CURTIZ KILLS GUNNERS FIGHT BETWEEN CITY AND COUNTY OFFICERS

Mayor and Aldermen Decide to Back Hunt, Who Shot Constable and Was Himself Wounded, Provided It Can Be Shown Curtiz Was Interfering With City Man's Duty; County Men Say They Had Warrant.

OFFICIAL inquiry on the part of the city council into the shooting Thursday night which ended with the death of Cruz Ortiz, deputy constable, and the wounding of June Hunt, city patrolman, and T. G. Giron, deputy sheriff, indicates the start of a bitter dispute between city and county factions. Several disputes as to the relative authority held by each have been recorded in the past.

Acting mayor R. C. Semple and the aldermen were closeted Friday morning with W. A. Simpson, acting police chief, and Victor Moore, city attorney, for nearly an hour, during which the various phases of the occurrence were discussed, and a report of chief Simpson received. Newspapers were excluded from the meeting, and mayor Semple declined to go into the report made by Simpson.

His reports thus far received are not complete, and it is not the purpose of the council to make any statement as to future action until full details of the shooting have been placed in our hands, said Mr. Semple. He refused to make a searching inquiry, and it was found that patrolman Hunt was attacked while in discharge of his duty, he was justified, then was intended to stand behind him.

Report Hunt Was Attacked. Investigations thus far conducted and as reported to us indicate that Hunt was assaulted while in discharge of his duty as required by law. It is certain that the scene of the occurrence was on his watch, and that it would have been his duty to handle it or report it, if there was any discrepancy.

The story which has brought about a tense feeling in city and county circles was the pistol duel that occurred Thursday night in South El Paso. Three rounds were fired by one man and the wounding of two others. The fight occurred at a house recently occupied by "Big Boy" Smith, a negro who lived in the 1000 block on South Mesa avenue.

Refusal of officials and witnesses to discuss the shooting Friday increased the mystery and the tragedy and gave credence to reports of a "pitch over" authority.

Ends Old Feud. The shooting, which culminated in a duel between two men, was the result of a dispute over authority in a room on the Smith house, he said by friends of the two men to have marked the conclusion of a long-standing personal feud. The cause of the ill-feeling between Hunt and Ortiz is not known, but it is believed police officers in El Paso for many years.

The theory that the men had engaged in a fist fight before the shooting took place was advanced Friday morning. This theory was advanced in a paper by the fact that the dead man's head is cut and bruised. On the top and left-hand side of the head is a large, three-cornered cut, which looks as though Ortiz had been struck by some metal object. The left ear also was badly swollen and discolored and contained two cuts similar to that on the head.

Dr. E. K. Wright, who treated Ortiz, declared that his death was caused by a ruptured blood vessel. Coroner Clark Wright said Friday morning that the court of inquiry would be conducted behind closed doors in order that the authorities might obtain facts in the case without interference. The hearing began in Wright's chambers at 10 a. m. Witnesses refused to discuss their testimony.

Ortiz Had Warrant. It was learned Friday that Ortiz had gone to the Smith place on a "booby warrant" issued by Judge Wright, directing him to search the premises and to seize any liquor he might find.

Chief of police W. A. Simpson issued the following additional statement Friday: "Hunt, with Albert Herold, another patrolman, went to search the premises and to seize any liquor he might find."

When Ortiz entered the place Hunt demanded: "What do you want here? Where are your papers?" "What do you care?" Ortiz is said to have replied. "It is none of your business, you."

Police who investigated the shooting said that following this remark several shots were fired, but that

NOTES OF WOMEN PIZZE BOTH PARTS

Victory of Suffrage Upsets Calculations of Managers.

SOME SENATORS IN HARD LUCK Suffragists Remember How They Tried to Block All Action.

WASHINGTON, C. Aug. 20.—Classification of the 17th amendment permitting women in all states of the union to vote has unquestionably upset the calculations of the Republican and Democratic managers of the presidential campaign. It may mean an entire change of tactics, certainly it already has brought working conditions into the open. One of these is the certain punishment of Republican and Democratic members of congress who showed themselves unfavorable to suffrage. Another is the vote of the women on the tangible or intangible liquor issues at the various phases of the league of nations controversy.

Now that the fight is over, it is not surprising to say that inside the Republican and Democratic camps there were influential men who secretly hoped the measure would not triumph. The women leaders used to call these persons reactionaries and ultra-conservative, and have that in their mind. The women who were influential in the organization which defied party tradition and partisanship. While many a man has been a life-long Republican, they have been in the habit of changing his allegiance, there has been built up so much fealty on the part of the women. They are inclined, therefore, to be intensely hostile to certain United States senators who have done all in their power to block suffrage, and the women believe that the registration of a social or humanitarian character they will, therefore, use a man's suffrage record as an index of his value to the party.

Nothing worries a political leader so much as inability to vote his constituents in groups, or at least to assume definitely the trend of one district as he can countenance lesser in another. But the women have left no stone unturned to insure that they are hard to organize, in a political sense and insist on a certain amount of publicity in the event of any change in their allegiance. They are hard to organize, in a political sense and insist on a certain amount of publicity in the event of any change in their allegiance. They are hard to organize, in a political sense and insist on a certain amount of publicity in the event of any change in their allegiance.

May Punish Certain Senators. It is the theory that the women will use the term "punishment" as applied to the intention of the United States senators who have done all in their power to block suffrage, and the women believe that the registration of a social or humanitarian character they will, therefore, use a man's suffrage record as an index of his value to the party.

Adjourning of House Is Forced; Reconsideration Beaten.

NASHVILLE, Tenn., Aug. 20.—Suffrage bills were introduced today before speaker Walker made any motion to reconsider the ratification of the federal suffrage amendment. Opponents thus lost their right to offer a motion tomorrow and then to table it, thus making impossible any further parliamentary tactics to reconsider the original action.

After the amendment was ratified Wednesday, speaker Walker charged his "yes" foot on the floor, in order that he might be in a position to offer a motion for reconsideration, but the time expired today.

Judge Joseph Higgins, of Nashville, president of the Tennessee Constitutional league, stated today he had requested to sue out a writ of injunction against Gov. Roberts and the secretary of state restraining them from verifying the resolution to Washington on the ground that this legislature was prohibited by the constitution from acting on the amendment.

Four thousand persons last night attended an anti-suffrage mass meeting at the Nashville auditorium. Plans for a battle on the floor today. The Davidson county grand jury, which has indicted the suffragists, is expected to continue hearing of testimony.

POZZI DEBTS ARE \$7,000,000 OR MORE

Wizard's Affairs Are Put In Hands of Three Receivers.

\$4,000,000 HIS ASSETS, HE SAYS That Is Only Statement Available In the Investigation.

BOSTON, Mass., Aug. 20.—The broken fortunes of Charles Pozzi were placed in receivership by Judge Morton, of the district court, today. The court appointed three receivers. They must qualify to bonds of \$100,000 each.

Accorded, the amount of money paid out by Pozzi in interest and other payments, should not exceed the amount of money given the person who received it. The receivers are William H. Sears, Charles E. Fisher, Perkins, of Milton, and Edward A. Thurston, of Fall River.

These figures include the 39 percent preferred stock of the company. With the probability that settlement of claims will be on the basis of actual investments, the figures will be pared down by approximately one-third.

The receivers also will be called on to decide whether they will proceed against those to whom Pozzi paid the 34 percent profit.

Mysterious Woman In White Makes War On Russian Society

TOKYO, Japan, Aug. 20.—A mysterious "Woman in White" is reported by the Soviet journal, Rabotchi Golos, to be rallying the anti-Bolsheviks against the Soviet in Russia. The woman, who is popularly known as the White Tsarina, is said to be the widow of the late Tsar and declares she is in possession of the miraculous "Stone of Ivarsk" held in veneration by all sections of the Russian people.

In February last, it is reported, she, with a band of followers, seized Chabinsk, cut off railway communication, killed several Bolshevik commissaries and engaged and destroyed some Red regiments stationed in the vicinity of the town. The Soviet is said to have offered a reward of 1,000,000 rubles for the "Woman in White," dead or alive.

Dr. Paul B. Altendorf, Deported From Mexico, Is Due To Arrive Here Today

Dr. Paul B. Altendorf, a Pole, but claiming that he is an American citizen by naturalization, and who during the war served the military intelligence department of the United States as a secret service agent, is due in Juárez this afternoon from Mexico City.

Altendorf, a few months ago, told a story of Mexico's German connections during the war which caused a big sensation. He left that country recently returned, ostensibly to recover \$1,000 which he said he had earned on the west coast. He was arrested, held for nine days in a military prison, and then ordered deported as a "perfidious forger."

He left Mexico City Wednesday, guarded by two army officers.

Threat To Demand Pershing Stopped Extradition Of Villa, Says La Prensa

BECAUSE of a threat on the part of the Mexican de facto government that a counter demand would be made on the United States for the extradition of Gen. John J. Pershing, Col. George T. Langhorne and other officers in the event of a demand by the American government for the extradition of Francisco Villa, a Mexican newspaper reported in San Antonio, Tex.

The account, which bears a Washington date line, was written by a special correspondent for La Prensa. The article states that any demand for the person of Villa to answer to the charges of desertion against him by the government of de la Huerta. It also stated that in the event of such a demand the Mexican government had resolved on a counter demand for Gen. Pershing and other officers.

Langhorne, having their demand on the view that if Villa acted with honor on the law in attacking the town of Columbus, the entry into Mexico by the army of the United States without the authority or permission of the Mexican government would be a violation of the law.

Col. Langhorne took an armed force into Mexico in the Big Bend country in pursuit of bandits who had been raiding the border. The punitive expedition of Gen. Pershing is referred to.
