The room next to the bank in the Thatcher Opera House block has been nicely papered and furnished and will be used for the present as a dancing hall and later it will be occupied by G. and B. Thatcher as a show room for musical instruments.

Robert Murdock is working up a nice little industry in the candy manufacturing line. Our reporter took a run through his establishment Tuesday and was surprised to see the progress he has made in the business. Eleven people are employed and tons of fine candies are turned out every month. A number of our local retailers are finding it to their advantage to handle the home made article. Such enterprises are a good thing.

The 5th ward Mutual has inaugurated a new departure in the line of amusements that might be adopted with profit by the other wards. Every Saturday evening the young people assemble at the meeting house and spend the evening in playing games and in other lines of amusements and in having a general good time. The mutual provides refreshments, etc. that are sold at a nominal cost. The object is to keep the young folks off the street and from frequenting undesirable places.

John J. Gallacher son of John Gallacher of Salt Lake City, well known throughout the intermountain region as the oldest and one of the best restaurant men in the country came to Logan Nov. 1st and is now a bonafide resident of this city, and has gone into the restaurant business with our well known townsman Zeph Thomas. Their restaurant is located under the Eagle Hotel and is run in an up-to-date style. Everybody has words of praise for John and the treatment they receive. Being raised from childhood in the business he is thoroughly acquainted with all its details. Elaborate improvements are being made which when completed will compare favorably with any business of its kind in the state.

Henry Lamoreaux of Leigh, Teton Basin, is down visiting his relatives and friends. Henry is an old time resident of Logan and used to know every man, woman and child in town. He reports prosperous times up in Basin and all the Logan people up there doing well. He says Ed. Holden, formerly of Logan, lives in the Basin and has been engaged in the sawmill business. He was recently arrested on charge of illegal cutting timber and was taken to Cheyenne for trial. He was convicted and sentenced to pay a fine of \$1100, or go to the penitentiary for three years. He failed to pay his fine and is now serving his sentence. An effort is being made by his friends to have him pardoned. Henry says the Teton Valley is the prettiest and healthiest place in Idaho. They have a nine foot vein of coal and a gold mine, and now they are boring for oil which they have assurances they will find. A telephone line will soon be built from St. Anthony to Victor. Mr. Lamoreaux will remain in Logan about ten days.

The German Mission.

In a little chat with Mr. and Mrs. Frank Thatcher, we obtain some interesting information in regard to their missionary work in Germany during the last year. They left home in September, and on their arrival in Dresden, were assigned to labor in Dresden. There was 3 elders in that city besides Mr. Thatcher, and a small branch numbering about 60 members. They were permitted to hold meetings but forbidden to hold Sunday schools openly. Mrs. Thatcher, however, had a little class that she taught in violation of law. A law has been passed recently that is calculated to check the tendency of the people to leave the State church. It provides that before joining another church a person must resign from the old one, and pay a fee of Eight Marks for the privilege.

After laboring six months in Dresden, Mr Thatcher was transferred to Leipzig where he labored until he was released to come home. In Leipzig there is a branch of about 40 active members. There were 15 baptisms during the year. There are 140 elders in the German Mission. Last year they baptised 507 people, visited 12,561 homes on invitations, held 4500 meetings, had 22,250 Gospel conversations, distributed 148,482 tracts and 3331 books. The total membership in the empire is 2057.

The prejudice against our people has been very pronounced on the part of the Ministers who are the source of all difficulties. Some of the elders were arrested and some banished, but through the efforts of Minister White they were released and the decree of banishment annulled.

Last summer Mr. and Mrs. Thatcher obtained a leave of absence for six weeks and spent the time in visiting England, France, Switzerland and parts of Germany. They were released on account of the illness of Hon. Geo. Thatcher. They had a very rough passage home and were confined to their state room all the way over. They enjoyed their missionary work very much but are glad to be at home again.

E. H. PURCELL,

Mgr. Symphony Club,

Dear Sir:-

The concert given here last night was attended by a large crowd and thoroughly enjoyed by all. Speaking for myself, I can say that the program rendered here is the best I have had the privilege of hearing for a long time, and inasmuch as I am a great lover of this class of music, all I can say is that it was immense.

Wishing you success wherever you go, I am

Yours truly,

C. E. DINWOODEY,

Manager.

Spoke His Piece.

A dear little boy whose home is in New Jersey, but whose identity shall not be further disclosed, attended school last winter and, on an occasion when visitors were announced, took part in exercises in their honor. The exercises comprised recitations by the brighter children and among them this dear little boy was called on. He recited in perfectly good faith the following which he had learned or caught from an indulgent nurse with semi-poetical instinct:

Jane ate cake and Jane ate jelly,
Jane went to bed with a pain in her

Now don't get excited,
Don't be misled,
For what Jane had was a pain in her head.

When the youngster told of this, to his entirely surprised and somewhat shocked parents they asked him: "What did the teacher say?" He replied: "She said nothing. She just turned around and looked out of the window, but the scholars and visitors wanted me to say it again."

W. D. Hendricks was down from Richmond Thursday.

Mr. Anderson, night operator at Brigham has taken agency at Mendon.

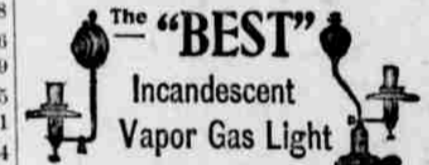

The speakers at the funeral of Ingolf Alme were H. A. Peterson, Andreas Peterson, Pres. J. H. Linford, John A. Hendrickson and Hans A. Hansen, all of whom spoke in glowing terms of the worth of the deceased. The remains were shipped to Brigham on the afternoon train.

Preparations are now completed to commence laying the Pacific cable between Manila and San Francisco. The cable ship will sail from San Francisco within a day or two and it is expected that the cable will be in operation at Honolulu by Christmas. The cable is now being made to cover the remaining distance and it is expected it will be completed into Manila by June 1st. The total length of the cable when completed will be about 10,000 nautical miles.
