### INDIAN AFFAIRS.

Lieut. Gen. Sheridan Leaves Washington for the Scene of the Indian Trouble.

Reinforcements Hastening to Fort Reno—Rumors That the Cheyennes Are to be Disarmed.

A Bloody Battle With the Apaches in Sonora—Greer County as an Indian Reservation.

GEN. SHERIDAN STARTS FOR THE FRONT.

SPECIAL TO THE GAZETTE.  
WASHINGTON, July 10.—There is considerable excitement in the war department over the Indian troubles in the West. Gen. Sheridan starts for the front to-night, accompanied by his brother, Col. Sheridan. It is the first time since the civil war that the general of the army has taken the command in the field. The troops are centering in Southern Kansas, and if the braves cannot be disarmed peaceably a war of extermination will be waged.

ORDERED TO THE TERRITORY.

SPECIAL TO THE GAZETTE.  
LAREDO, TEX., July 10.—Troop A of the Eighth Cavalry, under the command of Maj. Bernard, has been ordered to join two other companies of the regiment and proceed at once to the Cheyenne agency, Indian Territory. Capt. Wells, Lieut. Esyre and Assistant Sergeant Liddle are the other officers of Troop A. Maj. Bernard has been commander at Fort McIntosh for over a year.

THE CHEYENNES TO BE DISARMED.

WASHINGTON, July 10.—The Indian troubles are looked upon from Washington as becoming more serious. Gen. Sheridan left here to-night for Fort Reno, I. T. The general desired to be at the scene of the conflict. A telegram has been sent to the officer in command, which says the outbreak must be suppressed even if the Cheyennes are stripped out of existence. Gen. Miles is expected to arrive in the Indian Territory not later than the first of next week. The hope is expressed that he may be able to quiet the trouble without bloodshed. He is well known to the Indians and is said to have considerable influence over them. In the trouble with the Cheyennes some years ago they surrendered to him voluntarily, although it was their custom to refuse to surrender.

The Indian commissioner had not received any telegrams from the scene of the disturbance up to the close of office hours to-day, in answer to an inquiry as to whether it was the intention of the government to disarm the Cheyennes, he firmly declined to give any information. He declared that great harm might be done by the premature publication of the intention of the government in such cases, as it enabled the Indians to prepare themselves. Nevertheless, it can be stated that the interior department is strongly in favor of disarming the Cheyennes, and that Inspector Armstrong recommended the adoption of this precaution.

ON THE VERGE OF AN OUTBREAK.

WICHITA, KAN., July 10. Dispatches of yesterday dated from the Indian Territory leave little doubt that the situation there is more menacing than has been admitted by the authorities, and that prompt action by the department is necessary to prevent an outbreak. Agent Dyer, under instructions from the commissioner of Indian affairs, undertook to make

A CENSUS OF THE CHEYENNES.

but was stopped by the dog soldiers, who threatened with death any who should report for enrollment, at the same time placing two of their number as guards over the agent's office. They stopped work on the farms and threatened Dyer with death if he persisted in carrying out the orders. They openly declare that Dyer must go, as he restricts their liberties. Dyer has simply been trying to keep them at work. On Wednesday night after midnight, a party of painted dog soldiers rode into the agency and called off the agent. They were told that he was gone over to Fort Reno, and after a short council

THE INDIANS RODE AWAY.

Their spokesman was the same man that sent the telegraph wires at the cantonment. The officers at Fort Reno say it is the intention to bring all these disorderly Indians into subjection, and they are awaiting the arrival of the reinforcements which have been ordered, as a greater force must be concentrated at Fort Reno or the cantonment.

ARE THE RED SKINS TO BE DISARMED?

WASHINGTON, July 10.—An important order has been received at the war department and sent to Gen. Miles, who is to take command of the forces now in the Territory to suppress the troubles with the Cheyennes. Army officials are silent as to the contents of the message. Persons not in authority, however, say the order contained instructions to the commanding officer directing him to disarm the Indians. It was sent by Lieut. Gen. Sheridan.

CLEVELAND'S INSTRUCTIONS TO SHERIDAN.

WASHINGTON, July 10.—The president this afternoon addressed the following letter to Gen. Sheridan: "EXECUTIVE MANSION, WASHINGTON, July 10. To Lieut. Gen. Philip H. Sheridan: "In view of the possible disturbances that may occur among the Indians now in the Indian

Territory and the contemplated concentration of the troops in that territory, I deem it desirable that you proceed at once to the location where the trouble is to be apprehended and advise with and direct those in command as to the steps to be taken to prevent disorder and depredations by the Indians, and as to the disposition of the troops. Your acquaintance with the history, habits and customs of these Indians leads me also to request that you invite statements on their part as to any real or fancied injury or injustice toward them, or any other causes that may have led to the discontent, and to inform yourself generally as to their condition. You are justified in assuring them that any cause of complaint will be fully examined by the authorities here, and if wrongs exist they shall be remedied. I think I hardly need add that they must be fully assured of the determination on the part of the government to enforce their peaceful conduct by all the power it has at hand, to prevent and punish acts of lawlessness and any outrage on our settlers. Yours truly,  
"GROVER CLEVELAND."

FIFTEEN COMPANIES ORDERED TO THE TERRITORY.

FT. LEAVENWORTH, KAN., July 10.—Fifteen companies of soldiers have been ordered from the department of the Platte and Texas at once to Ft. Reno. This will make 2500 men in the field. Gen. Miles is expected to arrive there in a few days. The appointment of Col. Gibbons to be brigadier-general gives the greatest satisfaction among the officers at the post.

SERIOUS TROUBLE INEVITABLE.

WICHITA, KAN., July 10.—Mr. Halliwell, one of the four agency farmers employed by the government to teach agriculture to the Cheyennes, Arrapahoe and Comanche Indians, arrived here to-day direct from Fort Reno, Mr. A. A. Dowell being interviewed, says that he considers trouble inevitable. The best brothers, half-breed Cheyennes, and sons of old Col. Bent, of the plains fame, say that the Indians expect that an effort will be made by the government to disarm them, in which event they will sell their lives as dearly as possible. The Bents, who own a large amount of personal property, are disposing of everything. The Indians are in want of nothing in the way of ammunition. Not only the Bents but the head Indians are selling off their ponies. Wolfrobs, the chief of the dog soldiers, has abandoned his crop and taken all his movable property away. In coming to the state line Mr. Halliwell changed upon 300 Cheyenne ponies being herded for an emergency. The young men who had taken to farming have, under the influence of the chief, also abandoned their fields.

READY FOR A GENERAL STAMPEDE.

WICHITA, KAN., July 10.—A special from the Cheyenne agency to-day says that the aspect is undoubtedly proving more serious from day to day, and that troops sufficient for a complete police patrol will prove the only means of safety.

THE CHEYENNES HAVE SENT A LARGE NUMBER OF THEIR BEST WAR-HORSES OUT WEST, UNDER APPREHENSION OF AN ATTACK FROM THE MILITARY, IN WHICH EVENT THEY WOULD BE AT A GREAT DISTANCE FOR RAIDING.

Small bodies of Indians are slipping away every day and it is believed that they are all ready for a stampede to the wilds in a body as soon as their spies, who overrun the agency, are satisfied that the government intends to disarm them. It leaked out at the agency to-day from Indian sources that the Indians themselves believe that the band which went west to the Panhandle has been corralled by the citizens and cowboys, but the authorities have had no verification of the rumor. It is reported that a number of Kiowas and Comanches have joined the missing Cheyennes. The government has telegraphed Agent Dyer to find out how many Indians are off of the reservation. This order cannot be executed without the presence of more troops to hold them until counted. An attempt even to take a census would precipitate a fight.

TROUBLE FROM A NEW QUARTER.

WASHINGTON, July 10.—A telegram received at the war department to-day indicated that Indian troubles had occurred in a new place. The dispatch was from Gen. Terry, and read: "Col. Brook, commanding the district of Montana, has received information from the Canadian authorities that twenty-five lodges of insurrectionary Canadians, under the son of Big Bear, are going toward the boundary line. They probably intend to go to the Crow reservation in Montana. They would be a disturbing element if suffered to join our Indians who are now on the reservation." No action was taken on the dispatch.

APACHES RAIDING SONORA.

GUAYMAS, MEXICO, July 10.—The Apaches are raiding Northwestern Sonora. Strong expressions are made in military circles against the United States troops crossing the border.

AN ENCOUNTER.

TOMBSTONE, A. T., July 10.—From Samuel Brannon, Jr., who arrived yesterday morning from Sonora, are learned the following facts: On the afternoon of July 2 scouts under the command of Capt. Chaffee came upon a band of Apaches near Guaymas on the Rio river, in Sonora, and a spirited fight ensued, in which forty Indians were killed and three bucks and eleven

squaws captured. The loss to Capt. Chaffee was one soldier. One or two scouts were hurt. The prisoners have been sent to San Carlos in charge of sixteen Indian scouts, and should arrive there to-day if nothing happens.

The same day 100 Indians crossed Coonap's valley and entered the Sonora mountains. They killed fifteen head of cattle while passing the valley and took the carcasses with them into the mountains, where it is evident they intend to stay. Capt. Chaffee, with his soldiers and scouts and 350 Mexican volunteers, is in pursuit and will try hard to exterminate the entire band.

GREER COUNTY WANTED FOR THE APACHES.

WASHINGTON, July 10.—G. Goyion Adams and several other residents of Arizona have had an interview with the secretary of the interior in reference to the proposed transfer of the Apaches on the San Carlos reservation to the Indian Territory. The secretary examined the legal status of the Indians and found that the act of February 17, 1875, forbade the transfer of the Apaches or any other Indians in Arizona or New Mexico to the Indian Territory until congress should legislate further on the subject. The delegation was somewhat confounded when its attention was called to this act, the existence of which was unknown to its members. It was suggested that the Apaches might be transferred to No Man's Land west of the Indian Territory or to Greer county, Texas, a tract claimed by both Texas and the Indian Territory, in the event it should be found to belong to Texas. The suggestion was accepted by the gentlemen, and they will make a strong effort to get the president's consent.

LAMPASAS.

Preparations for the Firemen's Tournament—Other Notes.

SPECIAL TO THE GAZETTE.  
LAMPASAS, TEX., July 10.—The committee have prepared and arranged to hold the state firemen's tournament, beginning on Monday, August 17, inclusive to the 23d. Fifteen hundred dollars in prizes will be awarded, and reduced rail and hotel rates secured. The city has voted the hose companies, Nos. 1 and 2, \$300 to equip themselves with the necessary accoutrements for service, also furnishing each with a fine hose and carriage.

A grand complimentary ball was enjoyed to-night at the Park hotel by the fair and chivalrous of our city, in honor of Mr. J. N. Dyer, a popular young druggist, who recently married Miss Mattie Masterson of Round Rock.

The Santa Fe engineers now out on the extension will also lay out another depot at about the fortieth mile, or half the distance from here to Brownwood, while out this trip.

EL PASO.

New Developments in the Court-House Investigation.

SPECIAL TO THE GAZETTE.  
EL PASO, TEX., July 10.—Startling developments were made in the court-house investigation to-day. Britton & Long had closed their testimony and public opinion was beginning to change in their favor. To-day G. S. Brower and A. Krause, the two contractors who have been at work on the plans, testified that they had taken a blue print of one of the tracings in the clerk's office before the contract was let to Britton & Long, and that the blue print was very different from the one now before the court in minute particulars. Long and Architect Giles swore to these same plans before the court last year. The evidence to-day fell unexpectedly and seems to show conclusively that the plan has been tampered with. The trial had become dreary, but there is considerable excitement over this new evidence.

The scouting party after the would-be murders of Cabell, Williams and Gresham returned to-day with no news.

WACO.

Nothing Heard of the Missing Cattleman.

SPECIAL TO THE GAZETTE.  
WACO, TEX., July 10.—There is very little to add to the account telegraphed last night concerning the sensation caused here by the disappearance of W. A. Jackson, the cattleman. All the parties here who hold his paper have taken what precautionary steps they can and are simply waiting to see what will turn up next. Telegrams from Hillsboro this afternoon state that A. C. Jackson, a brother of W. A. Jackson, who left for Chicago on July 4 to look for the missing man, will be home to-morrow, and whether he can tell anything new remains to be seen.

Considerable excitement on the one hand, and indignation on the other, is caused here by the publication of the following paragraph in the New York World: "Colored Sam Jones, the Southern evangelist, did a great work to-day in Waco, Texas. He made 400 converts, and the city government paid him \$1.50 per head for converts, on the ground that the conversions diminished police expenses."

The subscription fund for Waco university has now reached \$12,000, leaving \$5000 to be raised.

A human skeleton was exhibited on Columbus street yesterday, supposed to be the bones of an aboriginal Wacoite.

Mr. C. M. Seley, president of the Waco State bank, is quite sick at Lampasas.
