Their New Location.

One of the handsomest offices in the state, when completed, will be that of the spacious establishment of the Self-Endowment and Benevolent association, on the ground floor of the new Smith & Jarvis building, No. 508 Main street, opposite the postoffice. Macy, began to cast about for a more suitable building, centrally located, hence they secured their present location, where hereafter they will be found during office hours, always ready to transact business, and give any information you may desire concerning their laudable association.
