THE SITUATION IS ALARMING.

Yellow Fever Taking a Strong hold All Over the State of Mississippi.

FEW TOWNS FREE FROM THE DISEASE.

New Cases Are Appearing Much More Rapidly, and Some Places It is Almost Epidemic.

LOUISIANA SITUATION IS MUCH IMPROVED.

No New Cases Announced at New Orleans, but One Case is Reported at Lake Charles--No Fever in Arkansas.

Jackson, Miss., Oct. 11.—The yellow fever situation here is more serious, and the disease is in north Jackson. There is now no section of the city uninfected, and new cases are multiplying rapidly. The official report for Monday is nine new cases, six white and three colored; no deaths. One of the new cases is Rev. E. S. Foster, superintendent of the Baptist orphanage, where the fever appeared two or three days ago.

Dr. J. H. Parnell, state health officer in charge here, has issued the following proclamation:

"Yellow fever is appearing in all parts of the city. The spread is becoming general, and as it will be three or four weeks before cold weather can be reasonably expected, it is again urged that all parties who can possibly do so, leave at once for northern or other points that will receive refugees."

The sanest county of Hancock, where the fever raged last year, is again infected, reports crediting the little town of Waveland with three cases.

Dr. Hunter, secretary of the state board of health, reports as follows:

The suspicious sickness reported at Canton have been reported as cases of genuine yellow fever, its origin being traceable to Madison. The town is badly infected and advised depopulation, which has already been practiced to a considerable extent.

Harrison has 14 cases, 85 under treatment, five serious and two critical.

Madison has 15 new cases.

Oxford reports one new case.

Edwards reports two new cases and one death.

Four suspicious cases south of Crystal Springs.

Taylor's Station reports one new case.

Orwood reports six new cases and one death.

The Gulf and Ship Island road notifies the board that all passenger trains have been discontinued according to orders.

Yellow fever is officially announced at Lumberton and Poplarville, Pearl river county. Lumberton has 16 well developed cases and Poplarville has two. Lumberton has sent out an appeal for immune physicians and nurses.

Seven new cases are reported from Hattiesburg, among being Dr. Bufkin. A serious condition of affairs prevail at Hattiesburg. In addition to yellow fever several cases of smallpox have developed among the negroes.

The Situation in Louisiana.

New Orleans, Oct. 11.—Dr. Souchon reports the following as the record for Monday:

New Orleans, no cases, no deaths.

Clinton, three cases, no deaths.

Wilson, four cases, no deaths.

One case of fever is reported at Lake Charles. Infection traceable to Alexandria.

The New Orleans board of health has declared all danger of epidemic passed and has asked the state board to permit the city to open its doors to all points.

No Yellow Fever.

Little Rock, Oct. 11.—Dr. Krause of the marine hospital service, after an examination of the suspicious fever at Varners has pronounced it to be a case of malaria hematemia and not yellow fever.

Waco Street Cars Running.

Waco, Tex., Oct. 11.—Street cars ran in Waco yesterday from noon until night. A force of new men were secured. Little disturbance occurred, but officers were continually on guard. Many of the new men were induced by the strikers to leave town last night. Only two arrests were made. The strike has been on one week.

Killed by Lightning.

Fredericksburg, Tex., Oct. 11.—Amandus Vogel, a well-to-do farmer living about 12 miles from town, and his three horses were killed by lightning while driving home from a cotton gin. Usen

examination it was found that he had a small hole in his head. His three horses were lying side by side.

Evacuation Progressing Satisfactorily.

Washington, Oct. 11.—Advice received at the war department indicate that the evacuation of Cuba by the Spanish forces is proceeding satisfactorily and smoothly. The threatened trouble at Manzanillo has blown over, and the Spaniards have yielded control to the American forces.

BACK FROM ALASKA WITH LITTLE MONEY

Over Two Hundred Passengers Reached Port Townsend, but Left Klondike Gold Behind.

Port Townsend, Wash., Oct. 11.—The steamer Topeka has arrived from Alaska bringing about 240 passengers from the various northern mining districts. Many of the Topeka's passengers are from Dawson. They bring but little money with them. They left Dawson Sept. 24 and came up the river on the steamer Flora.

Ex-Mayor W. D. Wood of Seattle, who was aboard the Flora, when part way up the river, fell overboard and came near being drowned. A life buoy was thrown to him and he was picked up.

L. S. Allen brings glowing reports of the Forty Mile district. The Rock Island company has a complete hydraulic plant at the mouth of Forty Mile creek, which will be transported to the boundary, 20 miles from the mouth of the creek, on the ice this winter and placed in operation early in the spring. This company has 120 acres of plac ground, on which men with rockers have been making from \$6 to \$10 per day, with rockers working only a few cubic feet per day, while this plant would have a capacity of several hundred feet.

A San Jose company which went to the Kana peninsula early last spring made a stake on Copper creek, a tributary of the Kana river, which indicates well. The company placed a hydraulic plant, but owing to the scarcity of supplies were compelled to abandon the work for the season. G. W. Towle, manager for the company, speaks well of the property. He reports the discovery of extensive copper deposits between Homer City and Resurrection City. The copper carries sufficient gold to pay for working and it is within easy reach of salt water.

Returning Klondikers report considerable thieving along the river. Caches and tents are being looted of supplies by parties who are trying to work their way into Dawson without money. Several parties have been robbed of their entire outfits and have been compelled to return.

THE INDIANS ARE PROCEEDING SOUTH.

Armed Bands Seen Around Cass Lake, and some Have Been Seen Near Parker.

Minneapolis, Oct. 11.—A special to The Journal from Cass Lake says that armed bands are undoubtedly proceeding south. Calls were received from Benedict for troops, but none were sent, as this was considered the more critical point. There is considerable apprehension and an undoubted necessity for troops to allay panic in the small towns along this line.

The following telegram was received from Superintendent E. C. Blanchard of the Northern Pacific at Parker, Minn.

"Woman just in at McGregor from Portage Lake, four miles west of here reports two dozen Indians in war paint drove her from her home. She thinks her husband and father are killed."

Fatal Matrimonial Career.

San Francisco, Oct. 11.—Alex S. Sampson of West Duxbury, Mass., is dead at the city hospital here after being lured to this city by the advertisement of a matrimonial agency. He was 65 years of age, and came here to marry an alleged "rich widow." He met a woman who has recently figured in a somewhat similar case, but when his money was gone she is said to refuse to recognize him. Just before his death which is attributed to worry and disappointment, a letter for him containing funds reached the postoffice here from Mrs. Eleanor Magoun, East Pembroke, Mass.

Prize Steamer to Be Returned.

New York, Oct. 11.—Deputy Quartermaster Kimball has received orders from the war department to return the Spanish prize steamer Mexico to her owners, the Spanish line. The Mexico will carry stores to Porto Rico and will then be taken to Havana to be turned over to her owners. She will sail from New York the last of this week. The Mexico was seized in the port of Santiago when the city surrendered and she will be returned on the ground that her seizure was illegal.

Supposed Rich Man in Jail.

Oakland, Cal., Oct. 11.—William H. Allen, a recent arrival from the east, who claims to be worth nearly a quarter

R. J. FORD.

of a million dollars, is locked up in the city prison on a charge of obtaining money under false pretenses. He was arrested on a complaint sworn to by John Ludemann, who alleges that Allen, to secure a mortgage on the Winters hotel, executed deeds to property in this country and Missouri, to which he had no title whatever.

Cincinnati Buys Taylor.

St. Louis, Oct. 11.—Receiver Muckenfuss of the St. Louis baseball club has sold Pitcher Jack Taylor to the Cincinnati for \$4000 and Pitcher Hill. He said the sale was made because the Browns needed money and this cash offer was made just at an opportune time. It is further stated that John T. Brush is after Lufe Cross, the Brown's star third baseman.

Will Meet at Washington.

Quebec, Oct. 11.—The international commissioners met for a few minutes on Monday and then formally adjourned to meet in Washington Nov. 12.
