POSTAL SAVINGS DEPOSITS LIGHT

Two dollars per month is the rate of deposit being shown at the postal savings bank in Amarillo. The department was opened in this city October 28, and at present the deposits show only \$2. While this is true, the department is authorized and will be maintained. It is stated, as strictly as if an immense amount of money was being banked each day.

One of the explanations offered for the tardiness of depositors, according to those who have made a study of causes and effects, is that the department is new, and the people, especially people with savings deposits, are uninformed as to the system. They know that the venture is a new one, and this element of humanity is not at first glance ready to "fall for an untried name."

That the system will work in a satisfactory manner has been stated over and over again, and the government stands back of it, yet the fact remains that the dear people are not running over themselves to place their "mites" in the hands of Uncle Sam's bank for safekeeping.

It is believed that when the people shall have grown to understand the system better, they will like and use it to a greater extent. Just how long will be required for this change remains to be seen but that it is coming some firmly assert.

On Bird Shooting Trip.

Headed by Frank Wolfen, S. G. Carter, Tom Currie and R. E. Coble, a hunting party left yesterday on a bird shooting expedition. It is stated that the hunters will return to Amarillo this afternoon, if the plans announced at the time of departure are carried out.

This is but one of a number of parties leaving the city this week, the most of them reporting an excellent time with good bags of game. It is reported that during the recent hard freezes that the ducks left for points south and have not returned in appreciable numbers so far.

ZEMO MAKES ASTONISHING ECZEMA CURES

"WE PROVE IT."

Every day ZEMO gives relief and cures men, women and children in every city and town in America whose skins are on fire with torturing ECZEMA rashes and other itching, burning, scaly and crusted skin and scalp humors.

ZEMO and ZEMO (ANTISEPTIC) SOAP, two refined preparations will give you such quick relief that you will feel like a new person.

We give you three reasons why we recommend and endorse ZEMO and ZEMO SOAP for all skin and scalp eruptions.

1st. They are clean, scientific preparations that give universal satisfaction and are pleasant and agreeable to use at all times.

2nd. They are not experiments, but are proven cures for every form of skin or scalp affection whether on infants or grown persons.

3rd. They work on a new principle. They do not glaze over the surface, but they penetrate to the seat of the trouble and draw the germ life from underneath the skin and destroy it. In this way a complete cure is effected in any case of SKIN OR SCALP ERUPTION.
