

LABOR MAN TO OPPOSE BOLIN

Hunt's Friend Will Have No Easy Running For Mine Inspector.

Phoenix, Ariz., Feb. 11.—Though Gov. Hunt is assured of the support of organized labor in his campaign for re-nomination and reelection, his old friend, state mine inspector E. H. Bolin, is not so fortunate. Hunt has been in-formed by labor leaders that the unions are going to support Ed S. Grant, a mine-employer by the Inspiration Copper company at Miami, in opposition to Bolin. This is not pleasing to the gov-ernor, for Bolin has been of great as-sistance to him in former campaigns, not only in his home camp of Blaine-but in other towns where the present inspector is popular.

Bolin was appointed mine inspector by Hunt when the office was created and was elected to the place two years ago.

In After Commission. Advice from the north side that Hunt's managers on the floor of the house of representatives last spring, in opposition to Bolin, was that if it is necessary for them to wait until Mexico pays their claims, they will be deprived of the use of money due them.

The claims and amounts which were allowed by the board of claims are as follows: Adolfo Varela, \$500; Virginia Moorhead, \$300; Abundio Soto, \$400; Edwin G. Heaton, \$200; Celia Griffiths, \$15,000; A. R. Chandler, \$12,000; Emma Larson, \$1000; Elmer E. Crowe, \$5000; Frank W. Williams, \$5000; John W. Keate, \$5000; Joseph W. Harrington, \$15,000; William B. White, \$2000.

The Democratic primary. It is now known, however, that W. A. Moody of Graham county, member of the old land commission and now a land sec-tor under the present commissioner, is thinking seriously of opposing John-son.

Spain, Italy and Turkey are the only countries in Europe which do not pay their members of parliament.

JUAREZ BATTLE CLAIMS URGED

Senator Sheppard Asks Con- gress to Pay \$72,000 to El Paso Victims.

Claims of El Paso persons who were injured during the battle of Juarez, in the Mexican revolution, have been pre-sented to congress in the form of a bill introduced in the senate by United States senator Morris Sheppard. The claims amount to \$72,000 and are based on the report of the claims commission which investigated all claims filed with the United States government asking for redress from Mexico because of the injuries received from bullets fired in Juarez which fell in El Paso.

L. S. to Pay Claims. The bill asks the United States to pay these claims and seek the total amount from Mexico without the United States assuming responsibility for the injuries received on this side. It is urged that many of the claimants need money and that, if it is necessary for them to wait until Mexico pays their claims, they will be deprived of the use of money due them.

The claims and amounts which were allowed by the board of claims are as follows: Adolfo Varela, \$500; Virginia Moorhead, \$300; Abundio Soto, \$400; Edwin G. Heaton, \$200; Celia Griffiths, \$15,000; A. R. Chandler, \$12,000; Emma Larson, \$1000; Elmer E. Crowe, \$5000; Frank W. Williams, \$5000; John W. Keate, \$5000; Joseph W. Harrington, \$15,000; William B. White, \$2000.

The Democratic primary. It is now known, however, that W. A. Moody of Graham county, member of the old land commission and now a land sec-tor under the present commissioner, is thinking seriously of opposing John-son.

Spain, Italy and Turkey are the only countries in Europe which do not pay their members of parliament.

PHRASE IS GIVEN PRIORITY WORK

Budget Fund Trustees Pass Upon Accounts and En-dorse Publicity Work.

The chamber of commerce board of budget fund trustees, in conference Thursday afternoon, allowed items to cover past and current expense to a total of \$582.25, leaving a balance on hand as of Feb. 10, amounting to \$222.84. The matter of part payment for the Texas School of Mines, due Jan. 15, amounting to \$2000, was formally allowed, in view of the approval voted at the previous meeting of the board. For the convention of the American National Livestock association, a total of \$2244.56 was allowed.

Publicity Department Praised. Discussion of the publicity committee, preceded the passing of an item allow-ing \$500 for the chamber's publicity bureau's expenses for January. During the consideration of the allowance for the publicity department enforcement of the work of the publicity committee for the past year was given and en-dorsement of the work and publicity commissioner George H. Clements also was given. Included in the general re-view of the present budget fund was president Burr Ordoroff's statement that the fund now stood at about \$23,000, and that a total of \$50,000 would probably be realized when the canvass of the special wage and means com-mittee had been finished, to occupy per-haps two weeks.

On the matter of the work of the publicity bureau, Ordoroff was con-fident and the attitude of the trustees was cordial. Committeeman James Graham Mc-Nary, when the question of passing the \$500 figure to cover the publicity bu-reau's January expenses was brought up, praised the work of that organiza-tion, in part as follows:

Suggests \$1000 a Month. "Nothing is more important to a city than publicity. Publicity has made this one grow more than anything else. Nothing is more beneficial to the growth of a city than fresh publicity. If we raise a budget fund of at least \$10,000, I think a quarter of that should go for publicity, \$2,500 for the year's efforts along publicity lines; \$1000 a month to do it right."

President Ordoroff lauded the results along publicity channels, as achieved under publicity commissioner Clements, saying in substance:

Getting Good Publicity. "Our publicity bureau gets more space for the money expended than that of any other city in the country. The public-ity secured by our outlay of money demonstrates without reasonable doubt that ours is a wonderful bureau. Clements, at the head of it, has got long articles into such publications in the east and north as the New York Sun, Tribune, Boston Globe, Chicago Tribune and other representative news-papers with an influential circulation in the best places, where results can be looked for with the punch in them."

Other items passed by the budget fund trustees Thursday included the expenditure of \$33 for entertaining 233 railroad men at a Mexican dinner, the members of the Southwestern Claim Agents' association.

Committeemen present included chair-man Robert Kraemer, J. G. McNary, Burr Ordoroff, G. J. Binford, J. S. Lanier, H. L. Simons and W. Norton, and secretary Malcolm A. Frazer.

Well Known Remedy Relieves Chronic Case

Important to Dispose of Waste from the Stomach With Regularity.

People frequently attribute to failure of the digestive organs conditions that are primarily due to inactive bowels, and apply remedies that from their very nature are more apt to aggravate than to relieve the disorder.

When the bowels act regularly the stomach is in better position to perform its allotted tasks and can usually be depended upon. To keep the bowels in condition there is no more effective remedy than the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin which is sold in drug stores for fifty cents a bottle.

Dr. Caldwell has prescribed this remedy in his practice for over a quarter of a century and it is today the standard household remedy in thousands of homes. Mr. Thos. DeLoach, with the Department of the Interior, Office of Indian Affairs, at Washington, wrote Dr. Caldwell recently that "Dr. Cald-well's Syrup Pepsin is the best laxative I have any knowledge of and the clean-ing up guaranteed by its use relieves every organ."

A bottle of Dr. Caldwell's Syrup Pepsin should be on hand in every home.

MR. THOS. DeLOACH for use when needed. A trial bottle free of charge. Obtainable by writing to Dr. W. B. Caldwell, 451 Wash-ington St., Monticello, Ill.

Sick People Sometimes Die From Lack of a Good Stimulant

Especially is this true in grip and pneumonia, for they are infectious diseases which attack weak and strong alike. Serious complications are liable to develop in the course of the disease, as grip settles in the weakest part of the system, sometimes the kidneys, the brain, the stomach or the heart, result-ing often in heart failure, but the most dreaded of all, pneumonia, which is particularly fatal when arising from grip. As one able medical writer says:

"In all severe types of pneumonia there are two sources of danger—heart insufficiency, and high temperature. A large portion of deaths from pneumonia directly result from heart failure."

Duffy's Pure Malt Whiskey

judiciously used is one of the most efficient means of preventing or over-coming it."

The reason it is a remarkable remedy in the treatment and relief of grip, coughs, colds, influenza, bronchitis, croup, pneumonia, and all diseases of the throat and lungs, is that Duffy's Pure Malt Whiskey aids in keeping the digestive functions in healthy condition so that the body gets the necessary health and strength from food eaten—enabling it to throw off disease germs. For more than 24 years it has brought the blessings of health to overworked men, delicate women and the sickly, who find in Duffy's the strength-giving properties that are so necessary to them.

"Get Duffy's and Keep Well"

Sold in SEALED BOTTLES ONLY. Beware of Imitations. NOTE Get Duffy's from your local druggist, grocer or dealer, \$1.00 per bottle. If he cannot supply you, write us. Send for useful household booklet free.

The Duffy Malt Whiskey Co., Rochester, N. Y. No orders solicited in violation of Texas laws.

BANKING BY MAIL

Just as easy to open a savings account with us as though you lived next door. WE PAY 4 per cent interest, compounded Twice Every Year. We do business under the Depositor's Guaranty Law of the State of Texas and are a Guaranty Fund Bank as provided by such Law.

Our plan, in addition to being convenient, is safe, profitable and liberal. Nobody has ever lost a dollar in a State Bank in Texas. Write today for our free booklet, "BANKING BY MAIL." You simply mail your deposit.

Kellogg's Krumbles advertisement featuring a box of cereal and a portrait of a man. Text includes 'ALL WHEAT READY TO EAT', 'LOOK FOR THIS SIGNATURE W.K. Kellogg', and 'The Seal of Quality'.

The world has been eating wheat for thou-sands of years and never knew its full flavor and sweetness until— KRUMBLES! Take a saucerful—add cream or milk—and taste the new, delicious flavor—that natural sweetness which comes out more and more as you chew KRUMBLES. The true flavor and sweetness of the wheat were never brought out before, because no one ever thought of just this KRUMBLES method.

10 cents, in the Kellogg WAXTITE package, which keeps the fresh, good flavor in—and all other flavors out. Look for this Signature— W.K. Kellogg

ACID THROWN ON BABY RAILROAD AND AUTOMOBILE TIME TABLES

RAE LOMBARD

Detectives of New York are looking for an insane person who it is thought is endangering the lives of infants by attempting to throw carbolic acid upon them. Mrs. Nina Lombard reported that she had found the pillow in her infant daughter's carriage wet with carbolic acid. The child, Rae Lombard, 11-2 years old, was unharmed.

Following so closely upon the act of a maniac who last week threw lye on Julius Clemens, three weeks old, while he slept in front of a candy store, the police are making every effort to catch the perpetrator.

STATE UNIVERSITY JEWS ORGANIZE AN ASSOCIATION

Austin, Texas, Feb. 11.—Jewish stu-dents at the State university here de-veloped an organization for develop-ment through its social activities, said president Lown. "It seeks on-ly to help him interpret his Jew-ish social background and to impress upon him a vivid Jewish conscious-ness. The Jewish social group, keep-ing alive his racial unity in this mad storm of evolution, while on the other hand training him for the best type of citizenship."
