REVOLUTION AT HOME.

Antoraey is getting nailed these days, at home and abroad. When Judge Childers was over Judge Chambliss, reactionaries to the northward not a mighty jolt, and woman suffrage, which had been officially frowned upon, received the unqualified endorsement of the people. Judge Childers will serve his constituency well. He is liberal in his views; not too cautious; decidedly impartial and inclined to do the right thing.

The elimination of Archie Parr is not certain. There are conflicting reports. But there is reason to believe that Mr. Glascock, who, and if he did, it was a victory which amounted to revolution. Morally, he was outbitten to election. There is no doubt whatever that he was the choice of the people; that he received a clear-cut majority in the July primaries. The courts decided against him, and if we did not contend for his election it was because we believed that it was wiser to subscribe to error, committed according to law, than to overstep authority and lower the bars.

Whatever comes of it, this election has paved the way for decency. The people, by their ballots, have proved their mood, and they are in no humor to trifle. The bosses are done for. The vote susceptible to manipulation has taken to the caucus. Look at Duval! Over there, where Parr was paramount, and no end of hirelings awaited his order in the old days, the Department of Justice had eyes, and they were hard eyes, at that, bent on seeing the performance through. But for fear of the law, Duval would have flocked to Parr in such wild glee that it would have taken an adding machine to reckon the total, and you have counted the vote for Duval!

INFLUENZA WORSE THAN HUN BULLETS

CLAIMING MORE VICTIMS THAN BATTLE-FRONT OF EUROPE—DISEASE CAN BE AVOIDED

According to carefully compiled statistics it is an indisputable fact that the Russian influenza epidemic which is now sweeping all parts of the continent is daily claiming far more victims than German bullets in the battle-fronts of Europe. Although the civil and military authorities have succeeded in checking the disease in some localities, it is growing worse in others and continues to spread at an alarming rate. That the disease can be avoided there is no longer any doubt. According to leading authorities the average percentage of the human population that is infected is only one-tenth. It can be avoided if proper precautions are taken, not even including Spanish influenza, which is one of the most contagious diseases known.

It is persons who are suffering from influenza who are weak and susceptible, and who, if they do not strengthen their system, are the most likely to be attacked. Persons who have had colds, who are suffering from influenza, or who are suffering from influenza, are especially susceptible, as the influenza virus remains in the system at the time and throat are still open door to the germ. This condition is almost always accompanied by a weakened condition of the system.

If you are suffering from any of these symptoms, nothing on earth will build you up and strengthen you like Tonic, which contains the most powerful tonic properties known to science.

This statement is easily proven by the fact that Tonic is now having the greatest sale of any system tonic in the history of medicine. In less than four years since its first introduction it has been sold and the demand is constantly increasing. Thousands are using it daily for the above trouble, with the most astonishing and gratifying results.

Tonic increases your strength and weight and creates a good, healthy appetite for nourishing food. It keeps you physically fit and helps every organ of the body perform its proper function in the natural way.

In connection with the Tonic treatment be sure and keep the bowels open by taking Tonic Laxative Tablets, samples of which are included in every bottle.

Tonic is sold in Corpus Christi by Bluff Drug Store.

Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable, I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would grip me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not had to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape. I cannot say too much for Black-Draught for it is the finest laxative one can use."

Theodore's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects. It has won the praise of thousands of people who have

SPORTING GOSSIP

LINCOLN, Neb., Nov. 7.—The University of Nebraska football management is anxious for an attractive Thanksgiving Day engagement, the game to be played in Lincoln.

Prof. H. B. Scott, athletic manager, is considering switching the Nebraska-Northwestern game, scheduled for Nov. 23 to Turkey day. Northwestern was promised a \$4,000 guarantee for the Nov. 23 tilt when the game was contracted for. But recently efforts were made to induce the Eastern management to cut that figure nearly in half on account of the very poor financial condition of the season here. However, the original guarantee will stand if transfer to the holiday can be arranged.

If Northwestern accepts the Thanksgiving proposal, it is probable an invitation will be extended to the football team of Camp Funston to meet Nebraska on the local field on Nov. 23.

This arrangement would give the Cornhuskers the following schedule: Nov. 2.—Missouri at Columbia; Nov. 16, Kansas at Lincoln; Nov. 23, Thanksgiving at Lincoln; Northwestern—Northwestern at Lincoln.

GRAY LAKERS, Ill., Nov. 7.—Joe Doyle, the "Babe Ruth" of Great Lakes, has signed a big league contract. He is a St. Louis amateur who played third base for the First Regiment Habords, one of the strongest clubs on the station. He broke into the limelight by flinging a home run over the Camp Dewey drill hall, a smash that might be compared to a NFL ome, the left fence of any major league park.

Not only did Doyle lead the league in hitting but some of his slugging records are remarkable for an amateur. He gathered a dunch home runs and nine triples.

He has signed with the St. Louis Cardinals, the contract calling for his services after he is mustered out of the navy. A special contract for him was drawn by the national commission and forwarded to St. Louis.

Doyle is 21 years old, hits and throws right-handed and uses his left.

NUT SHELLS AND FRUIT PITS URGENTLY NEEDED

Red Cross Committee Will Be in Charge of Vigorous Campaign That Has Started

Beginning today a committee from the Red Cross composed of Misses Ethelma Born, Louise Bernard and Annie Cronley will conduct an active campaign for nut shells and fruit pits to be used in the manufacture of cartridges for use by American soldiers.

Barracks will be placed on downtown street corners and it is requested that those who have saved the pits and shells deposit them in such receptacles or else that they phone 135 or 678 and a Boy Scout will call for the package. It should be clearly understood that the American Red Cross had been officially designated as the organization in charge of the campaign for Fruit Shells throughout the country. While the closest co-operation of other government departments and organizations should be had, the Red Cross is in complete charge. It happens that a great many organizations and departments were asked to proceed with the campaign while plans for the Red Cross participation were being worked out.

No more important appeal has been made to the American people than this. Unless this campaign is a success it will be impossible to furnish the best made to our men during the next few months.

Two hundred peach stones will produce enough carbon for one gas mask. Seven pounds of nut shells will also produce enough carbon for one mask.

Your Contribution to the United War Work Campaign is the Mite That Maintains the Morale of the American Soldier.

OPIMUM SMUGGLING OFFERS MOST ALLURING REWARDS

VLADIVOSTOCK, Nov. 7.—Opium smuggling from eastern Siberia into Harbin offers such alluring rewards that scarcely an opportunity is overlooked by train porters and conductors. Across the Manchurian frontier the hundreds are doing with glib facility. The prepared drug will bring three times its purchase price if safely delivered into the Manchurian town.

Syrup Keeps Down Food Costs

When everything now is going sky-high and nearly all articles of food have increased as much as 50%, it is a good thing to consider using more of a food which will be nutritious and healthy and at the same time not cost so much. Syrup is one of these few foods. Not only is it healthy but it furnishes to the body the fuel needed to keep it going.

Dunbar's Syrup

Dunbar's King Komus Syrup is the syrup for you to buy. It is made in Louisiana right where the sugar cane grows, and the syrup has the flavor of the cane itself. It is pure and unadulterated. It is put up in a model factory in sanitary cans. Because Dunbar's King Komus is pure you get full food value. It is, therefore, the cheapest in the end. But more Dunbar's King Komus Syrup and keep down the cost of living. Ask Your Grocer.

HILL, COOK AND POPE, INC.

In a private car from Vladivostok recently unearthed a small package in her compartment. The car porter seeing it in her hands attempted to take it from her. Being a young woman of spirit, she grabbed up a pistol, which, upon the porter fell upon his knees and begged for mercy. With a little persuasion he produced from beneath the young woman's berth a dozen more similar packages. They aggregated several pounds of opium.

Other Americans on board were summoned and it was decided to turn over the opium and the porter to the first customs officer encountered. This being done in the station at Harbin, the customs officer confiscated the drug, thereby earning a reward of several hundred rubles, not declared he had an authority to arrest the smuggler and the porter went his way.

The best proof in the world of what the war workers' agencies are doing for the soldiers is found in the list of thousands of letters written by the soldiers themselves received by the folks back home, placed in the local papers and in the columns of many of the leading magazines. Here is an extract from a letter written by a boy from Waco, Texas.

"I am in an officers club at the 'Y' and have some time here. If ever the 'Y' has any of the other organization over there, please let me know."
