

### SAMSON'S ARRIVAL IS AGAIN DELAYED

D. C. Priddy, acting secretary for the Chamber of Commerce, received a telegram yesterday from Lewis D. Samson, the organizer who was expected in the city in the forenoon from Wichita, Kansas, that unforeseen occurrences prevented his departure at the hour named, and he will be here today.

The same committees are to be retained by the board of directors to have charge of the visitor when he shall arrive in the city. The meeting scheduled to have been held last night will be carried over until this evening at 7:30 o'clock. At the meeting this evening, there will be an exchange of ideas between the officers of the Chamber of Commerce and the expert who is here for the purpose of getting a concept of the possibilities of the field.

It will be distinctive in architecture, and of brick construction, embodying many of the oldest as well as the newest conceptions in architecture, blended and harmonized throughout. The interior will be made to comport with and reflect the elegance of the exterior.

It is learned that contract will soon be let for this mansion, which will be located in the southwestern section of the city. Bishop and Mrs. Temple are now living on Washington street, but are anxious to have their new home completed, so that the transfer of their household may be made.
