

About Different Local Matters

According to a recent copy of the Lovelock, Nevada, Tribune, Ben T. Lloyd has made a great gold strike near the town of Vernon, in the Seven Troughs mining district. The Tribune says in part:

"The claims on which the strike was made adjoin the Motor mine on the southeast and not more than half a mile from the Fairview group. The ledge was blind and found only by first taking a gold pan, mortar and canteen of water and a systematic panning up the gulches, first getting the lead and then following it until there were no more colors. Then a haul was made and the pick and shovel brought into play, when, in a few minutes, the ledge, which has proved so rich was opened up and bids fair to make the lucky miners who found it rich, as well as all who may be lucky enough to get in with them by purchasing stock in their company.

Two rich gold veins have thus far been exposed, one running north and south and the other east and west. The north and south veins average four feet wide at a depth of three feet, carrying values from \$150 to \$175. The east and west vein is from 5 to 6 feet at a depth of four feet, carrying values from \$300 into thousands."

A company has been organized and 100,000 shares placed on the market at 25c.

New Calendars.

There are many elegant calendars put out by business men this year. Besides those already mentioned, the following have found their way into THE REPUBLICAN office.

The Hobbs Music Co. presents a couple of calendars—a scene in Holland, the other a riding scene—that are well done. Both are in imitation frames, the whole forming a very acceptable presentation to the eye.

The Plano Machine Co. puts out through the Sidney Stevens Implement company a "child study" in colors that is suggestive and attractive. A little fellow of from four to six years sits on a door step and with wonder regards a bee on an apple at his side. This is really "cute."

Smith Bros. Lumber company presents an art calendar fourteen inches in length with an oval scene, the feature of which is a spreading apple tree in blossom. The picture is entitled "Apple Blossoms" and is a beauty.

Campbell & Sons Co. went in for a streamer twenty-four inches in length bearing an art design—"Clarissa," a lithesome creature in green. "This is one of the most attractive calendars of its kind ever offered the Logan public—and, personally, we like the kind."

First National Up-To-Date.

The First National Bank of this city has just given fresh evidence of its enterprise and up-to-dateness by adding to its facilities for serving the interests of its patrons, the New Bank Money Order system. The system is of comparatively recent introduction in this country, but is growing in public favor and has been adopted by

many banks throughout the United States. One of the merits of the system is the cheap method it affords for transmitting small sums of money through the mails, the fees being considerably less than those charged for Postoffice and Express orders.

The adoption of the system by the First National Bank is in the nature of an innovation in local banking circles, but it is safe to say that when its merits become generally known it will be as popular here as in other places where it has been tried. The officers of the First National will be glad to show and explain the advantages of the Bank Money Order to any who may be interested and will call on them.

It's now time to begin to make the New Year resolutions that you will begin to break the day after.

Whatever the kick, it cannot be denied that our cement street crossings furnish a good bottom for the mud.

THE REPUBLICAN wishes one and all a very happy New Year and unlimited success throughout the next twelve months.

The question is: Will Salt Lake also want our new postoffice? Then why not let her wants be known before the building is located—it will be easier to consolidate now than later.

The next excitement will be the legislature of Utah in session. The rumblings are already heard in the Valley of the Cache—rumblings of the wagons over the good roads Hon. D. R. Roberts is going to induce the noble Lords of Zion to give us.

What did she buy you? A box of punk cigars with your own money? Or was it a necktie you wouldn't wear to a masquerade ball? Perhaps it was one of those safety razors that are never safe, or a pocketbook for which you will have no use now for three months. Verily, verily, it is more blessed to give than receive.

The usual amount of booze and tangle-foot of the "O be joyful" brand was consumed here the days preceding Christmas, but there is no report of any terrific mix-ups in which obstreperously cantankerous individuals lost any portion of their anatomy by coming in contact with dextrously wielded carving knives in the hands of other cantankerous individuals of bibulous tendencies. To all intents Christmas in Logan was truly a day of peace and good will.

Among the other resolutions don't forget to resolve that you will boost for Logan the coming year as you nor any other has ever boosted before. And among the resolutions that are broken let this be the last. If you can't think something good about this city and valley, don't think at all—thinking is hard on some people, anyway. If you can't say anything good about your home town, don't talk at all. It's better to be a clam than a dub.

The Past Week at Smithfield

SMITHFIELD, Dec. 28, 1906.—Gwen, the infant daughter of Mr. and Mrs. John Hadfield, of Taylorville, Canada, died last Saturday evening at 7 o'clock after an illness of a few days, the cause of death being bronchopneumonia. The baby had been afflicted with whooping cough in Canada and the move to Smithfield was undertaken hoping that the change would be beneficial. Exposure to draughts during the journey brought on the attack from which she died. The funeral services were held at the tabernacle, Wednesday afternoon at 2 o'clock. A large cortege of sympathizing friends attended the funeral.

The choir concert held last Saturday evening was musically a most successful entertainment but the attendance was not what it should have been. The violin solos by Chas. Harris were well rendered as usual and thoroughly enjoyed. Miss Gates played very acceptably. All the others taking part pleased the audience and deserve praise for their good work.

Mr. and Mrs. John Hammer returned Thursday from Salt Lake city where they attended the wedding of their son, R. J. Hammer. Mr. and Mrs. R. J. Hammer are honeymooning at Farmington, Utah, the home of the bride's parents, and will be at home after February 1st.

Miss Nellie Weeks is home again from nursing in Lewiston.

The Poverty Party or Old Times Party was a great success, a large crowd attending and having a jolly good time. The fines and admission fees amounted to something over \$50, to apply on a new bookcase.

Ed Lower, while roller skating Xmas Eve, fell and broke one of the bones of the left arm and sprained the wrist severely.

Joseph Watts and wife entertained Xmas day. A delicious dinner was served at 6 p.m. All present had a jolly good time.

A large and enthusiastic crowd attended the Old Folks dance Thursday evening at Hillyard's hall. An enjoyable evening was spent by all.

For Sale—7-year-old bay driving mare 1150 lbs, fine looker and good traveler. Also black driver and saddle horse, 6 years old, weight 1000 lbs. Dr. Smith.

Mrs. C. E. Baker left for her home in Salt Lake city on Saturday last after a two weeks visit with her mother, Mrs. H. T. Peterson.

McCracken Smith, son of Willis Smith, was ill last week, suffering from bowel trouble.

Wm. Rowel and family are in town spending the holidays with relatives and friends.

Mrs. Sylvester Low is quite ill again with kidney trouble.

Two Deaths At Richmond

RICHMOND, December 28, 1906.—The Grim Reaper made a visit to our town the past week and claimed two souls as victims. The first was John Thomassen Jr., the nine-year-old son of John and Margaret Thomassen, who died on the 19th after a short illness of quinsy and later of rheumatism. The funeral service over the little one was held in the Scandinavian meeting house, where consoling and inspiring remarks were made.

The second death was that of Mrs. Hila Hendricks Morrison, wife of Andrew Morrison, who died, after a mighty struggle through a long and severe case of consumption, on December 22. Mrs. Morrison was born in Utah, March 10, 1871, which would make her almost 36 years of age. During her life she was an active worker in the ward and made everyone her friend. Everything possible to alleviate her intense suffering and check the progress of the dread disease was done, but to no avail. She passed away as noted above, leaving to mourn their loss a husband, several small children, her parents, W. D. and Mary Jane Hendricks, and many relatives and friends. Funeral service was held in the ward meeting house Monday and interment was made in the Richmond cemetery.

The Sunday school carnival and fair held three days last week was a success in every particular. The "shoot the shoots," a new thing for Richmond, took well. In the guessing contest, the one in which the nearest guess to weight of a lump of coal received a half ton of coal, was well patronized. Mrs. Dr. Adamson received the prize, she guessing within one-half pound of the right weight.

The amusement committee of the ward is to be commended on the much needed improvement which has just been completed in the hall, that of building a cloak room where the dancers may get their wearing apparel checked and know that they will get their own property at the close of the dance—a condition which was not always the case heretofore.

County Recorder-elect Sarah Merrill has gone to Logan preparatory to entering upon the duties of her new office Monday. Miss Telford, who has been connected with the recorder's office for several years and who was defeated on the democratic ticket at the last election, has accepted the position with the Utah Condensed Milk Co made vacant by Miss Merrill's leaving for Logan.

Richmond now has a skating rink where, during this week, several hundred enjoyed the sport of roller skating. The owners of the new rink, which is in J. I. Shepard's store, are Fred Rainey and Frank Hendricks. They have had an exceptional good business since starting and so far are well pleased with their new venture.

"The Priscilla Club" held their first grand gathering for this winter at J. W. Merrill's Thursday night. The house was artistically decorated in Japanese fashion, while the guests wore Japanese suits. A most delicious luncheon or supper was served and an enjoyable time was had by all those present.

Notices posted up call for bids to carry the mail to and from the postoffice to trains which carry mail. Chas. Hamp, the present carrier, has resigned that he may better attend to his livery business. Blank forms can be had at the postoffice by those wishing to bid.

While chopping wood Christmas morning William Merrill chopped his thumb completely off just below the joint. Dr. Adamson dressed the injured digit and Mr. Merrill went home thinking of the very unfortunate Xmas present he had made himself.

During the past week two births were reported to the registrar, they being a boy to Milo and Edie Andrews and a girl to Frank and Birdie Covey.

Clara Bair entertained "The Midnight Club" and some of her friends Thursday night in a successful and pleasing manner.

The little child of C. Z. Harris still continues very ill. A few days ago an operation on the little one was found necessary.

Several visitors from different parts of the country are here spending the holidays with their relatives and friends.

Messrs. Radcliff and Lockhan, of the Utah Condensed milk factory, came into town Wednesday evening.

John E. Anderson and Henry Stodt left Friday morning for Deeth, Nevada.

"The Missouri Girl" played here last Saturday night to a full house.

Wellsville Items.

WELLSVILLE, December 26, 1906. Christmas passed away very quietly in our city. There was very little excitement and little or no drunkenness. Most families gathered together and ate their Christmas dinner, many coming from afar to enjoy themselves with relatives and friends. On Christmas eve some of the young people went around serenading, while others went to the pavilion, where over one hundred tickets were sold, and enjoyed themselves in the dance until the "wee sma' hours."

On Christmas night both old and young enjoyed themselves in the dance at the pavilion, over one hundred and fifty tickets being sold. Many others who did not dance enjoyed themselves with friends as spectators.

Andrew M. Spence is here from Cardston, Canada, visiting his aged mother, and brothers and sisters.

Allen Leishman and wife and his brother Thomas, and Jerry Leavett are here visiting their many friends and relatives.

On account of the heavy rains the roads are almost impassable, yet we can start out on foot and beat the train just two hours. That is the kind of train service we have so far. Some of our citizens went to get the train to go to the Stake conference at Hyrum, thinking to get there for the first session at 10 a. m., but behold they did not get there until about 3 o'clock p. m.

St. John's Church.

The usual services will be held at St. John's on Sunday. Morning prayer at 11 o'clock and evening prayer at 7:30. The Sunday school at 10 o'clock. The public is always welcome at these services. Rev. W. S. Bull, arch deacon of Salt Lake, will be the preacher at these services.
