INCREASING POPULATION. EVIDENCED BY REGISTRATION.

The Municipal Ticket Has Been Made Up—James O'Brien Found Dead.

Local News Notes.

Beaumont, Texas, March 21.—The registration of voters will, when completed, show a very substantial growth of population for Beaumont, though it will not indicate the full amount of this growth, since hundreds of men now living in the city and expecting to make their homes here have not been in the State twelve months. And others, who have the required residence in the State, have not been in the county six months.

The number of voters registered to date is 2,957, and Registrar Land thinks the total number will not fall short of 3,500.

The colored voter, who has heretofore been an important factor in elections, will not be so important at the April election, the progress of whites having the effect of materially cutting down the percentage of colored voters. The percentage of colored voters registered is 25.74.

TEXAS DEATH ROLL.

VIVAN—Beville, Texas, March 21.— The remains of Mrs. Vivian, an aged resident of Corsica Springs, passed through Beville on evening 21st week on route to Galveston for interment. Deceased was 91 years of age and was among the first white people to settle in the vicinity of what is now the town of Beville, having moved there with her husband when both were young. It was her dying request that she be buried in the family cemetery which was started near the site of their old home two years ago. A strange circumstance connected with her death was her prediction several years ago and which she has all along maintained that she would die on the anniversary of the death of her husband, who had preceded her. She not only died on that day, but within 24 hours of the exact moment of his departure.

WILLIAMS—La Grange, Texas, March 20.— News reached here today of the death in Paducah, Ky., of Mrs. Ann Williams, who was well and favorably known in this country. Mrs. Williams was one of the pioneer school teachers of this county and had lived here for many years. She was 70 years of age and had been afflicted for some time with a bad fall fracturing one of her hip bones, and being over 70 years of age, this was naturally the cause of her death. The father of Mrs. Williams was one of the number of brave Texans who participated in the fall of the Alamo.

RICHMOND—Mason, Texas, March 19.— Died at his home on Willow creek, Mrs. August Brackman, one of the earliest settlers of this county. Deceased was 70 years of age.

Beville Briefs.

Bell of Beville, will be in charge of the affair. The Beville association is a progressive one and has been successful in its work. A meeting of the Beville association will be held at the home of Mrs. W. J. Jones, Friday evening, March 21st. The meeting will be held at 7 o'clock and will be held at the home of Mrs. W. J. Jones.
