HOW SPANISH TAKES DEFEAT.

No Disturbances Have Occurred, but the People Are In a Gloomy Mood.

THE LOSS OF THE PHILIPPINES.

This Is the View Taken That Will Be the Outcome of the Final Terms of Peace.

NEWSPAPER COMMENT ALMOST IN ACCORD.

Nearly all Admit That Spain's Colonial Possessions Are Gone and the Country Reduced to Third Rate Power.

Madrid, Aug. 14.—The governors general of Cuba and Porto Rico have acknowledged the receipt of the news of the suspension of hostilities between the United States and Spain and announced the carrying out of the orders.

An order has been issued by the captain general of Madrid suspending the publication of the Republican newspaper El Pais.

The city is patrolled by police, but perfect tranquillity prevails.

The publication of the protocol produced keen disappointment so far as it refers to the Philippines, where it had been hoped Spain would preserve her sovereignty intact. Clause 2 of the protocol dispels this delusion.

Echoing public feeling the independent and opposing papers bitterly criticize the clause as affording pretext for curtailing Spanish sovereignty in an archipelago where control or interference of a foreign power would make the natives ungovernable.

A decree has been issued granting the troops a three months' furlough.

The minister of war, General Coarso, has issued a circular fixing rules for the disbandment of the forces returning from the West Indies, who will hand over their arms and war stores on landing at the ports of Vigo, Coruna and Santander.

The meeting of Saturday of the cabinet council was devoted chiefly to the consideration of means for restoring commercial, postal and telegraph communication with the colonies.

The comments of the press are a veritable funeral hymn on the destruction of the Spanish colonial empire. Some days ago the desire for peace made the people close their eyes to the price, but now upon reading the protocol, they realize that the cost is the loss of that empire which Spain had conquered with so much glory and that Spain now falls to the second rank among nations. The public mind is stunned and there is general mourning.

El Pais prints the text of the protocol signed by the United States and Spain with mourning borders and said: "Spain without colonies is reduced to the role of a third rate power."

El Imparcial says: "Peace will not bring to Spain even the rest she so much needs after three years and a half of war."

El Nacional says bitterly: "If Spain had at least been vanquished only after a furious and heroic struggle she could resign herself. Peace with the United States will only be a momentary respite from our misfortune."

El Liberal says the article in the protocol relating to the Philippines does not indicate that anything good for Spain will be fixed upon, and the question will not be settled favorably for her.

El Globo (ministerial) pines for peace between Spain and the United States, and says the communications on eastern questions which Day and Cambou have signed begins the first chapter in a new history of Europe.

El Tiempo, (Conservative) says: "Peace is an accomplished fact. The bitterness of defeat does not prevent us from seeing with satisfaction the end of the war."

El Epoca says: "The peace is the saddest imposed since the treaty of Utrecht," and expresses doubt "if a government which has allowed itself to be dragged into a war will acquit itself well by negotiating peace."

El Heraldo wants to know how America proposes to make the Cuban and Philippine insurgents submit to a suspension of hostilities and keep them in lock until the evacuation of the islands

by the Spaniards is completed.

Blockading Steamers Coming In.
Key West Aug. 15.—In accordance with orders from the navy department Commodore Howell of the north Cuban coast blockading squadron is rapidly assembling his ships at Key West. Many have already arrived.

The flagship San Francisco with the commodore aboard is here. She looks none the worse for her experience off Havana early Friday morning. The hoist was in her stern by the 13-inch shells from Morro castle has been neatly patched and the damage of the ship is inconsiderable.

The larger gunboats and the torpedo destroyers have not yet received orders, but the torpedo boats and revenue cutters already have been called north.

Forward Movements Stopped.

Ponce, Porto Rico, Aug. 15.—The peace news has stopped all forward movement of the American army in Porto Rico. General Wilson at Coamo, and General Schwan at Mayaguez, will remain at those places. General Henry, who is at Utuado, will return to Adjuntas, and General Brooke, who had advanced beyond Guayamo, will return to that town.

General Miles expects to do nothing pending the arrival at San Juan of the peace commissioners.

Restrictions Removed.

New York, Aug. 15.—The central cable office of the Western Union Telegraph company reports all restrictions placed upon cable traffic between the West Indies, Spain and its dependencies by the government of the United States have been removed.

Houston, Tex., Aug. 15.—There was a tragedy enacted Sunday afternoon in the rear of the premises at 1509 Texas avenue in which a colored woman killed a colored man with a pocket knife.

No one saw the fight and nothing is known about it except the woman's statement. The man's jugular vein was severed and he did not live long enough to make any statement about the affair.

Her fourth husband died of old age a quarter of a century ago.

Hong Kong, August 15.—News of the cessation of hostilities between the United States and Spain was received here Saturday. The British steamer Australia, bound for Sydney, N. S. W., was chartered to carry the news to Manila. No other vessel was available for the purpose owing to the prevalence of typhoons.

One Dead, Other Will Die.

Tyler, Tex., Aug. 15.—Two negroes engaged in a fight in a cabin on Border street here and Joe Johnson had his throat cut and died in a few minutes. His assailant, Henry Reid, was shot three times with a revolver and can not possibly live.

Shooting Bee at Dallas.

Dallas, Tex., Aug. 15.—George Washington, a young negro of 22, was shot and fatally wounded at a boarding house for colored people on Elm street. Mat Henry, a bootblack, and known in Afro-American circles as "Fogey," was arrested by officers and locked up.

Jessie Redmon Is Dead.

Galveston, Aug. 15.—Jessie Redmon, a colored woman, who was cut in the abdomen Saturday night during a melee, died at Sealy hospital. A charge of murder has been preferred against Harriet West, also colored.

Hay May Succeed Day.

Killing in Galveston.

Galveston, Aug. 15.—William Batchelor was shot four times in the breast and died almost instantly here. John M. Wilson, son-in-law of Batchelor's wife, surrendered to the police and is in jail charged with the shooting. Family troubles the cause of the shooting.

Blondes and Brunettes

Smooth, soft, velvety skin will make any woman's face attractive, whether she be blonde or brunette. No face can be lovelier if the skin is free of freckles, liver-spots, rash, pimples, blackheads, tan, sunburn or pimples. To permanently remove all these blemishes there is but one sure remedy, and that is

Viola Cream

This is not a paint that covers up, nor a bleach that withers and destroys. It is a soft, creamy preparation which makes the skin beautiful by making it healthy. It has been used by thousands of women during the past twelve years to their entire satisfaction.

Viola Cream is the only remedy that really and permanently removes all facial blemishes. It can be used with great success in the most stubborn cases. A fair trial will accomplish wonders for the woman and girls whose faces are rough, red, freckled, blotched or pimpled. Druggists sell large jars for 50 cents.
