LA HUERTA FARM SELLS FOR \$17,500. Mennonites Plan Colonizing in Vicinity of Carlsbad in the Project. Carlsbad, N. M., Jan. 15.—I. J. Donaham of Caldwell, Kas., has purchased G. W. Hudburgh's farm in La Huerta for \$17,500 and has bought the horses and farming implements for \$1000 additional. The farm consists of 100 acres. In 1892 Bremond brothers bought the tract and improved it at a cost of \$2500. Since then it has changed hands several times, always increasing in value. Mr. Hudburgh paid \$12,000 for it and has sold it at a profit of \$4500. Mennonites continue to look over the lands in this vicinity with a view to locating here. During the past week three parties of Mennonite home seekers have been shown over the project in automobiles and it is believed a considerable number of them will buy and locate here. Charles G. Nicholas and wife, William Ripley Nicholas and wife and Miss Beattie Nicholas, with a retinue of servants and a private car have arrived from Pelham Manor, N. Y., to be the guests of Capt. E. P. Bujac. The annual election of directors of the Pease Water Users' association will be held Tuesday at the office of the association in Carlsbad. CATARRH A SYSTEMIC BLOOD DISEASE

Catarrh is not merely an affection of the mucous membranes; it is a deep-seated blood disease in which the entire circulation and greater part of the system are involved. It is more commonly manifested in the head, nose and throat, because of the sensitive nature of these membranes, and also because they are more easily reached by irritating influences from the outside. The symptoms of Catarrh, such as a tight feeling in the head, nose stopped up, throat clogged and dry, hacking cough, etc., show that the tiny blood vessels of the mucous membranes are badly congested and inflamed from the impurities in the circulation. To cure Catarrh permanently the blood must be purified and the system cleansed of all unhealthy matter. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the bottom of the trouble and makes a complete and lasting cure by PURIFYING the blood. Then the inflamed membranes begin to heal, the head is cleared, breathing becomes natural and easy, the throat is no longer clogged, and every unpleasant symptom of the disease disappears. S. S. S. is the greatest of all blood purifiers, and for this reason is the most certain cure for Catarrh. Book on Catarrh and medical advice free to all who write.

SENTENCE SERMONS IN PULPITS OF EL PASO

To pay the tenth part of our income besides the giving of tithes will offerings to the church is God's plan that has never been abrogated, and this obligation rests upon one and all; it is the proper recognition of God's ownership and the only equitable basis and solution of our financial duty to the kingdom of God.—Rev. Frank W. Otto, at First Methodist Church.

Some preachers say the death of Christ amounts to but little with them, but I say, that it amounts to everything with me.—J. B. Cochran, presiding elder of El Paso district at Trinity Methodist church.

The Baptists are accused of holding baptism essential to salvation, and yet, for 1000 years they suffered martyrdom for the doctrine that baptism was not essential to salvation.—Rev. R. T. Hanks, at Calvary Baptist church.

To be "in Christ," is to be so lost in Him that one receives from Him the determining gifts of thought and inspiration, and in this respect, there is nothing more mystical about the relationship, than that which exists between the political, literary or religious leader and his followers.—Rev. C. L. Overstreet at First Presbyterian church.

The devil doesn't care how many human lodges you join, but he will do all in his power to keep you out of the lodge of Jesus Christ, which is the church of the living God.—Rev. Henry Ester at St. Clement's Episcopal church.

As Moses led the children from Egypt and established a Jewish church or kingdom, and was their law giver, leader, judge and mediator, so Jesus Christ, during His personal ministry, established His church which has to continue to the end of the world with Him as the only king and lawgiver, and head over all things to His church, which is to be governed only by His laws.—Rev. L. R. Millican at First Baptist church.

I like the idea of sentence sermons; it is a good one; but I cannot give one on Sunday.—Rev. J. J. Bullen of Houston Square Baptist church over the telephone to The Herald editorial room.

While we do not worship our ancestors as do the Chinese and Japanese, we do realize the necessity of giving an account of them in order to show us the better life.—Rev. J. H. Sutherland, chaplain of Fort Bliss at Westminster Presbyterian church.

Jesus, the man of humble birth, the former carpenter of Nazareth, evidently dreamed of a world empire and His dream is fast approaching realization.—Rev. J. H. Garrison, of St. Louis, Mo., at First Christian church.

UNION MEN TALK ABOUT POLITICS

Take Some Raps at Mayor and Promise to Put Out Some Candidates.

Politics was the subject for discussion at the union labor smoker Saturday night.

During the course of the evening it was decided by all unions to refund dues in the sum paid for poll taxes and all members were urged to secure their right of suffrage.

While addressing the meeting one member said: "After the Buckler building fire, when that building was being reconstructed, there was a strike of the sheet metal workers and mayor Kelly refused to permit the members of the union to go up on the roof of the building and talk to the men working there and even went so far as to prevent union metal workers from talking to nonunion men on the street. What the hell kind of mayor have we anyhow?"

Another delegate, a Mexican, said before election mayor Kelly always snubbed him and invited him to have a drink, but that after the election, "he no know me."

Gutierrez De Lara, the advocate of revolutionary doctrines in Mexico, made a speech during the course of which he stated that the revolution in Mexico will win; of that we are confident, and when they do win, it is my purpose to organize the laborers into unions and then they will not work any more for 50 cents a day, they will receive from \$5 to \$8 a day."

It was also decided to vote against "the ring" and a fight will be made to elect two union men to the city government. It was not definitely decided for what office the candidates would be nominated but two men will be chosen later and will get the support of the union members—if what they said Saturday night is carried out at the polls.

LETTER FROM A UNION MAN.

Following letter to The Herald relative to the meeting has been received: Editor El Paso Herald:

As was announced in the Saturday Herald of the 14th inst., the mass meeting of the various unions of the city of El Paso was held at Union Labor hall, corner Overland and El Paso streets, and a general good time was had by the working men of El Paso.

The meeting was probably \$50 in all attending. It was a family gathering of working men, all of one mind, gathered together for a purpose and that purpose the boosting of our city and the betterment of all our people.

The union man holds no unjust grievance nor is he hatefully antagonistic towards any individual in this city, but being a citizen and helping to bear the burdens of the state, he should be recognized as such and given an even break to make an honest living for himself and those dependent on him.

He feels that being a prime factor in the upbuilding of a great commonwealth that he and his kind should have precedence over non-residents, non-citizens and foreigners. He is a man for justice and though he is only human and sometimes makes mistakes, he knows full well the difference between right and wrong and you will generally find him on the right (human) side. He feels that the affairs of this city have not been run on an equal basis for a long time; that only a few have anything to say as to how the laws shall be enforced on the welfare of the whole people; and that the concern of one is (or should be) the concern of all and that a house divided against itself cannot prosper and I can give it to you as a straight tip and a sure bet that the union man's vote in the coming elections of 1911 will be for the best man and the best interests of El Paso, regardless of party or party affiliation.

The laboring men are paying their tax and will be ready to vote when the time comes. Very few if any of them care for office themselves, and I think I know what I am talking about. I am one of the oldest union men in this city and believe that the voice the sentiment of 98 percent of the union men when I say that all we want is public servants who will honestly and impartially serve the whole people according to their oaths and promises. We know there are plenty such men in this fair city, so if you want out vote, put up these men.

Chas. F. McDonald.

SOCIALIST TALKS ON MEXICAN WAR

De Lara Says He Will Soon Be Speaking in Capital of Mexico.

"I will be speaking in this way in Ciudad Juarez before the end of next month, and a month later I will be speaking in Mexico City," said L. Gutierrez de Lara, a Mexican Socialist, who spoke Sunday night from the steps of the El Paso courthouse.

The prediction brought cheers from the crowd of more than 1000 persons, which literally packed the grass plots and sidewalks in front of the building.

The addressed contained something on socialism, unionism and a few hard digs about the present revolutionary movement in Mexico. As on former occasions here, de Lara spoke in Spanish, but Thursday night he will make an address in English from the steps of the courthouse. The talk in English will be on "The History and Origin of Revolutions in Mexico."

At the end of the open air meeting Sunday a collection was taken, partly for the benefit of the traveling lecturer, and partly for the relief of the families of Mexican revolutionists, and to buy medical supplies for those in the field. About \$20, one-half of the amount collected, will go to this fund, which will be for the benefit of the families in El Paso of those who have joined the "new cause." Last week more than \$30 was raised for the same purpose. De Lara was presented with a bouquet of flowers dedicated to "The Martyrs of El Paso," where many women in the crowd and small girls took up the collection.

SHIP 600 CARS OF WEST COAST FRUIT

Complaint Made That Express Rates to Tucson Are Excessive.

Tucson, Ariz., Jan. 15.—That the season's shipments of fruits and vegetables from the west coast of Mexico will total 600 carloads, is the statement of George F. Jackson, assistant general freight agent of the Southern Pacific of Mexico.

The shipments are being made through Tucson and Benson to eastern and northern markets, many of the orange shipments going through the states in bond to Canada, where they are admitted duty free. The orange shipments are being made principally from Hermosillo and Yucila.

Charles N. Wilson, president of the Cababi Mining company, is here from Indianapolis, Ind., for an annual meeting of the company today. Plans are being considered for extensive development during the year, it is said.

A complaint filed by the Arizona railway commission with the interstate commerce commission alleges that the Wells-Fargo company is charging "unreasonable, unjust and discriminatory rates to Tucson from eastern points, in view of the rates which it charges to Phoenix, Tempe and Mesa." Every other city in Arizona except Phoenix, Tempe and Mesa are concerned in the application for lower rates.

ONE KILLED, ONE FATALLY INJURED IN FAMILY QUARREL

Oklahoma City, Okla., Jan. 15.—A. O. Christensen, electrical engineer, is dead; T. D. Anderson, plumber, is fatally wounded; Mrs. Nora Updike is held by the police as an accessory, and B. D. Updike, her husband, a detective and a full nephew of ex-governor Charles N. Haskell of Oklahoma, is being sought, charged with a double murder.

Anderson is a brother-in-law of the alleged murderer, and before he became unconscious from loss of blood from a lung wound, made a statement that Updike had shot him and Christensen when the latter interfered to prevent Updike further beating his wife.

The crime occurred at 8:35 o'clock last night. Updike's mother was governor Haskell's sister, but the governor had nothing to do with him.

Joe Gardner of Sierra Blanca, the champion steer roper, is spending a few days in El Paso. He is accompanied by his wife.
