EXAMINING THE DEBRIS.

Experts examining the locality of the disaster in the parliament build ing have reached the conclusion, after tracing the progress of the debris, that the explosion occurred in the passage leading from the sys division lobby to the scats in the southwest chamber usually occupied by the public secretaries. The parcel containing the dynamite was placed a few feet reyond the barrier at the entrance of the house of commons, the location being premite was placed a few feet to eyond the feet to be a feet

THE CONSTABLE'S STORY.

Constable Cole, who was a terribly injured in his stremp to prevent the explosion at Westminster ball, made injured in his steemp to prevent the *xplosion at Westminster ball, made an important statement this afternoon. He said that when he picked up the bundle on the steps leading to the crypt, he noiced that it was very heavy in proportion to its \$2.5. He determined to carry it outside of the building because he saw smoke issuing from the bundle and he believed it to be some sort of an infernal machine. Just as he reached the top of the stair-say be saw an oily substance ooxing from the bottom of the bundle. This staff burned his hands and compelled him to prove the Euspile.
