- "National" Cook Stoves.

Calvert Furniture Co.

With the returning prosperity to this section, we desire to express to our customers our appreciation of the spirit they are showing in meeting their obligations with us contracted during the drought and resultant dull times. And thus helping to clear the way for putting the business on a cash basis in the future. We are glad indeed to have such co-operation, which we always have felt that we could depend upon receiving.
E. H. CALDWELL & SON
