

SERGEANT BARSTOW OF ENGINEERS TELLS OF EXPERIENCES OVERSEAS

Corpus Christian Tells of Departure From New York and Arrival at Front of Regiment—Engineers Were in Fighting Line For Forty Days

One of the most interesting and interesting of the war is the story of the experiences of the men who have been overseas. Sergeant Barstow of Engineers tells of his experiences from the time he left New York for France, to the time he arrived at the front, and of his experiences in the fighting line for forty days.

The first part of the story is the departure from New York. The second part is the arrival at the front. The third part is the experiences in the fighting line.

MEAT CAUSE OF KIDNEY TROUBLE.

TAKE SALTS TO FLUSH KIDNEYS IF BACK HURTS OR BLADDER BOTHERS

If you must have meat, eat it with care. It is not the meat itself, but the fat and the salt which are the cause of kidney trouble. The kidneys are the filters of the body, and if they become clogged, the result is a general poisoning of the system.

To keep the kidneys in good condition, it is necessary to take salts. These salts help to flush the kidneys and prevent the accumulation of waste matter.
