PARK DEEDS ARE PASSED

The City Is Now Owner of the Tract For Park Purposes Purchased of Mr. A. C. Green.

The deed has been signed up, approved, and the money paid over for the tract of land bought of Mr. A. C. Green for park purposes, and located in the northern part of the city. The cash consideration was \$3000.

The papers for the Reagan Park tract, bought of the Michaux Park Land company, have not yet been passed over to the city, but will be as soon as the necessary details are arranged.

The park site bought of Mr. Green will make a beautiful park without any very great improvement, as it is a natural park of rare beauty.

Things That Kerosene Will Do.

Kerosene is an unpleasantly odorous commodity, but it has many uses that the housekeeper should know of. Here are some of them:

A little kerosene rubbed over the nickel on the kitchen range will clean it better than any metal polish and leave no scratches.

Use kerosene with your silver polish. The silver will clean much easier.

Apply kerosene to a burn if the skin is not broken. It will take the fire out and give relief.

Try cleaning finger marks or other dirt spots on paint with a little kerosene. It will remove the dirt and not injure the paint like soap.

Use a little kerosene on a clean cloth to wipe off the top of the mop boards. It will not disfigure the wall paper like soap and water.

Add a few drops of kerosene to the water in which you wash your windows. It will make them look clear and bright.

If your sink gets rusty, wipe it over with kerosene.

Clean the zinc under the stove with kerosene and note the result.

Piano Tuning.

I have done as much work the past summer as I wanted to. In fact, I have had to keep my tuning fork on ice to keep it from melting, but it is getting some colder now, and if any of my old customers want their pianos tuned or any new customers will trust me with their work, I will be glad to do it. I guarantee my work and will give entire satisfaction or money refunded. I have a limited time in Palestine to do this work, and have no time to solicit, so if you want me to do your work just drop me a card or leave orders with W. H. Kingsbury or W. E. Swift and I will give the matter prompt attention.

Yours for good, honest work,
H. M. Jones.

WASH THAT ITCH AWAY.

It is said that there are certain springs in Europe that give relief and cure to Eczema and other skin diseases. But you need not leave home for these distant springs. Relief is right here in your own home town!

A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and healthy as that of a child.

If you have not already tried it, get at least a 25 cent bottle today. We assure you of instant relief.

BLOOD STANDS STILL.

Piles Cannot Be Cured Until Circulation Is Restored.

It is useless to try to cure piles by operating or use of salves of suppositories—as long as the blood is stagnant in the lower bowel, new tumors will continue to form. Clear the blood—free the circulation. Then piles will leave for good. A successful, scientific, internal remedy is Dr. Leonard's Hem-Roid, sold under guarantee by Bratton Drug Co., Palestine, Texas. Hem-Roid does its work thoroughly. \$1 for 24 days' treatment. Dr. Leonard Co., Station B, Buffalo, N. Y. Write for booklet.

Queen Wilhelmina of Holland To Raise Goats In Alabama

Queen Wilhelmina of Holland has decided that there is money in raising Angora goats in the United States. Holland's queen has invested many millions of dollars in this country, and now she is going to start raising Angora goats on 12,000 acres of Alabama land. This land is owned by an iron and coal company in which the queen is a large stockholder. She suggested to the officials that while men were digging underground the goats could be raised without much trouble. An investigation was made as to climatic conditions, and experts reported that the scheme should prove to be a paying investment.
