

HOUSTON GLASS COMPANY

ONE IS TO BE ORGANIZED IN HOUSTON NEXT THURSDAY

At the Meeting for the Purpose of a Site for the Plant Will Be Selected.

The Electrical Manufacturers' association of this city, of which J. M. Gelselman is president and T. C. Coppinger secretary, will meet next Thursday in the rooms of the Business League.

The object of the meeting is to open up a glass works in this community. Several years ago such an establishment existed here and a great deal of machinery was purchased.

One of the questions that will come up will be a site and it is understood that several local places have been laid for it. That, however, as The Post reporter understands it, is a mere matter of detail. It has already been determined to organize and the company will be prepared to manufacture plates and tableware, bottles, glass insulators, lamps, etc.

The present directors of the association are H. W. Corrie, T. H. Thompson, J. M. Gelselman, Y. P. Schaefer, T. C. Coppinger and George Rivers.

Odds and Ends

Out of the Way News Gathered in All Quarters.

A Post reporter yesterday met an old acquaintance whom he had known as a stock broker in New York and a "high roller" in a "big game" in Texas.

"I've learned a whole lot about Texas in the last few years," he said, "but I don't know much about it now. I got tired of the game and came down here. I got tired of the game and came down here. I got tired of the game and came down here."

THE SCHOOL ELECTION

IT WILL BE HELD SATURDAY AT FOUR POLLING PLACES.

Names of Election Officers—Effort to Bring Out Another Ticket, but It Has Not Yet Materialized.

Secretary Tracy of the city school board has prepared and posted the necessary proclamation for the election of school trustees to be held on Saturday, May 3.

The first and sixth wards will compose the first voting district, the polls for which will be at the Washington street school house. The second and third wards will compose the second voting district, the polls for which will be at the High school building.
