

DALLAS.

Man's Inhumanity to Woman Breaks Hearts, Wrecks Lives and Sends the Upright Ones to Perdition.

Agitators Who Find It Does Not Pay to Labor—Mechanics Tired of Frothy-Villainous Shooting.

OLD MARKET-HOUSE. Special to the Gazette.

DALLAS, TEX., May 21.—The old market-house on Main street, which in the earlier days of Dallas cost the city \$17,000, has been pronounced unsafe by a committee of experts appointed by the council to examine it, and it will be torn down. The city owns the lot, and as soon as practicable proposes to erect a fine city hall on it.

WIFE DESERTION. John Shanks was an employe at the gas-works. He had a wife and one child, but left home Tuesday last and now his wife has discovered that he has cruelly deserted her and her little one. Mayor Brown this morning, out of the city charity fund, gave her means enough to go to Sherman, where she has friends. Her distress, as she related the tale of her desertion by the man she loved, was pitiful in the extreme.

ON TRIAL. The case of Joseph H. Brown of Fort Worth vs. the Western Union Telegraph company, for damages caused by delay in transmitting a telegram, is on trial in the United States district court.

ANOTHER EIGHT-HOUR DEMAND. The clerks in the stores in the city, that is some of them, are agitating the question of only eight hours' work during the hot weather. They are preparing to hold a meeting and petition their employers on the subject.

The speech of Mulvihill, made at a mass-meeting of workmen, has occasioned no little comment, and the bulk of his audience were not complimentary to him. Seemingly there are but few carpenters who sympathize with his self-imposed interest in the matter of eight hours per day work in their behalf. He is not a carpenter himself, and his efforts are looked upon by a great many as entirely gratuitous. The resolution he prepared and forced to adoption last night, that on and after June 1 eight hours should be a day's work and \$2.50 a day's wages, will be but little heeded by the carpenters. He, it is said, has been the chief agitator in this eight hour movement, and it is to his will and incendiary talk and exhortations that fifty-two buildings that were to have been erected have been delayed and scores of men, brick-masons, carpenters and plasterers, who would now have been at work here for this, are now idle. Numbers of Knights of Labor and workmen, it is said, are expressing themselves as being tired and sick of the Mulvihill idiom genus stripe, and think if they would talk less and work more it would be better all around. Westrup, who also made a speech, is writing a pamphlet on free banking, he says, and the entire abandonment of interest, which he considers a sine qua non for the country's salvation. He is going to lecture Sunday night on anarchy, and one would judge from his general talk that he is inclined to chaos generally. He is known as "the variegated man," as one side of his mustache is gray and the other brown, while his hair has gray spots interspersed through it. He says he used to work, but quit because there was no money in it.

A little after 6 o'clock this afternoon Prof. Andrews, who has a tent show here, was sitting on the platform of his traveling-car in East Dallas when a man giving the name of Cooper came up cursing and using vile language. Andrews asked him to desist, as there were ladies in the car. Cooper became greatly enraged and swore as would kill Andrews. (Going off he returned presently with a six-shooter and opened fire on Andrews, but, missing him, Andrews dodged into the car for his pistol. A boy named Presser was sitting in a chair on the platform asleep and Cooper shot him through one arm with a ball and in the face with bird-shot, with which the pistol was loaded. He then fired into the car window. Andrews had gotten his pistol, but his cock seized it and firing at Cooper missed him. Cooper then ran off, but was captured by Officers Waller and Baird, mounted police. Cooper pretends to be very drunk. He is said to have had an accomplice who escaped. The boy Presser is not dangerously though painfully wounded.

The most skilled gun and locksmith in town at A. Stert's gun store, 206 Main street.

NO MERCY. The horses found and the bodies of the thieves may be in the future.

ALBUQUERQUE, N. M., May 21.—A courier in from Manzano, a small Mexican settlement in the eastern part of Valencia county, says two suspicious characters appeared at Manzano the other day, and after loitering around over night disappeared. Several horses in the neighborhood disappeared also. A party was organized to apprehend the thieves, and when they returned they brought back the horses and portions of the clothing of the thieves. In future the bodies of the two men may be found, as they were undoubtedly hung or shot to death. The messenger is very reticent about the matter, though it is conclusive that the horse-thieves got no mercy.

Turner & McClure Will deliver your goods promptly. Try them.

WACO. Wouldn't Let His Wife Alone—An Offer to Dr. Wilkes.

WACO, TEX., May 21.—E. B. Stuart was recently served with an injunction restraining him from entering the premises of his wife or in any way interfering with her until a final disposition of the writ was made by the court. He disobeyed the injunction and was arrested and jailed this morning for contempt of court.

John Geer, arrested on a capias charging him with horse stealing in Lampasas county, was released this morning upon giving bond in the sum of \$500 for his appearance in Lampasas. He has lived here six years and worked at the carpenter's trade.

Dr. W. H. Wilkes, one of Waco's leading physicians and ex-mayor of the city, has received a call inviting him to accept the chair of theory and practice of medicine in one

of the most widely known medical colleges of the great West. He has not decided to accept it yet, though many friends counseled him to do so, realizing that it will be a post of great honor and advantage to him. Dr. Wilkes is very popular here, and his departure will be a severe loss to Waco.

The little daughter of Mayor E. A. Sturges, who recently returned from Galveston, where she underwent a painful surgical operation to save her eye-sight, is now seriously ill with measles.

Fine Apples. The Fort Worth Grocer Co. are just in receipt of an unusually choice shipment of pine apples. Call early for first choice.

WEATHERFORD. A Good Man Gone—Troubled Over the Continued Drought—Social Gathering.

WEATHERFORD, TEX., May 21.—Mr. Mack B. Bosch, our county surveyor, and one of our best and most highly respected citizens, died at his residence in this city this morning at 1 o'clock, and was buried at 4 o'clock this evening with Masonic honors. The death of this good man has cast a deep shadow of sorrow over our city, as he was loved by all who knew him. He has been living in Weatherford about fifteen years, and it cannot be truthfully said that he has a single enemy. His grief-stricken family have the sympathy of the entire city in this their great loss.

Mr. J. C. Cotter, representing V. M. Nichols of Osage, Iowa, one of the largest contractors of the United States star route mail service in the United States, has been in the city several days and succeeded in reletting the Graham, Grabury and Cleburne mail lines to Mr. J. J. Gallaher, the present contractor of the Graham line. All people who travel these lines will note this with satisfaction, as Mr. Gallaher is the only contractor who has ever run these lines with any degree of promptness, so our neighboring towns can now count on having regular mails.

Our people are getting a little uneasy about the probable result of the continued drought.

Maj. B. G. Bidwell, attorney for the Texas & Pacific, came in this evening on the east-bound delayed train due here at 5 o'clock this morning, but was ten hours late, passing this place about 3 o'clock this afternoon.

John Hoony, Jr., of the Sun, took the delayed east-bound passenger for New York, Richmond, Va., and several other cities, where he will visit a number of paper-mills in the interest of the Sun. He will be absent from the city about three weeks.

One of the most enjoyable societies of the season was given in honor of Frank Hoey at the residence of his father. About fifteen or twenty of the younger part of our society folks were present and spent a very pleasant evening.

Mrs. H. H. Rainbolt and Mrs. P. W. Woodlett left on the east-bound train yesterday for Henderson, Tex., where they will spend several weeks visiting relatives and friends.

Have prescribed Tongaline in two cases of periodic headache of a neuragic character, and in both instances with entire success. I think that it will do all that you claim for it and more. T. C. MILLER, M. D., Dayton, Ark.

HANGMAN'S BAY. One Man in Arkansas and One in New York spring the Trap.

Wife-Murderer Hanged. BUFFALO, N. Y., May 21.—Peter Louis Otto, the wife-murderer, was hanged at 10:24 this morning. The murder was committed on the morning of November 16, 1887. Peter Louis Otto lived with his wife Susan, his children and aged mother. The murderer, who was a candy-maker, had been despatched for years and had been on a protracted spree at the time of the murder. He entered the house on the morning named and found his wife washing. Without a word he drew a revolver and fired five times at the defenseless woman. She rushed bleeding to the front part of the house and fell dying. She expired in a few moments, without uttering a word. The murdered woman was about thirty-five years old.

ONE IN ARKANSAS. DOVER, ARK., May 21.—Lee Barnes was hanged here to-day at 10:30 o'clock for the murder of Charles Holman, a gambler, on November 20, 1885. On that day Holman and Barnes, gamblers living at Plummersville, Ark., arranged to attend a festival to be held some four miles distant. Before leaving home Barnes secured the co-operation of John Cullens and Russell Watson in a plot to accompany them and during the night kill Holman and charge of his property and about \$500 in cash. Late in the night and while Holman was sleeping, Barnes drew his revolver and discharged two shots at him, both of which passed through his heart, and while in the agony of death Cullens with an ax struck him a fearful blow on the head. After his conviction and sentence Barnes made a full confession of his crime. Cullens was sentenced to twenty-one years to the penitentiary. Watson will have a hearing at the fall term of court.

Quarter Barrels for \$2. We have a few packages of No. 3 macierol which we offer at the exceedingly low price of \$2 per quarter-barrel. First come first served. Fort Worth Grocer Co.

TEXARKANA. Entertaining—The Pantomime Club—Arrested for Kidnaping.

TEXARKANA, TEX., May 21.—Mrs. Judge Freidell entertained quite a number of her friends last night. Among the ladies were Misses Ida Hallaway, Agnes Moffatt, Jennie Carless, Mattie Morrow, Nellie and Mahle Eck and Lizette Tilsen. Until a very late hour the evening was most happily enjoyed by all.

The Pantomime club gave a strawberry and ice-cream festival on Friday night for the benefit of the Episcopal church, and last night gave an entertainment at the corner of Broad and State streets, where dancing and other amusements were indulged to the pleasure of all. The serving of strawberries and ice-cream was also one of the principal features of the evening.

Oliver Walker (colored) of Arkansas was arrested yesterday for kidnaping a prisoner on the Texas side. He gave bond.

Corpus Christi. Canned red fish, very fine, at 5 cents per can, at the Fort Worth Grocer Co.

Chickens, Eggs and Butter. The best chickens, eggs and butter are to be found at Turner & McClure's.

THE RAILROADS.

Less Than Four Miles of the Fort Worth & New Orleans to Be Built.

A Suggestion—The Jackboro Road—Paris Succeeds—The Montague & Southwestern.

Fort Worth & New Orleans.

The track of this road is within three and a half miles of Waxahachie and about one thousand feet from the proposed terminus in this city. One bridge is to be built on the Waxahachie end, when the track will be finished in short order. By June 1 the road will be in shape to transact freight business, and by July 1, if not sooner, passenger trains will run.

Mr. Hallin, paymaster of the construction forces, was in the city yesterday after funds, and left for the front loaded down with gold, silver and paper. Experts who have gone over the road agree that it is the best forty miles of track in the state of Texas, and say thirty miles an hour can easily be made over such a track. The days of right of way and two streaks of rust doing duty for a railroad have gone.

A Good Suggestion.

A number of our citizens are of the opinion that Fort Worth should take action at once in regard to securing the 'Frisco, and think that the citizens of Bonham, McKinney, White-wright and Grapevine should be asked to send committees here to take counsel with our people in making a concerted movement to secure the road. It is stated that St. Louis views with alarm the construction of the Atchison road through the territory which has always hitherto been tributary to St. Louis, but which will now trade to a great extent with Kansas City unless the 'Frisco be pushed into the heart of the state. The junction of the 'Frisco with the Santa Fe at Paris will do St. Louis no good, for the branch to Paris-Cleburne will be run in the interest of the main line of the Atchison, and to counteract this the 'Frisco must come to Fort Worth where it can form connections with nearly all of the roads of the state, especially the Fort Worth & Denver, Fort Worth & Rio Grande, and Fort Worth & New Orleans. By all means let the cities mentioned send their committees here, and let the good work begin.

Fort Worth & Northwestern.

Jackboro and Jack county, Graham and Young county, are fully alive to the necessity of securing a railroad, and they naturally look to Fort Worth to aid them in their laudable enterprise. Long years ago it was the intention of Fort Worth thinkers to penetrate the magnificent region a road would reach in going to the two cities mentioned, and lately the old fires have burned anew. There are several suggestions in regard to a road to this section, any one of which will do. The first is that an independent line be built by Fort Worth, Jackboro and Graham; the second that the Fort Worth & New Orleans be extended in a northwesterly direction now and later go to Sabine Pass, and the third that the Fort Worth & Denver throw out a spur reaching the places mentioned. There can be no question that Jack and Young counties are ready and willing to do much to get a road, and this city is in a position to aid them.

Paris Gets It.

Special to the Gazette. PARIS, TEX., May 21.—As was stated in to-day's GAZETTE, there were only two names lacking to secure Paris the Gulf, Colorado & Santa Fe railroad. W. B. Wise and W. E. Massenburg's names were added to the list, making twenty men who bind themselves to see that the contract is carried out. The contract is now signed, sealed and delivered, and Paris is now waiting for its acceptance, and it is now expected that work will begin soon on this end of the line.

Montague & Southwestern.

Special to the Gazette. MONTAGUE, TEX., May 21.—Capt. John T. Murrell, chief engineer of the Montague & Southwestern Railroad company, came up yesterday on the Fort Worth & Denver, and at once commenced the work of cross-sectioning the balance of the road, which will intersect the Fort Worth & Denver above Bowie, and immediately on the completion of that work Capt. Murrell will extend the survey on to Stephens' coal mine, a distance of about four miles. Rumor has it that the surveying corps will be on the line to Gainesville in the course of a few days. We do not pretend to know the object of the company, but believe the extension of their line to those coal fields a wise move, and we predict a mutual benefit to be derived therefrom, as it will develop these important mines and at the same time add greatly to the business of the road.

W. W. Palmer left a few days ago to join the Santa Fe surveying corps.

Dallas & Greenville.

Correspondence of the Gazette. ROCKWALL, TEX., May 20.—The Dallas & Greenville company broke ground near Greenville on Monday last on our long-looked-for railroad. Hands and teams are going forward almost daily to work on the grade. The contractors have forty teams at work on a small contract on the Santa Fe, which they will finish this week, and the teams will then be transferred to the Dallas and Greenville. Some of our townspeople are negotiating for the job of clearing the right of way through the bottom of the East Fork of the Trinity, near town.

The contractors contemplate bringing the construction trains to this point from Greenville by the 15th or 20th of July next. It is their intention to bring their ties and bridge material by the East Line and Missouri Pacific, by way of Greenville.

The Transcontinental War.

New York, May 21.—It has been officially stated that the transcontinental railway fight is not only not over, but that it is now being waged with quite as much vigor and determination as ever before, and that there is no prospect that it can be settled for some time, while it is made clear that even when a settlement does come it will be upon a basis far different from anything that has been predicted. It will provide for rates much lower than any that prevailed before the war began.

Press and Railway Men.

Special to the Gazette. DENISON, TEX., May 21.—The Texas Press-association and several railroad men

will pass through here this morning at 8:35 o'clock on their way to St. Louis and Chicago for a pleasure trip.

The Missouri Pacific Railway company are fixing up their ticket office in elegant shape at this place. When completed it will be one of the noblest offices in this part of the state.

Going to Work in Earnest.

Special to the Gazette. GAINESVILLE, TEX., May 21.—A force of men in charge of Holden, sub-contractor, arrived to-day to begin grading on the Santa Fe from here to head river. This GAZETTE correspondent learned to-day that as soon as the right of way through Cooke county was secured 1500 men would be put to work in this county alone.

Vernon's subsidy.

Special to the Gazette. VERNON, TEX., May 21.—The bonus asked by the Fort Worth & Denver City is nearly all subscribed and the steam whistle will be heard in our town before the 1st of September is almost an assured fact. The committee have worked zealously and the citizens responded liberally in the matter.

Railroad to Be Sold.

SPRINGFIELD, ILL., May 21.—Upon the application of C. W. Fairbanks, counsel for the bondholders of the St. Louis Central Railroad company, the United States circuit court to-day entered a decree for the sale of the road and property of the company. The sale will take place the latter part of June.

Notes.

The east-bound Texas & Pacific was nearly an hour late yesterday, owing to a wreck near the town of Odessa.

At the next meeting of the Texas Traffic association, it is said, there will be several radical changes in the rules governing the pool. The next meeting will probably occur in August or July.

Conductor Burke, one of the reliable men in charge of trains running west of Fort Worth, was in the city last night.

A number of applications to furnish teams to the Atchison-Santa Fe contractors were made yesterday, and a number engaged. Everything is activity with the contractors, who are working day and night preparing for the execution of their work.

Two contracts for ties for the Atchison road have been let to parties in East Texas.

A large number of pine ties have been unloaded at the Gulf, Colorado & Santa Fe depot in this city.

Fort Worth will soon be connected by rail with Montague by way of the Fort Worth & Denver and Montague and Southwestern.

The railroad boom has had its effect on Mansfield, this county, and considerable building is going on in that town.

Do You Want a Good Knife?

Five hundred patterns to select from; price 10c to \$1.00, at Anderson's gun store.

THE MAXWELL CASE.

Detective Tracey tells the Story of the Trip to Auckland.

St. Louis, Mo., May 21.—The first witness in the Maxwell case to-day was J. A. Frazer, of Toronto, Can., for many years a photographer, now a portrait painter and sculptor. Mr. Frazer was placed on the stand and testified that he had met Preller in Toronto a year ago last February. He described Preller as he knew him then, and exhibited a portrait of him which had been pronounced an excellent likeness. He was shown by Mr. McDonald of the prosecution, during the latter's visit to Toronto, a post-mortem photograph of Preller's body and had made the portrait from it. Witness described his visit to St. Louis after the murder. He had visited the cemetery, had seen the casket in which Preller's body had been placed exhumed, and recognized the body without doubt as that of Arthur Preller. He recognized the corpse by the face and a peculiar scar over the left eyebrow.

The cross-examination failed to confuse the witness, and as he stepped down from the stand it was evident that the jurors and spectators alike entertained no doubts as to the identity of the body found in the trunk.

Detective Tracey, who traced Maxwell to San Francisco and brought him back to this city from Auckland, New Zealand, produced in court several articles of clothing marked "C. A. P." including a shirt covered with blood and badly torn and cut, supposed to be that which Maxwell removed from Preller's body immediately after the murder, also a gold watch and revolver which Maxwell told him he had purchased from a man in San Francisco named Robinson.

The witness described the incidents of the return passage, and repeated conversations which he had with the prisoner. During one of the latter he asked Maxwell how much money he had just previous to his departure from St. Louis for San Francisco, and he replied: "About \$1000, but had spent a great deal of it on the trip and in San Francisco." When asked what had become of the remainder, he referred him to his lawyer. In regard to Maxwell's acquaintance with Preller, the former told witness that he had met him (Preller) in Liverpool, and had seen him last in Boston. The remainder of the witness' testimony developed nothing new.

Wanted.

Everybody to throw part of their influence in favor of the Eclipse lumber-yard, at the new stand, corner Tenth, between Main and Houston streets. Bargains.

AUSTIN.

The Editors—Iron for the Capitol—Asking for Time.

Special to the Gazette. AUSTIN, TEX., May 21.—The Press association excursion from San Antonio en route to Chicago, passed through this morning at 11 o'clock, a number of editors on their way home and about forty belonging to the excursion. Some of them stopped in the city to see the state-house and interview the O'D Alcolde. Among them, Johnson of the Post, Gen. Norton, Col. Sealer and others.

Fifteen carloads of iron from Belgium for the new capitol have arrived, having come by way of Galveston.

Comptroller Swann to-day deposited \$40,000 in the treasury.

To-morrow Attorney-General Templeton will issue his opinion to county judges concerning the powers of the board of equalization in raising rendered values.

County Attorney Britt of Wilbarger county has appealed to the land board to grant further time for the August installment of interest on homesteads purchased in that county, otherwise settlers unable to pay will have to abandon their improvements.

Wanted.

There were wild goings in and about the town. A terrible case of Madra. When they had the madra on in and the means of

SHERMAN.

Sweet Girl Graduates Preparing for the Ordeal of Commencement Exercises.

Musical—Terpachorean—Think He Was Justified in Shooting—Binkley House Renovation.

THE SWEET GIRL GRADUATE.

Special to the Gazette. SHERMAN, TEX., May 21.—The days draw nigh when college commencements shall prevail in the land. No where do they pass off with greater eclat than in Sherman, whose many excellent schools form the proudest boast of its citizens. One of the leading institutions here is the North Texas Female college, presided over by that veteran educator, Judge I. M. Onins. The programme for the closing exercises is as follows:

Tuesday, May 22.—Final examinations begin.

Friday, June 4, 8 p. m.—Art levee.

Saturday, June 5.—Meeting of curators and trustees.

Sunday, June 6.—Commencement sermon by Rev. J. R. Wages of Pilot Point.

Sunday, June 6, 8 p. m.—Missionary sermon by Rev. D. R. McAnally, editor St. Louis Advocate.

Monday, June 7, 8 p. m.—Annual concert.

Tuesday, June 8, 10 a. m.—Graduating exercises.

Tuesday, June 8, 11 a. m.—Literary address by Rev. D. R. McAnally.

Tuesday, June 8, 8 p. m.—Annual meeting of the Edgworth society.

The young ladies have been making the usual great preparations for what they consider the most important epoch in college life, and the occasion is looked forward to with the happiest anticipations.

Aprons of school entertainments, to-day's mail brought THE GAZETTE man a handsome invitation to attend exhibitions of the Philomathean and Normal debating societies of the Whitesboro Normal school, which occur on the 27th and 28th inst.

A MUSICAL SUCCESS.

The opera-house was well filled this evening with an appreciative audience, gathered to hear the musicals previously referred to in THE GAZETTE. The programme was as follows:

Overture, "Silver Wedding."—Orchestra

Quartette, "Give Me My Own Native Isle."

Messrs. Hill, Price, Wallace and Cole.

Trio, "Charity."—Misses Cole, Dilla and Scott.

Solo, "Patria."—Miss Monna Dilla.

Violin Solo, "Debutant's Sixth Air."—O. Deberlet.

Comte Ducl, "Mr. and Mrs. Solilo."—Hewett.

Will Wallace and Miss Monna Dilla.

Corset Solo, "Selected."—J. P. Laak.

Character Song, "Propriety Basso."—Messrs. Cole and Price.

Misses Cole and Scott.

Solo, "Pledged Faith."—Miss Edna Cole.

Trio, "O. Boston Song."—G. A. White.

Miss Swinford, an' Messrs. Price and Cole.

Quartette, "Greeting to Spring."—Wilson.

Misses Cole, Dilla, Swinford and Scott.

Solo, "A Jolly Good Laugh."—A. H. Dziala.

Character Song, "Mozorgue the Farm."—Orchestra.

Character Song, "Mozorgue the Farm."—Lockwood.

Messrs. Writick and Wallace and Misses Dilla and Miss Cole.

Solo, "Selection."—Miss May Swinford.

Vio in Solo, "On Theme," by Weigl.

Tableaux.

Prof. Kohler and Miss Shney.

Solo, "Hush-a-By-Baby."—Will Wallace.

Tableaux.

The audience without exception was delighted with the performance, and when it is stated that those who took part in it are among the best representatives of musical culture in Sherman, no further eulogy is necessary.

BRIEF AND TIDINGS.

Mej. J. M. Seville, a prominent and popular citizen of this county, who resides near Bells, visited the county clerk's office to-day and got out the necessary authority to form a matrimonial partnership with Mrs. Nancy Beard.

Quite a number of prominent young people were gathered this evening at the residence of Mr. H. A. Barnett on South Travis street, where they were entertained most pleasantly by their kind host and hostess.

A motion for a new trial in the case of Jack Dixon, lately given six years in the penitentiary for robbery, was refused by Judge Matthe, and notice of appeal was given.

There has been more demand for real estate of late than for a long time past. Sherman's splendid prospects are beginning to attract considerable attention.

The Binkley house has been lately renovated throughout its whole interior, and presents a very attractive appearance, matching well with the handsome Jimmie Taylor, the naughty but nice young book-keeper of the establishment.

To-day the grand jury returned a true bill against Capt. J. Strother of Delaware Bend, charging him with assault to murder one McDonald on the 15th, and his bond was fixed at \$3000. Capt. Strother is a quiet and peaceable man, and his friends think he must have had sufficient justification for the shooting.

Prof. Hirsch's ball this evening was a brilliant affair. Misses Jennie Cox, Lonella Dollarhide, Nina Farthing, Mattie and Sue Shull and Ida Hutten, a half dozen of beautiful Denison belles, graced the hop with the charm of their presence. Local beauty was also well represented, and the evening was voted one of unusual enjoyment.

Equal to the Emergency.

PORTLAND, ME., May 21.—Gov. Robie said to-day: "To my mind the seizure of the D. J. Adams and Ella M. Doughty was a blunder on the part of the Canadian government, an outrage on our flag, and a gross injustice to fishermen and owners. I am very confident that there is in Maine but one sentiment. We desire peace, we regret that the shadow of war should have been even for a moment cast upon us, but at the same time we desire to have the rights of our fishermen protected, and we ask the Canadian government for the same protection of property when in Canadian waters as when at home. Wise statesmanship will be demanded to carry us through the present trouble without loss of dignity or sacrifice of right. We look to Washington for that statesmanship. The administration has yet to declare its policy. I have no criticisms to make in advance of that declaration."

Cigars: Cigars.

Choice cigars, cigarettes and chewing tobacco at A. Stert's gun store, 206 Main street.

Cheap Glassware.

At J. S. Clarkson's, 309 and 304 Houston street.
