PREVENTIVE

Of Typho-Malarial Fever and Cure for Rheumatism at Last Discovered

By the firm of Hughes Bros., manufacturing chemists of Dallas, Texas. This enterprising firm have for the last five years been engaged in the manufacture of baking powders, wines, cider, vinegar, etc. Dr. F. E. Hughes, who presides over their laboratory, has for the last forty years been engaged in the study and practice of medicine and chemistry. They also have in their laboratory Prof. Geo. C. Calhoun, who has for many years been a teacher of chemistry, also Mr. J. Price Warrick, a graduate of chemistry in the University of Philadelphia. These gentlemen in manufacturing the various articles already mentioned, have found it necessary to combat excessive fermentations, whether vinous, acetous or alcoholic, which have ever stood in the way of successfully manufacturing wine, vinegar and alcohol in our Southern climate. The experiments have resulted in the discovery of an agent which completely obviates this difficulty. This agent is the extract of the bark of a tree indigenous to the state of Texas. Carrying their experiments still further, they have ascertained that this same extract so completely controls the only remaining fermentation known to the arts and sciences, viz: Blood fermentation, which is the cause of fevers as well as of rheumatism. This agent they have combined with the extracts of ginger and lemon, thereby rendering it a most efficacious as well as delightful and palatable beverage. It is not only one of the best tonics in its effects, but the use of it effectually prevents typho-malarial fever. At the same time it is a sure cure for rheumatism. Dr. Hughes' Extract of Lemon and Ginger is put up in cases of two dozen bottles, and can be found at all first-class drug and grocery stores.

BIG SPRING.

A Cattle-Thief Overhauled—Nuptials.

Special.

BIG SPRING, TEX., June 9.—Jack Richardson, detective for the North Texas Cattle-Raising association, made a raid in Martin county during last week and recovered seventeen head of stolen cattle, together with the thief. During the preliminary trial in Marienfield the thief made his escape, but Sunday night he was recaptured by Richardson between this place and Colorado City and lodged in our jail. He was carried to Marienfield yesterday to await his trial.

At the residence of Dr. J. C. Utter Sunday Miss Laura Scarborough, formerly of Waco, Tex., was married to Frank M. Hutchinson of St. Louis, Mo. A few particular friends were in attendance upon the ceremony and many heartfelt wishes for the prosperity and happiness of the young couple were expressed. Miss Scarborough had many friends here, who will regret her departure and miss her in her music classes, Sunday-school, etc. The bride and groom left on the 4 o'clock train Sunday for St. Louis, where they will reside.

COLORADO.

Round-Ups—Cattle Shipments—The Town Wears a Bustle.

Special.

COLORADO, TEX., June 9.—The town is full of "cowboys" from the "round-ups," and it gives the town the appearance of much life. The round-up Saturday was on the head of North Champion. It was a large round-up, and is the last in this immediate section for about a month. They go now to the Double Mountain fork of the Brazos and work this way. Cattle are getting in fine flesh, and the shipments from here this season will be unprecedented.

The heavy shipments of beef-steers will not commence before the 1st of July.

Quite a party of ladies and gentlemen from Mobile, Ala., arrived here Sunday and went to the Texas and Alabama Cattle company's ranch yesterday. They are stockholders in the company. Mr. A. P. Bush will explain to the party the fascinations of a cow ranch.

Our town is full of life, and all strangers pronounce it as the liveliest town on the Texas & Pacific west of Fort Worth. It is almost the universal verdict that Colorado is and always will be the city of West Texas, and if the Gulf, Colorado & Santa Fe railroad is secured, Colorado will in five years be a city of not less than 8000 or 10,000 inhabitants.

The Preventive of a Terrible Disease.

No disorders, excepting the most deadly forms of lung disease, involve such a tremendous destruction of organic tissue as those which fasten upon the kidneys. Such maladies, when they become chronic—and none are so liable to assume that phase—completely wreck the system. To prevent this terrible disease recourse should be had, upon the first manifestation of trouble, to Hostetter's Stomach Bitters, which experience has proved to be highly effective as a means of imparting tone and regularity to the organs of urination, as well as to the liver, stomach and bowels. Another beneficial result of this medicine, naturally consequent upon its diuretic action, is the elimination from the blood of impurities which beget rheumatism, neuralgia, gout, dropsy and other maladies. By increasing the activity of the kidneys it augments the depurative efficiency of these organs, which are most important outlets for the escape of such impurities.
