The accident happened in front of the Sheldon hotel.

The Musician's Favorite

Professional musicians and expert piano players favor the small grand piano. They are the only perfect piano, and should be used by those aspiring to become finished pianists. The action is so elastic, the tone absolutely perfect, making playing a real pleasure rather than a task. In the Sohmer we have their Louis XV. Art Grand, used by the world's greatest artists. We have the Ivers & Pond Princess Grand, famous the world over. In order to introduce our exceptionally fine line of Grand Pianos we are going to sell them at from \$600 and upwards. We take old instruments in exchange as part payment, allowing all they are worth. Ask for our easy payment plan.

We cordially invite Musicians, Music Teachers and piano buyers to call and examine our exceptionally fine stock of grand and upright pianos at our new location, corner Texas and Stanton streets.

Catarrh

Mr. A. R. Chase, 11 Bridge street, Nashua, N. H., wants to tell catarrh sufferers what Hyomei did for him. He writes: "About six years ago I first began using Hyomei. I was at that time badly affected with catarrh, had been for over twenty years, had been to doctors three without number who, of course, would help a little while, and then I would soon be as bad as ever. I had become a nuisance to my family and friends, would cough, hawk and spit all night, and it was generally believed I was soon to become a victim of consumption."

NOTHING TO PAY IF HYOMEI DOESN'T CURE

I can testify I have been thoroughly cured by breathing Hyomei. I always keep Hyomei on hand, however, for use when I catch cold only, and after six years experience in my own case and hundreds of others I have recommended, I can safely say it is all you claim for it.

No stomach dosing when you use Hyomei (pronounced High-o-me). Pour a few drops into the little hard rubber inhaler and breathe it in. It kills the germs; soothes the raw and sore membrane and cures catarrh.

Complete outfit \$1.00, including inhaler; extra bottle of Hyomei 50 cents at drugists everywhere, and at Kelly & Pollard's. Mail orders filled by Booth's Hyomei Co., Buffalo, N. Y.

PECOS FARMERS PAY WATER DUES

Satisfactory Conditions in Valley—Dry Weather in Range Country.

W. M. Reed, district engineer of the reclamation service, has returned to the city after a week's absence. He has been at Roswell, N. M., and other points in the Pecos valley on routine business connected with the reclamation service.

Mr. Reed reports good farming conditions in the valley on the irrigated lands and states that the farmers in that section are establishing a record in the reclamation service in the payment of their water dues. "About 5 percent of the first installments have been paid," said Mr. Reed, "and that is as good as could be found in the reclamation service anywhere. It is my observation," he continued, "that the farmers who have a medium acreage are the ones that are in the best condition, judging from the prompt payment of the installments."

"As regards the range country, however, there is a different report. Already the effects of the continued dry weather are being felt."

The El Paso Optical company has stocked up with a special line of telescopes and field glasses, enabling one to get a clear view of a phenomenon which none of us will live to see again. You can get a telescope as low as \$2.50 and as high as \$40, and not alone will you be able to use it these early mornings to see the comet, but your vacation this summer will be more enjoyable. The window on Little Plaza will show you a few instruments. Go in and ask Segal for some detailed information on telescopes. He will be glad to answer questions.

FINE LEGAL POINT INVOLVED IN CASE

District Attorney Unable to Decide as to Proper Indictment.

District attorney W. D. Howe has a most perplexing question to solve, and though assisted by several members of the El Paso bar, he has been unable as yet to arrive at a definite decision as to whether a certain offense is swindling or forgery. The man was not injured. It is stated that James Lowry, under indictment on a charge of burglary, opened an account with a local bank in the name of the Boston Tailors, the checks to be signed by George E. Conklin, he being Conklin. He withdrew all his money from the bank and then drew several checks in the name of the Boston Tailors, per Geo. E. Conklin. The district attorney says he cannot decide if this use of an alleged fictitious name should lead to putting a charge of forgery or swindling.

MEXICAN BURIED TO ARMPITS IN SAND

Near Catastrophe Occurs at Scene of Excavations for Apartment House.

Salvacion Gonzales, a Mexican laborer employed in the excavation work at the site of the new Eggers apartment house on North Oregon street, was buried to the arm pits Tuesday when the sides of a ditch caved in.

Only the loose dirt fell and while a number of laborers worked heroically to get their companion out, others held back the heavy clods, which if they had fallen would have crushed the laborer to death. Some of the clods were so large that it required a sledge hammer to break them. The man was not injured. He reported for work Wednesday morning.

having essayed to assume all authority in the selection of teachers and the conduct of the schools. This action on the part of the school board caused a protest on the part of citizens who believed that political authority over the protest of these citizens should be kept out of the public schools and when a meeting was held in the city council chamber to protest against

the action a personal encounter between Mayor Sweeney, who backed the arbitrary action of the school board, and former judge J. M. Goggin was narrowly averted. However, the protest of the citizens was of no avail and the superintendent was stripped of his authority over the protest of these citizens in one of the stormiest sessions ever held in the council chamber.
