

DR. D. F. HOUSTON WAS INTALLED

TODAY AS PRESIDENT OF THE
UNIVERSITY OF TEXAS—GREAT
ADDRESSES WERE MADE.

Special to the Herald.

Austin, Texas, April 19.—The inauguration of Dr. David Franklin Houston as president of the University of Texas was a great day for the institution. Many alumni and friends were present, together with representatives of leading institutions of learning throughout the country. The exercises took place in the auditorium, which was elaborately decorated with the university colors—white and gold—and a lavish use of potted plants and cut flowers.

An invocation by Bishop Kinsolving was followed by an introductory address by Governor Lanham. The address for the alumni was made by Hon. Thomas T. Connally, and for the faculty by Dr. George P. Garrison.

Other speakers were Chancellor James H. Kirkland of Vanderbilt University, President George E. McLean of the State University of Iowa, Superintendent of Public Instruction R. B. Cousins, and President Benjamin Ide Wheeler of the University of California.

The address of installation was made by the Hon. T. B. Henderson, chairman of the board of regents. At the conclusion of the formal exercises President Houston delivered his inaugural address, in which he reviewed at length the history of the University of Texas, its present needs, and outlined the policy of his administration.

This evening the distinguished educators and other visitors are to be entertained by the citizens of Austin at a reception at the Driskill Hotel.

David Franklin Houston, the new president of the University of Texas, comes to that institution from the Agricultural and Mechanical College of Texas, of which he has been president since 1902. He was born in North Carolina and graduated from the South Carolina College in 1887. Later he took courses at Harvard University and Tulane University. For several years he taught at South Carolina College and later was superintendent of the city schools of Spartanburg, S. C.

IMPORTANT TO PALESTINE.
Profit by This and Find Safeguard
Against Many Ills.

Nothing is more important to Palestine than the good health of her people. How can they fill their place in the busy town unless they are well?

No one trouble is responsible for more nervousness, sleeplessness, general debility, weakness, backaches, rheumatic pains, even ill temper and jealousy, than indigestion. Fortunately, a combination of remedies, called M-I-o-n-a stomach tablets, has been discovered that absolutely cures indigestion and restores to health and strength the whole digestive system.

So reliable is M-I-o-n-a in curing all forms of stomach weakness and trouble that Bratton Drug Co. gives a signed guarantee that the remedy will cost nothing unless it cures. M-I-o-n-a sells for 50 cents, and is invaluable to any one who suffers with indigestion, nervousness or weak stomach.

CARLIST CAUSE BECOMING ACTIVE

IN SPAIN JUST NOW.—ATTITUDE
MORE MENACING THAN IN
MANY YEARS PAST.

Special to the Herald.

London, April 19.—Information has been received in London from a reliable source to the effect that the Carlists are very active in Spain just now, and that their attitude is more menacing than it has been for many years past. The coming royal marriage is viewed with extreme disfavor by many sections of the Spanish nation, who have never forgiven England for the part she played in the Spanish-American war, and the late Lord Salisbury's offensive reference to a "decaying nation."

Many of those who are strongest in their objection to King Alfonso marrying an English princess are said to be throwing themselves into the Carlist cause, and a deep-seated movement is believed to be on foot throughout Spain to undermine the present dynasty, and to strike another blow for Don Carlos and his family.
