Executives going to a conference in their company's Packard. Hundreds of Corporations have standardized on Packard on an economy basis—high mileage per dollar of investment and low running cost over a term of years

Does the Car Buyer Want the Facts

THE late Joseph Choate used to say that lawyers would go out of business if men were not so bent on making the same old mistakes the same old way.

No one need—or can—make the old mistakes in selecting his motor car, if he will look for transportation facts instead of "features" and "talking points."

The strong Packard opinion which he finds on every hand does not express itself in technical details or costly luxury—but in such every-day words as economy, comfort, ability and lasting value.

LET a man figure on keeping his Packard from six to ten years—and he has a material saving in investment, as against the car that must be traded in every two or three years.

Think of the stability of the Packard design! His Packard always a "new model."

His gasoline mileage will be from nine to thirteen, depending on road conditions. Oil mileage, 700 or more to the gallon. Tires, properly cared for, ten thousand to sixteen thousand miles.

The steel in his Packard is worth more than twice as much as the steel in the ordinary car.

The moving parts in the Twin-Six

engine are better balanced than in any other automobile engine. Consequently there is less vibration and less wear on bearings.

WHEN a man buys a motor car he knows pretty well what sort of transportation he expects it to deliver.

Economy does not lie in the direction of temporary makeshifts or compromises.

Packard first-class transportation will give him a definite and permanent advance in his way of traveling. It will cost him less per passenger mile during his whole motoring experience—than even second-class transportation.

14 Years Ago Today From The Herald of This Date, 1900. THE Mormon church is going out of business, according to Salt Lake papers. The principal holding of the church in Salt Lake, the Utah Light and Railway company, is to be taken over by a \$15,000,000 corporation composed of English and American capitalists.

SUITS FOR MEN PRICED LOWER Ordinarily men in El Paso do not expect to buy clothing at a lower price until the end of the season—or in July. Beginning today, you can visit the Men's Clothing Department at the Popular, where you will find a full range of sizes for men and young men.

A Line O' Cheer Each Day O' The Year By JOHN KENDRICK HANGS. LEADERS. ONE thing that's sure to keep us from disaster is just to learn we cannot all be Masters. We'd find our ways were mighty vain and hollow. If all men led, and there were none to follow. 'Tis quite the same for Laggards or for Spicers. The things men lead the most are proper Leaders. And willingness to follow to the summit. The Souls that know the road and overcomes it. Copyright, 1920, by the McClure Newspaper Syndicate.

Don't Experiment with Catarrh; it Often Leads to Dread Consumption You Will Never Be Cured by Local Treatment With Sprays. Catarrh is a condition of the blood and cannot be cured by local applications of sprays and douches; this has been proven by the thousands who have vainly resorted to this method of treatment. Catarrh should not be neglected or experimented with. The wrong treatment is valuable time lost, during which the disease is getting a firmer hold upon its victim, and making it more difficult for even the proper treatment to accomplish results. Though Catarrh makes its first appearance in the nostrils, throat and air passages, the disease becomes more

Want Pink Cheeks—Red Lips? Some unfortunate men and women are prone to wonder why some of their friends are always rosy. The reason for this is not enough red blood corpuscles in the blood—under a microscope the blood is thin and watery. The flesh is flabby, too. Well known physicians assert that the regular administration for several months of three-grain hypo-sulfuric tablets will greatly improve the color, add to the weight, make the cheeks pink and the lips red and in general be very beneficial. For self-administration, obtain from any of the best apothecary shops—Adv.

"Painless Will," The People's Dentist. Cor. El Paso and New Antonio Sts. Over American National Bank, Across Street From Entrance Hotel Del Norte. Hours 9 to 12, Sat. Evenings.

RESULTS FROM HERALD ADS. Look at these two plates and use your own reasoning. The rostrals has suction on both sides (B), soft rubber next to sure gums. Designed to be put in immediately after extraction. It does not touch the hard bone in the roof of the mouth, therefore, it settles with the gums and makes its own bed. No full roof plate can compare with the fit of this plate, as it settles into its bed, lighter, more tongue room, clearer speech. Dr. Williams has been making this plate for ten years, and is thoroughly familiar with its construction. Made only by us in El Paso.
