EDITOR GAZETTE:

Our public school taught by Miss Zoe Bunting closed the term on the 10th. The pupils acquitted themselves with honor to the teacher. It has been my happy privilege to visit the school taught by this able and highly accomplished young lady, and never did I see pupils advance so rapidly as here. The Bohemian pupils seemed to advance as fast as the Americans, and as devoted to their teacher. This is Miss Zoe's first term here and we all hope she will continue to be the teacher for perfect satisfaction was given to all.

Mr and Mrs Seth Bunting are snugly domiciled in their home.

Mr Sulac, an honorable and respectable Bohemian farmer, met with a shocking accident on the 2, in which he is not fully recovered.

He was returning from the woods some six miles distant, whence he had gone in a jumper, and it is supposed he ran over a stump and fell out, dragging by the feet about 150 yards. When found his coat and shirt were hanging only by the wristbands, and he was in an insensible condition. He was badly bruised on one side from his head to his feet, one eye being perfectly black. The horse in his run had demolished the gig. Mr Sulac was brought home and medical aid summoned. It is now over two weeks since the accident happened and Mr Sulac is still in a precarious condition. He lies in a prostrated condition, sleeping all the while. Having never recovered his mental faculties nothing definite can be ascertained as to how the accident happened.

Last Thursday J W Griffin and family were summoned to the dying bedside of his brother-in-law, W A Cobb, of Denton Creek, who passed peacefully away to the realms of eternal bliss on January 16, after an illness of several months with consumption, leaving a disconsolate wife and four children to mourn his loss; also many friends who will sadly miss the good man, for he was a true and faithful friend in time of need. His remains were taken in charge by the U. C. V. and conducted to Denton Creek cemetery, where they were

consigned to Mother Earth in the presence of a large concourse of friends. The funeral services at the residence were conducted by Rev. Fouts. May kind providences help and sustain his family in the affliction and grief. We extend our deepest sympathy. Amicus.

WOMEN SHOULD KNOW

That the Disorders commonly called "Female Diseases" are the foundation of nearly all the Troubles from which they suffer.

Whiten, Chlorosis, Felling of the womb, Painful and Irregular Menstruation are caused by derangement of the organs of reconstitution. Headache, Backache, Dizziness, Knapions of the skin and fainting spells are also symptoms of the same diseases. Being only symptoms, their temporary relief does not cure the disease.

MCLELLAN'S WINE OF CARDUI
CURES FEMALE DISEASES

by acting directly upon the delicate organs affected. It can be taken in the privacy of home. Thousands of ladies use it. Druggists sell and compound it. One Dollar buys a large bottle.

Pharon Carr, Lawrence County, Mo.
I have been afflicted with irregular and painful Menstruation and very severe Cramping Spells for some time. After the best doctors I could find had failed to benefit me, I tried the Wine of Cardui treatment. I commenced sending at once, and before I had used a full bottle I was better than I had been for twelve months. NETTY WATSON.
