New Way to Make Apple Dumplings

Served With Hard Sauce or Cream and Sugar

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

Here is a new way to make apple dumplings that will surely please every housewife, for it is not necessary to have whole apples, and the juice cannot run out and burn as with apple dumplings where the apple is placed in the center and the dough turned up around it. The biscuit part forms a crispy shell that holds the apples and juice.

K C Apple Dumplings

One and one-half cups sifted flour; 1/2 teaspoonful salt; 3 level teaspoonfuls K C Baking Powder; 1/2 cup shortening; about 1/2 cup milk; apples.

Fill the cups of a buttered muffin pan with pared and sliced apples, sprinkle with salt and turn two or three tablespoonfuls of water into each cup. Sift together, three times, the flour, salt and baking powder; work in the shortening, and mix to a soft dough with the milk. Drop the dough from a spoon with the apples in the cups, giving a smooth exterior. Let bake about twenty-five minutes. Invert the pan on a large serving-dish. Put a spoonful of hard sauce above the apple in each dumpling and finish with a grating of nutmeg.

This is only one of the many new, delicious and appetizing recipes contained in the K C Cook's Book, which may be obtained free by sending the colored certificate packed in every 25-cent can of K C Baking Powder to the JACOBS MFG. CO., Chicago. Be sure to get the 25-cent size—smaller cans do not contain Cook's Book certificates.

BAILEY QUESTION BOBBED IN THE HOUSE

Burlesque Resolution Offered Extolling Bailey and Lorimer as "Greatest Living Champions of Civic Virtue."

[By Associated Press.]

Austin, Texas, March 6.—In the house this morning Representatives Terrell of Cherokee and Shannon introduced a resolution inviting United States Senators Bailey and Lorimer to address the Texas legislature on the subject, "Purity in Politics." The resolution called these two senators the "greatest living champions of civic virtue." The Bailey men protested and the speaker assured them that a second reading this resolution would not be permitted. Representative Hill, of Denton, moved that both the resolution and the authors be sent to the insane asylum.

In the senate Senator Vaughan offered a resolution thanking United States Senator Culberson for his share in defeating the bill to reimburse Senator Lorimer to the extent of \$25,000 for the expenses of his investigation, which was tabled by a vote of 13 to 12, with five senators present and not voting.

Senator Culberson Lugged In.

[By Associated Press.]

Austin, Texas, March 6.—Toward noon Senator Vaughan again introduced his Culberson resolution. A long debate followed. Mr. Vaughan declared that Bailey's supporters voting against it would not be re-elected. Senator Hudspeth reflected on Culberson's career, mentioning the Brownsville affair. When the senate adjourned until 3 p. m. it was still discussing the resolution.

OUTLOOK FOR COTTON CROP

Winter Has Been Most Favorable and Twenty-five Per Cent Increase in Acreage Predicted.

[Special to The Bryan Eagle.]

Austin, Texas, March 6.—During recent investigations by the federal agricultural department it was shown that cotton has increased during the past ten years from 7 to 14 cents a pound and the price of staple cotton goods has decreased from 1 to 4 cents a yard. This increase in the price of cotton and decrease in the cost of the woven fabric has taken place while the cotton area has constantly increased from year to year. In a part of the cotton belt of America has the acreage increase been so rapid as in Texas. Last year this state produced one-third of the entire crop of the country, and it is given out by those who make observations in this particular that the area devoted to cotton this year in Texas will be fully 25 per cent greater than last year. In all parts of the state the winter has been the most seasonable in the matter of putting the land in proper condition within the past four years. Rain has been abundant and this always insures a large cotton crop, particularly when rain falls plentifully during February and early March.

REV. GEO STEWART RETURNS TO EVANGELISTIC WORK

Will Begin Revival in San Antonio in April—Has Tent with Capacity for Ten Thousand.

[Special to The Bryan Eagle.]

San Antonio, Texas, March 6.—Rev. George Stewart, the famous evangelist, has been secured by the pastor of Travis Park Methodist church to begin a revival in this city early in April and continue the work indefinitely. While Rev. Mr. Stewart comes under the auspices of the Methodist church, it is understood that all the Protestant churches of the city will co-operate in the effort. His fame as an evangelist has made him one of the greatest drawing cards in religious circles in the United States. Few cities contain an auditorium large enough to accommodate the crowds who go to hear him. To meet this condition he carries a tent with a seating capacity of 10,000 people. This tent will be used during the meetings in this city.

THE METHODIST REVIVAL.

The revival at the First Methodist church began yesterday with every indication of success. Large crowds attended both the morning and evening services and the interest manifested was deep at both hours. Mr. A. C. Fisher and wife, who are conducting the music, arrived Saturday and that feature of the services yesterday was very inspiring. A large choir is being organized and the singing alone promises to be an attraction which will draw large crowds. Mr. Fisher has the knack of getting everybody to sing and his solos are of great tenderness and power. Mrs. Fisher is an artist as an accompanist, and possesses a

rich alto voice which she uses in very effective duets with her husband.

Rev. Glenn Flinn, the pastor, preached yesterday morning on "God's Call to His People" and last night on "What is Your Life?" The sermon at night was a plea for an earnest consideration of what the preacher termed some of the "neglected aspects of life," and at its close the audience was dismissed and requested to leave the house in perfect quiet. The impression of the service was evidently a very deep one, and one that promises results.

Services were held this morning with an attendance very gratifying and are announced to begin this evening again at 7:45 o'clock.

REV. GLENN FLINN, PASTOR OF THE FIRST METHODIST CHURCH, WHO IS DOING THE PREACHING AT THE REVIVAL BEGUN AT THIS CHURCH YESTERDAY.

BROKE AVIATION RECORD

First Effort in Aerial Scouting Completely Successful—Made Longest Two-Man Flight on Record.

[Special to The Bryan Eagle.]

Laredo, Texas, March 6.—It is expected that the government biplane which flew from Laredo to Eagle Pass last Friday will return today.

In the record-breaking flight of 116 miles from Laredo to Eagle Pass, Lieutenant Foulis and Phil Parmalee carried weight, all told, of 1400 pounds. The distance was covered without a stop, at almost one mile a minute, the flight being the longest ever made with two men in a machine. Over most of the distance they maintained an altitude of about 1000 feet, making a careful survey of the country on both sides of the river.

Very naturally both Laredo and Eagle Pass celebrated the achievement with quite a demonstration and are proud that the two Texas border cities have been made the starting and stopping points of the most remarkable flight in the history of aviation up to this time.
