YESTERDAY was a tough day for the locomotion of the electric street railway. The snow on the track made it difficult to slip, and it was a while before a sufficient hold to open.

MR. BROWNING, the stalwart baseballist of Ogden, is to leave for Boston, Mass., for business. (Late Tom Carter) is in this city. It is to be hoped he will form the nucleus of a healthy baseball team next season.

As showing the best of Liberal colonizers, a young man, who just came in from Ogden, was observed remarking to a chum last night that "a regular from Ogden" is a regular in being all who would take the required oath.

The following communication is self-explanatory: "To the Hon. Utah Commission: Gentlemen:—I hereby tender to you, as deputy registrar for Salt Lake city, to take effect January 13, 1890. Very respectfully, R. D. Win.

AS AN instance of how the mail service in the south goes, a business man of this city yesterday cited a HERALD reporter's attention to two letters, one from Memphis, Tenn., and one from St. Louis, Mo., which were dated December 31, 1889.

SERGEANT FITZGERALD's report of yesterday's temperature is as follows:—Salt Lake City, 32; Helena, 30; Fort Carter, 30; Fort Washburn, 28; Rawlins, 28; At 11 a. m.—Salt Lake city, 32; Ogden, 31; Stockton, 32; Provo, 32; Alta, 22.

THEODORE NYSTROM, from whose interesting paper from New York THE HERALD has published several interesting extracts, is on his way home, being called back by the serious illness of his father, F. T. Nystrom. The young man left Chicago last night and is expected here tomorrow.

THE Liberals now say that the reason more prominent men were not selected as nominees for aldermen was that they were believed to be coming election will be held under the new law, which does away with that office entirely, and that the nominees were selected only as a graceful compliment.

IT is a sad piece of news that THE HERALD has learned that the estimable "Died" this morning—the death of Nettie S. Alder, which occurred last evening. The estimable young lady was 21 years of age, quite modest, unassuming and intelligent. She was a native of Iowa, and her knowledge will come with a cruel shock.

THE attention of voters is called to the fact that to-day is the last day on which voters, who have removed from the city, may be registered for the next election. It may appear hereafter that the registration officers, who have their names transferred, possibly will be called upon to do those who, after to-morrow, move from one precinct to another.

SHERIFF FOWLER, yesterday, discovered that a man named Joseph Partlow, who was arrested in Provo a few days since, on a charge of obtaining money on false pretenses, and sentenced to the county jail for forty days, was a deserter from the Sixth infantry, and the prisoner was immediately turned over to the officers at Fort Douglas yesterday.

A PARADE.

Manager Barton was in line, congratulating himself that there was no show.

The Sixteenth ward brass band came out in water-proof coats of different colors.

Registrar Hyams—"I have seen it all from the Metropolitan hotel, and it is just fine."

The firemen looked on longingly from the pavement—but they didn't dare take a hand.

General Connor took it in an amazed silence from a group opposite the Walker house.

Registrar J. R. Morris—"It is very good, considering the cause for which they are marching."

Dr. Faust was one of the most active aids to the marshal, and laid General Connor in the shade.

Held & Johnson's "Where Did You Get That Flag?" drew forth considerable favorable comment.

Never was a parade started more promptly, thanks to the good generalship of Marshal Young.

The Scandinavian band was a big feature in the procession. Their music made a most excellent showing.

The Third precinct was the first to salute THE HERALD as it passed the office on its way to the place assigned to them.

The large flag on THE HERALD building, which was raised by the people's party by citizens of Chicago, was admired by THE HERALD compositors all three up their windows and abandoned work for the time being. Not a Tribune man looked up from his case.

Many soldiers from the post took it in. An officer complimented the cavalry, and said its only fault was that it bunched a little too much.

Zeb Jacobs' juvenile club was one of the features in the procession. In reply to the query, "You're Zeb," he said: "Yes, for a time, but I don't board 'em."

G. F. Gebhardt, a boy of fifteen years, fired four shots from a revolver, and was caught in the procession. He claims to have had no mischievous intent.

"Brother Derr" was among the old standbys who turned out on this occasion. He is scarcely as young as he used to be, but his courage is still with considerable more grace than some of his younger companions.

Johnson, Pratt & Co. illuminated the head of Main street with red fire, each club being in the procession. They made a good showing, and received the thanks of the marchers in the shape of cheers.

There was but one transparency in the procession, and on this was inscribed: "Equal rights to all. Success to the men who have made Utah what it is. A fair field and no favor."

"There is a lot of a lot of young fellows in the ranks," said one Liberal to another last evening. "They are young, it is true, but they are old enough to vote."

There were 4,733 people in line. Mr. Rowe says he gave out 2,310 shirts, outside of the drum corps, the City Guards and the City Guards' band, and besides all these there were civilians from each ward.

Judge Powers was not seen last evening. He was "at home" to the Liberal drum corps, and when they were marching, fitted music in the distance, it is said he yelled, "Hit her harder, boys, and drown that other noise!"

At the first firing of roman candles and fireworks, the horses of Third ward cavalry near by became frightened, and Dr. Benedict's horse slipped and fell to the ground. The doctor nimbly sprang off and thus avoided injury.

There was a little little scene near the head of Main street, in which a Third ward maid had mounted a horse block, and as the club of that ward passed, feminine "hurrahs for the Third ward" rent the air. They are young, it is true, but they are old enough to vote.

A smile wreathed the faces of the People's party, most of whom were in or out of the procession. There are some ten defect in every party. Throgs of men who stood by and saw the parade will vote the Liberal ticket in February, as evidenced by their hearty cheers and enthusiastic remarks last evening. One of these said: "We have beat the Libs at everything so far and we believe we will down them in the primary election. There are young men, on whom the Liberals have been counting, remarked that the procession 'knocks the Liberals cold.' If the other party had their eyes open last night they must have seen where Young Utah stands.

The Nineteenth ward schoolhouse was packed for Thursday evening, the occasion being the regular meeting of the club. The following programme was read: A comic song by Richard Collet. Miss Besie Dean sang "The Roll Call." Miss Gracie Gallacher gave a comic reading. Master J. H. Grant read a paper on "The Nineteenth Ward." Hon. F. S. Richards addressed the meeting.

Then followed a quartette by E. Beesly and son, Miss Gray and Miss Raelgh, written by Emily Woodmansee, as follows: THEOLOGY OF THE NIGHT. Uphold the Right, though thee the night, And powerful is the foe. As Freedom's friend, her cause defend, No coward can betray a man—No friend will friends betray, No foe will friends betray. Indifference will not pass.

Note how they toll whose name is spelt, Who plundering plots device; Yet time will teach, that fools o'erreach, And none will be so bold, as can sling design to wrong maintain, Whoever will it so? Can honest men be treacherous hate? Can lies on thistles grow?

Dare to be true and hopeful, too; Be watchful, brave and shrewd; Weigh every act; be wise, in tact, Use no such words as false; Nor basely yield, nor quit the field—Important is the fray; Seize to recede, and no one need To give our rights away.

Left handed frat let those applaud Who would by fraud prevail; In Freedom's name, contest their claim, Use no such words as false; Honor we must each sacred trust, And rightful red display, Can honest men be treacherous hate? High heaven will clear the way. EMILY H. WOODMANSEE.

The Twenty-first Ward Meeting. The regular meeting of the Twenty-first Ward Political club was held on Thursday evening. There was the greatest of interest manifested, which was probably intensified by a visit from the Twenty-first Ward marching club, in full uniform.

The speaker of the evening was Hon. H. J. Grant. His address was, without exception, the most thorough and interesting of the carpet-bagger doings in Tooele and Ogden ever given in the ward, and roused every Liberal to renewed energy.

An original can't come "When Our Returns Come In" was sung by Mr. W. D. Owen, and elicited vigorous applause.

The excellent numbers rendered by the brass band, alone, raised the reputation lost by blowing out frozen notes on Monday evening.

AMUSEMENTS. KATIE PUTNAM TO-NIGHT. Owing to the severe rids which the Putnam company have had for the last few days, through snowdrifts, blockades, etc., with the accompanying annoyances, Miss Putnam was suffering yesterday morning from an attack of nervous prostration to such extent that her physician advised her not to attempt a performance last evening at the theatre. However, later in the afternoon she was feeling much better, and so she was able to appear in the view of the People's party, and there will be a grand matinee performance of "Erma the Elf" at the usual matinee places and for the evening performance the company will produce the new and original comedy drama of "Honor Bound." The organization has recently been strengthened by the addition of four new members, and will doubtless render an interesting entertainment.

ONCE AGAIN WE BOW. What Our Exchanges Have to Say of The Christmas Herald.

Below are a few more comments concerning THE CHRISTMAS HERALD, in addition to those already published in these columns: IN NEW YORK.

Spencer Clawson writes from New York that THE CHRISTMAS HERALD, which have reached business houses there are greatly admired and appreciated, and he thinks they will do Utah and her people a great amount of good.

A BRILLIANT NUMBER. THE SALT LAKE HERALD may well feel proud of its Christmas edition, for it certainly is a brilliant number of this most surprising year. It is a neatly printed and contains forty-four pages of interesting reading matter, besides many pictures of Utah's prominent buildings and scenery. THE HERALD is ably edited by the main conservative, yet always clear and forcible in its views. —Rock Springs Miner.

A FIRST CLASS NEWSPAPER. The Christmas edition of THE SALT LAKE HERALD comes to us filled with much reading matter of a historical kind, together with a full and complete list of business buildings in Salt Lake city, and of villages and towns in Utah. No one can say but that THE HERALD is a first class newspaper, and its proprietors deserve a much credit for the manner in which they have gotten up and presented the Christmas edition to its many readers, save and except what will come to the majority of Gentlemen, and to the coming legislature presenting on the first page a life like picture of Brigham Young, and about nine columns of solid reading matter, touching the history of the Mormon, their past and present persecutions, their past and present persecutions, their past and present persecutions, their past and present persecutions. THE SALT LAKE HERALD is a new paper. —Idaho Age.

TAKES THE CHRISTMAS CAKE. THE SALT LAKE HERALD takes the Christmas cake. Its issue for Christmas day contained forty pages, larger than those of the Capitol, filled with much original, interesting matter, with a beautiful lithographic and colored illustration of the comprehensive article on "The History of the Mormons," by President George Q. Cannon. Several literary stories, adapted to the holiday season, are also part of its contents. Altogether it is one of the best and best Christmas papers that have ever been issued. —Annapolis (Md.) Evening Capital.

THE LARGEST AND FINEST. The largest and finest Christmas supplement that has probably been issued by any daily newspaper in the United States, comes to us from THE SALT LAKE HERALD. There are forty pages, 18x24, with an illuminated cover. Salt Lake is "hooded" in true costume, and the illustration of the mammoth advertisement of the merchant there are few cities in the country with an equal amount of enterprise. —Paculet, (R. I.) Evening Times.

NO VITAL SUBJECT SLIGHTED. The holiday number of THE SALT LAKE HERALD is a very handsomely gotten up. It is a brief history of Salt Lake is given, and also a full account of the wonderful growth and progress of that city during the past year. Much space is well devoted to the present needs and future possibilities of Utah. There is no subject which effects the vital interests of the territory but that has received attention in this holiday number. Idaho and other portions of the northwest are mentioned in well written articles. The illustrations are excellent. —Montpelier (Idaho) Observer.

NOT SUPPRESSED IN THE UNITED STATES. THE SALT LAKE HERALD comes to our exchange in a gorgeous appointments. This beautifully illustrated Christmas edition of forty-four pages has not been surpassed in beauty of finish and elegance of design by any of the great metropolitan dailies of the United States. It is certainly a grand newspaper and is a credit to the newspaper world. —Meridian (Miss.) News.
