THE TEXAS IMMIGRATION PROBLEM. PENA STATION, TEX., April 2, '88. Editor FREE PRESS:—I thought I would drop you a few lines to give you the opinion of some of the citizens of south west Texas in regard to what is commonly called the Texas Emigrant boom.

INTERSTATE MIGRATION. [We find the following interesting and instructive article in the Manufacturers' Record, of Baltimore.—Ed. FREE PRESS.] Among the many interesting truths brought out by the tenth census was one showing "the astonishing readiness with which our people move under the smallest economical or social impulse."

GOOD INFLUENCE OF BUSINESS WOMEN. The entrance of women upon so many different occupations has no doubt been of great benefit to the women themselves. THE NEW YORK EVENING POST. WEEKLY EDITION. In accordance with its traditional policy of opposing unjust and unnecessary tariff taxation, the New York Evening Post will begin, about the first of May, to issue a weekly edition (12 pages), having for its principal aim the promotion of Revenue Reform.

THE EVENING POST. 208 Broadway, New York. The April issue of the Eclectic Magazine appeals strongly to the taste of thinking and cultivated readers. Prof. Hazley's opening paper on "The Struggle for Existence" is a brilliant application of the evolutionary theory, put with all the literary art of this great scientific authority.

PITH AND POINT. Out of sight—The blind man. Old King Coal is a grate monarch. Frenchmen never dance the german. A morning paper contains an advertisement for "a boy to do heavy work." He is wanted to assist in baking railroad doughnuts, probably.

CATARH. Is a very prevalent and exceedingly disagreeable disease, liable, if neglected, to develop into serious consumption. Being a constitutional disease, it requires a constitutional remedy like Hood's Sarsaparilla, which, acting through the blood, reaches every part of the system, effecting a radical and permanent cure of catarrh in even its most severe forms.
