What the Railroads are Doing in Fort Worth and Elsewhere in the World.

Something for the Magnate, the Bondholder, the Knights of the Throttle, Bell and Cord and the Ticket Office.

Texas Trunk Railroad sold, special to the Gazette.

DALLAS, TEX., Nov. 29.—After many meetings and adjournments on the part of the parties, and much anxiety, solicitude and ingenious nosing on the part of the reporters, the sale of the Texas Trunk railroad has at last been effected.

Mr. Mowry refuses to talk to reporters, and there is considerable mystery hanging over who the purchasers are, but this afternoon a man who is up to snuff pulled a GAZETTE reporter into a hallway and said:

"Do you know who bought the 'Trunk road'?"

"No, I don't. I have spent several sleepless nights about that road, and if you can shed any light on it, please proceed to shed it."

"Well, Jay Gould has bought it. That mysterious syndicate business is all stuff. There will be a meeting this evening to effect an organization. Now, if Judge Henry is not made president, I am away off, and you know I'm seldom I get away off."

"Sure enough it comes out that Judge Henry was made president, and Julia K. Schneider, T. L. Marshall, Alex. Sanger of this city, and Messrs. Mowry and Weigly of New York, were made the rest of the directory. But who the purchaser or purchasers of the road are is still in doubt."

California Excursionists, Special to the Gazette.

San Diego, Tex., Nov. 29.—The train of eleven coaches, filled with excursionists for California, arrived here at 6 p. m. and took supper.

Oregon Wheat.

The people of Portland, Ore., are somewhat exercised lest the wheat grown in Eastern Oregon and Washington shall be hauled east instead of to Portland and thence shipped by steamer.

Consolidating Canadian Railways.

A special to the Toronto Globe from Ottawa says it is authoritatively stated that at the coming session of parliament the Canadian Pacific railway company will ask for further public aid to enable them to consolidate and develop the whole railway system of the maritime provinces.

Another Famine at Duhaque.

The war between the Chicago, Burlington & Northern and the Illinois Central still keeps up. The former has surgeons working on the bluff in East Duhaque, as is presumed by locating a new tunnel. Superintendent Jacobs, of the Illinois Central, arrived in East Duhaque this afternoon, with other officials, to watch the Chicago, Burlington & Northern, and prevent them from building too close to the Illinois Central track.

Jewett Must Give Up.

The court of common pleas has issued an order that H. J. Jewett and associates turn over to the original owners the \$21,000,000 of Cincinnati, Hamilton & Dayton stock for which he had illegally, as previously defined, issued certificates, guaranteeing 6 per cent. per annum.

The D. & O. Won't Sign.

Considerable uneasiness exists over the neglect or refusal of the Baltimore and Ohio Railroad company to sign the trunk-line agreement. All the other companies interested have it is said, approved the compact.

Car-Load Produce.

We have just received a car-load of choice produce of all kind, which we propose to sell at the very lowest prices. Come and see us.

De Lorme's Big Scheme.

New York, Nov. 29.—Baron De Lorme, the Frenchman who is here to form a company to construct a railroad in China, was asked about a dispatch from London saying that he was unknown there in banking circles, and a dispatch from Washington to the Sun saying that the Chinese minister there knows nothing of him or his scheme.

THOMSON'S PATENT

GLOVE FITTING

ARE STILL TRIUMPHANT!

For fifteen years they have steadily gained in favor, and with sales constantly increasing have become the most popular glove throughout the United States.

The quality is warranted to wear twice as long as ordinary gloves. We have lately introduced the G and E H grades with extra long wrist, and we can furnish them when preferred.

Higher grades from all the world's great glove makers, from the late Exposition held at New Orleans.

While scores of patents have been found worthless, the principles of the Glove-Fitting have proved invaluable.

Retailers are authorized to refund money, if, on examination, the G and E H gloves do not prove as represented. For sale everywhere.
