble.
In this cause the death of Jno. N. Gamble, &c. the respondent, being suggested by complainants solicitor, and it also appearing to the satisfaction of the Chancellor that William Gamble is one of the heirs and distributees of said John N. Gamble, and that his residence is unknown—it is therefore ordered by the Chancellor that publication be made for four successive weeks in the Athens Post, a newspaper printed in Athens, that the said Wm. Gamble make his personal appearance at the next term of said Court, to be held at Athens, in McMin county, Tennessee, on the 31 Monday in February next, and show cause, if any he has, why this cause should not be received against him.

Knoxville, Dec. 8, 1848—11 11

SADDLERY.
NEW CONERN!
THE subscribers would respectfully inform the public that they have commenced the **SADDLERY and HARNESS MAKING BUSINESS**, in Athens, Tenn., in the brick shop on the N. side of the Public Square, formerly occupied by James Mayo, where they will keep constantly on hand an assortment of Saddles, Bridles, &c. From long experience in the business they flatter themselves that they can furnish the people of this section with better articles in their line than they have been in the habit of purchasing for the same money.—They use none but the best materials, and all jobs will be executed in a workman like manner, and those who purchase from them may calculate on getting the worth of their money.—By manufacturing good work at low prices, and constant attention to business, they hope to merit and receive a liberal share of public patronage.
RICHARD HALEY & Co.
Feathers, Beeswax, Tallow, Corn, Beef Hides, Pork, Bacon, Limesy, Flax and Tow Linnen, &c., taken in exchange for work at market prices.
Athens, Feb. 2, 1849—11 19

NAHLS AND BRADS.—75 Kegs Nails and Brads, on hand and for sale by
McEWEN & GILLESPIE,
Athens, Sept. 14, '49—11 51

TO ALL WHOM IT MAY CONCERN.

THE undersigned, having removed from Virginia to McMinn county, Tenn., seven miles South-west of Athens, near John Matlock's, presents himself to the citizens of this and the surrounding counties as a

PLASTERER,
who having secured a regular apprenticeship and had many years' experience in his line of business, together with the reduced prices at which he proposes to work, he flatters himself he shall receive a liberal patronage at the hands of an industrious community. He pledges himself to finish off his work in a style of neatness and durability equal if not superior to any work in East Tennessee.
For reference, apply to G. W. Mabry, Knox co.; A. R. Armstrong, R. F. Cummings and J. Jarman, Anderson co.; J. Rinkaid and I. C. Petre, Campbell co.; J. Ramsey, M. & Rev. T. Brown, Monroe co.; Henry Rice, M. & L. Phillips and M. C. Hawk, McMinn co.
Any person wishing to employ him, can communicate by mail and direct to Athens, Tennessee.
B. H. BROWN.

WANTED.—Two apprentices to the above business. Young men desiring to learn the trade can meet with a good opportunity by applying to the subscriber.—Boys about 17 years of age, of good moral character, would be preferred. **B. H. B.**
March 2, 1849—11 23

Attend to This, AND NO MISTAKE.
ALL persons indebted to the late firm of JOHN F. REEDER, either by note or otherwise, will call and make payment immediately, as longer indulgence cannot nor will not be given. I say this once for all. And those who are indebted to James F. Bradford alone will call and settle their accounts either by note or otherwise. If not immediately settled up, you may look for your notes and accounts in the hands of an officer, for money I must have. **JAMES F. BRADFORD.**
July 13, 1849—11 42

NOW FOR BARGAINS!
THE SUBSCRIBER returns his sincere thanks to the Public generally for the very liberal support he has heretofore received. He informs his friends and all others who wish to purchase articles in his line of business, that he still continues to manufacture at his old stand, in Athens, Saddles, Saddlebags, Bridles, Portmanteaux, Travelling Trunks, Coach, Buggy and Wagon Harness of every description.

For durability and neatness, cannot be surpassed by any in East Tennessee, and on the most accommodating terms.
ALSO,
In connection with his brother, continues to make to order, Coaches, Barouches, Buggies, Carriages, and every other article in that line of business. Carriages of every description repaired. He hopes by strict attention to business, and a determination to please, to secure the patronage of the public. Come on with your RHINO Horns, and I will insure good bargains.—Corn, Beef, Pork, Feathers, Beeswax, Cloth, &c. will be taken in exchange for work.
EDWIN A. ATLEE.
Oct. 27, 1848—11 5
