VERY LONG SESSIONS.

The Council Passes the Utah Territorial Library Bill.

A BILL ON MECHANICS' LIENS.

The Anti-Cigarette Measure Lengthily Discussed in the Council—A Misunderstanding About the Asylum.

Both houses held lengthy sessions yesterday, and among the most important business was the reading of Allen's territorial school bill, which seems to meet with general favor in the House, and that body will undoubtedly pass it. In the Council, however, it may meet with a different fate, as Mr. Collett has also introduced a similar measure.

In the House, yesterday, Mr. Kimball introduced a bill to secure to ranchmen, tavern keepers and other persons, liens on personal property. It provides that anyone who shall herd or pasture sheep shall have a lien upon the same until all charges have been paid; provides that the baggage of hotel guests liable to lien, and makes other general provisions of the same nature.

Mr. Kimball also introduced a bill to secure liens to mechanics and others.

There is some little interest manifested in the forthcoming report of the committee who are now examining Fort Cameron, with a view to reporting upon the advisability of its purchase for the establishment of a branch of the territorial asylum. Dr. Pike says there seems to have gotten out a decidely wrong impression in reference to the capacity of the building, and asserts that when completed, he will be able to treat 300 patients with much better effect than he can now handle 100.

In the Council, Mr. Benner has introduced a bill providing that any person who shall kill, wound, ensnare or trap within the territory of Utah any male elk, deer, buffalo, or bison, antelope or mountain sheep, or male or female fawn or young of any said animals between the 1st day of January and the 15th day of October of each year, shall be guilty of a misdemeanor, and shall upon conviction thereof be fined in any sum not less than twenty-five dollars nor more than one hundred dollars for the first offence, and for each succeeding offence shall be fined not less than fifty dollars nor more than two hundred dollars, or may, for each succeeding offence, in the discretion of the court, be imprisoned in the county jail for any period not exceeding three months. Sec. 2—Any person who shall pursue, with dog or dogs, any of the animals mentioned in section 1, for the purpose of killing the same, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than fifty dollars, nor more than two hundred dollars, or be imprisoned in the county jail, not more than six months, or may be subjected to both such fine and imprisonment in the discretion of the court; and any person may lawfully kill such dog or dogs while pursuing any of said animals and shall not be liable for the value of such dog or dogs to the owner thereof. Section 3. No person except butchers and dealers in meat, who have regularly established stands or places of business, shall offer or expose for sale any hindquarter of any of the animals mentioned in Section 1 of this act, without offering or exposing for sale therewith the forequarters of the same, under a penalty of not less than twenty-five nor more than one hundred dollars fine. Section 4. Any person who shall wantonly kill or destroy any of the animals mentioned in the 1st Section of this act, or shall kill or destroy the same for the sole purpose of securing the hide or skin of any such animal, or shall ship, carry or transport out of the territory of Utah any of such animals, or any saddle or quarter thereof, shall for each animal so killed, destroyed, shipped, carried or transported, be guilty of misdemeanor, and on conviction thereof, shall be fined in any sum not less than twenty-five nor more than one hundred dollars, or be imprisoned in the county jail for any period not exceeding three months, or be subjected to either or both such fine or imprisoument in the discretion of the court. Section 5.—Any person who shall kill, ensnare, net, or trap, any quail, partridges, pheasants, prarie chicken, sage hen or grouse, within the territory of Utah between the 1st day of January and the 1st day of September, of each year, shall be guilty of misdemeanor, and upon conviction thereof shall be fined in any sum not less than $5 nor more than $20, and under like penalty no person shall kill, ensnare net or trap, at any time, any lark, whippoorwill, thrust, swallow, snowbird, boblink, blackbird, woodpecker, or other insectivorous birds, not being birds of prey, except English sparrows; provided, that nothing in this act shall be construed to prohibit any professional taxidermist from killing birds, or animals within the territory of Utah, for preservation in cabinets or museums. Sec. 6.—Any person who shall take, kill or destroy any wild goose or wild duck between the 15th day of March, and the 1st day of September of each year within the territory of Utah, or who shall rob the nest of any wild goose or wild duck, or who shall rob the nest of any of the birds mentioned in this act, except the English sparrow, or who shall kill any wild goose or wild duck between one hour after sunset and one hour before sunrise, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than five dollars, nor more than twenty-five dollars for each offense. Sec. 7—The provisions of this act shall apply to all Indians in the territory of Utah except in cases of game and birds taken upon their reservations.

Sec. 8—Any non-resident alien who shall at any time within the territory of Utah, kill, snare, net or trap any of the animals mentioned in this act shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined in any sum not less than one hundred dollars nor more than five hundred dollars, or be imprisoned in the county jail for any period not exceeding six months, or may be subjected to either or both penalties aforesaid, in the discretion of the court. Sec. 9—It shall be the duty of the game commissioners, marshals, sheriffs and constables to see that the game laws of this territory are strictly enforced. Sec. 10—The possession of any game mentioned in this act by any person or persons, shall be prima facie evidence that the same has been killed, taken and in possession contrary to law. Sec. 11—All fines imposed and collected under the provisions of this act shall be paid into the county treasury of the county in which trial may be had, for the use and benefit of the public schools of such county.

THE COUNCIL.

A message from the House announced that on recommendation of the conference committee the House still refused to concur in amendments to C. F. 2.

Mr. Booth asked that further consideration be postponed, as the member most interested was absent. He favored another conference committee.

ON THE GAME LAW.

Mr. Olsen introduced a petition signed by Alfred Solomon and 227 others, asking that the time which is now fixed by law during which it is unlawful to kill certain game be changed. The petition was referred to the committee on fish and game.

SOME FAVORABLE REPORTS.

Mr. Richards, of the committee on judiciary, reported on H. F. 27, relating to appropriation of money by city councils or county courts, offering a substitute and recommending its adoption.

The committee on judiciary reported favorably on the following bills and recommended their adoption: H. F. 19, prohibiting the sale of tobacco to minors; C. F. 26, and C. F. 27, relating to the civil code. The committee further reported on H. F. 14, relating to appeals from the district court, recommending that the bill be rejected, and on C. F. 11, relating to estrays, a substitute was submitted and recommended to be adopted. The committee also reported on H. J. R. 2, calling for the purchase of 400 volumes of Utah reports, suggesting that the resolution do not pass, for the reason that it was thought that amount of money could be appropriated to better advantage to the library by the purchase of law books.

THE DESERET UNIVERSITY.

The committee on university and agricultural college reported on the report of the chancellor of the University of Deseret, making certain recommendations thereon. On motion the report was laid over until next Wednesday, and in the meantime it was ordered that 100 copies be printed. The report recommends that all grades below the second year be cut off, and that all studies except painting, music and architectural drawing, be made free, and further recommends that the sum of $96,050 be appropriated for expenses and improvements.

THE AGRICULTURAL COLLEGE.

The committee on printing reported that 1,000 copies of the report of the board of trustees of the agricultural college had been printed and were now ready for distribution; also, that substitute for C. F. 22, relative to corporate towns, had been printed.

A communication from the House announced that H. F. 8, the fish and game bill, had passed the House.

A SLAP AT THE HOUSE.

Mr. Seegmiller moved that the action of the Council in adopting the report of the conference committee be reconsidered on H. F. 10, in which the word "asses" was stricken from the live stock bill by the House.

Mr. Richards said the House had good reason to desire to strike out the word "asses."

ON CITIES AND TOWNS.

Mr. Hall, of Salt Lake, introduced C. F. 31, relating to charters and rights and powers of cities of the first and second class. Referred to the committee on cities and towns.

LIENS OF MECHANICS.

Mr. Richards introduced C. F. 32, referring to liens of mechanics and others. Committee on judiciary.

ANOTHER ANTI-CIGARETTE PETITION.

Mr. Booth presented a petition of James Turner and one hundred others requesting that action be taken to prohibit the sale of tobacco and other narcotics to minors and hoping that the measure would meet with the unanimous consent of the Council. A similar petition from J. H. Rumel, jr., and others was presented. Referred to the committee.

A communication from the House stated that a second conference committee had been agreed on for C. F. 2, on railroads, and that such committee had been appointed.

H. F. 27, relating to the townsite act, was taken up on second reading and the rules were then suspended and the bill passed.

THE ANTI-CIGARETTE BILL DISCUSSED.

H. F. 19, relating to the sale of tobacco, etc., to minors under eighteen years old, was taken up on second reading.

Mr. Bryan introduced the following amendment to be added to section 1: "And it shall be unlawful for any such minors to use any cigar, cigarette, or tobacco, or opium or any other narcotic in any form." The amendment was adopted.

Mr. Hall moved an amendment by changing the penalty for violation of the act from a misdemeanor to a fine of not less than $10 nor more than $200, giving as his reason that punishment under the laws governing misdemeanors was too severe.

Mr. Hatch said he hoped the amendment would not prevail, as the penalty was not too severe.

Mr. Hall said that the bill now made it a misdemeanor, and violators could be imprisoned six months or less or fined $300 or less.

Mr. Richards said the minimum now was $1, and he wanted the minimum fixed higher. It was not only desirable to pass a law, but it should be put into execution.

Mr. Booth thought $10 was small enough.

Mr. Benner moved that the lowest fine be fixed at $5 instead of $10. He regarded the offense very penal. A boy six years old might go down street smoking a cigarette and think it was manly, and a man might think it cute and reach into his pocket and give the boy a cigar. He thought if the fine was kept at $10 or more no one would make complaint. He wanted it reduced to $5 in order that there would be more complaints, so as to make it—the law—a terror to evil doers.

Mr. Bryan thought it would take $10 to pay expenses of prosecution, and that that amount was small enough, but he would favor the maximum to be reduced to $100, and moved to so amend the amendment, which was carried.

The amendment to reduce the minimum to $5 was lost.

Mr. Richards said the fine should be fixed high enough so that it would prevent the sale of tobacco to minors.

Mr. Collett amended by fixing the lowest fine at $3. In support of the motion he stated that a man could get on a drunk for $5, and a boy who did nothing but smoke a cigarette should not be fined more. Being informed that the motion to reduce to $5 had been lost, and a motion to reduce this below that amount would not be in order, he changed his motion to $6. He said he did not think that the bill fixing the least fine at $10 would have the sympathy of the people, and without it the law would be a dead letter.

The amendment was lost and the original motion prevailed, leaving the figure at from $10 to $100.

Mr. Benner then moved that the fine in the case of a boy using the weed be fixed at $5. He said there was a great difference between the offense and the man who opened an opium joint. The latter should be hanged. The motion prevailed and the bill was ordered printed and further action postponed until Wednesday.

OTHER BUSINESS.

C. F. 26, relating to special and general verdicts of juries, was taken up and passed its second reading. The rules were then suspended and the bill passed unanimously.

C. F. 27, regarding hearings before referees, was taken up and after suspending the rules the bill was passed.

C. F. 22 (substitute), relating to organization of towns, passed second reading.

A communication from the House announced the passage of H. C. R. 12, a resolution to the effect that no bills be introduced in the assembly after the fiftieth day of the session. Committee on rules.

The conference committee on H. F. 10, reported that an agreement had been recorded to the effect that the Council amendments be not receded from. A communication from the House was received on this question asking that a second conference be appointed on the bill. Richards and Seegmiller were appointed.

A message from the House stated that H. F. 27, had been passed as amended, and referred to committee on enrollment.

C. F. 23, relating to the territorial library, was taken up, and after a lengthy discussion and numerous amendments passed its third reading. The ayes and nays were called and the bill passed.

The committee on conference again reported on H. F. 10, and recommended that the section relating to loading cattle after night be stricken out. Report adopted and bill passed, with the objectionable section stricken out.

A communication from the territorial auditor announced that the delinquent tax in Emery county had been collected, and also accompanying the same financial reports of various counties not heretofore reported.

Mr. Bryan presented a substitute for H. F. 19.

Mr. Seegmiller presented a claim of W. H. Clark, ex-assessor and collector of Sevier county. Committee on claims.

The committee on judiciary reported that the petition of J. H. Rumel and others asking that the cigarette bill pass, had been examined, and as the committee had heretofore recommended the passage of the act thought no further action necessary.

Council then adjourned until 11 o'clock this morning.

THE HOUSE.

Mr. Thurman presented the claim of W. J. Clarke, ex-clerk of the supreme court, and it was referred to the committee on claims and public accounts.

THE CLAIMS ALLOWED.

Mr. Creer presented a report on the claim of the Star printing company, for $3.25, recommending that the same be allowed. Adopted.

PARTIALLY ALLOWED.

Also on the claim of ex-School Commissioner Williams, for $187.50, recommending that $109 be allowed, and that $78.50 be not allowed, for the reason that that sum had been expended by Williams in the publication of his report to the Legislature of 1888, which was not authorized by the Legislature. The report was adopted

MR. MUSSER'S SALARY.

The committee on fish and game, reported, recommended that $750 be appropriated to pay for the services of A. M. Musser, as fish commissioner for the years 1888 and 1889.

Mr. Allen wanted to know whether the Legislature had any right to pay any money to this person. Was he a territorial officer? Could he act as an officer? Under what authority was he acting? He thought this was a very serious question here. The majority of the House had refused to pay for the printing of a public document because the sentiments expressed therein did not meet with their approval. That was their privilege. But there was a certain class of people who were disqualified from holding office. Is Mr. Musser an officer?

There were no other remarks, and the report of the committee was adopted.

"I MOVE THEY REPENT!"

The Council notified the House that it had rejected H. C. R. 2, providing for the purchase of the Utah reports. Mr. Pierce wanted a conference committee appointed.

The Speaker—That is beyond our power The only way in which the matter can be reached is by the Council repenting.

Mr. Thurman—I move they repent.

The Council also announced that it had killed H. F. 14.

It asked also, for a second conference committee on C. F. 2.

Mr. Allen—I move that it be not granted.

The Speaker—It is customary to grant as many as three or four conference committees.

Mr. Reid—I move, then, that a conference committee be allowed, but that it be instructed not to agree with them. [Applause.]

Adopted, and the chair named Allen and Reid as said committee.

TO SECURE LEINS.

Mr. Kimball presented H. F. 49, a bill to secure leins to mechanics and others.

Also H. F. 50, a bill securing leins on personal property.

THE RELEASE OF DOWER.

Mr. Pierce presented H. F. 51, a bill providing amendments to the law in relation to the release of dower.

MR. KIMBALL OBJECTS.

The unfavorable report in relation to H. F. 42, concerning attachments, made some days since, was taken from the table.

Mr. Kimball, the father of the bill, objected to its death in any such manner. It was a law that was badly needed.

His argument, however, failed to convince any one, and the bill was rejected.

THE PUBLIC SCHOOL SYSTEM.

The committee on education reported on H. F. 2, Allen's bill to establish a public school system, and providing for the maintenance and supervision of public schools in the territory of Utah, recommending that it be placed upon its passage.

THE HOUSE DOES NOT CONCUR.

The conference committee on H. F. 10, the live stock bill, recommended that the House concur in all the amendments made by the Council. The amendments made were read, and all, save the one in relation to loading cattle at night time, were adopted. On this a conference committee was appointed—Melville and Pierce.

THE TOWNSITE ACT.

A communication from the Council announced that it had passed, with amendments, H. F. 27, pertaining to the townsite act The amendments were slight, and were all concurred in.

MUST PAY FULL PRICE.

Mr. Thurman introduced H. F. 52, a bill in relation to railroad corporations. It provides that whenever an animal is killed by a railway company, full price shall be paid for it.

A GOOD RESOLUTION.

Mr. Thurman offered a resolution that no bill be introduced after the fiftieth day of the session, save by consent of two-thirds of the members. Adopted.

ALLEN'S SCHOOL BILL.

H. F. 2, Allen's school bill, providing for the establishment and maintenance of a system of public schools for the territory, was read the second time.

OTHER BUSINESS.

The Council announced that the governor had approved C. F. 7, relating to railroad corporations.

Also that the Council had passed C. F. 23, providing for and regulating the Utah territorial library.

The conference committee on H. F. 10, the live stock bill, reported that the Council had agreed to recede from its amendments, and the bill then passed the House

The House then adjourned until Monday, at 2 p. m.

Answer this Question.

No. 2. Why do so many people we see around us seem to prefer to suffer and be made miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Coming Up of the food, Yellow Skin, when for 75 cents we will sell them Shiloh's System Vitalizer, guaranteed to cure them. Sold by A. C. Smith & Co.

Is Consumption ncurable?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an Incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jessie Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at A. C. Smith & Co.'s drug store. 5

A Sure Cure for Piles.

Itching Piles are known by moisture like perspiration, causing intense itching when warm. This form, as well as blind, bleeding and protruding, yield at once to Dr. Bosanco's Pile Remedy, which acts directly on the parts affected, absorbs tumors, allays itching and effects a permanent cure. 50c. Druggists or mail; treatise free. Dr. Bosanco, Piqua, O. Sold by Z. C. M. I. drug store.

The usual treatment of catarrh is very unsatisfactory, as thousands of despairing patients can testify. A trustworthy medical writer says: "Proper local treatment is positively necessary to success, but most of the remedies in general use by physicians afford but temporary benefit. A cure cannot be expected from snuffs, powders, douches and washes." Ely's Cream Balm is a remedy which combines the important requisites of quick action, specific curative power, with perfect safety and pleasantness to the patient.

COAL! COAL! COAL! COAL!

The Home Coal Co. furnishes all kinds of coal promptly on time, as cheap as any firm in the city. No. 40 Main, telephone 295.
