Green, owner of Saladin, with a record of 2:05.4, accepts his challenge for a match race for \$2,500 a side in the second week of October. The play will be resumed tomorrow.

The Valkyrie. NEW YORK, Sept. 29.—The Valkyrie was given another spin down the bay today. The elements were favorable and the racer fairly flew through the waters. It seems very probable from this trial that she can beat the Vigilant before the wind, but if she can bore into wind with the Vigilant she will have to point higher than she did today.

TEXAS IN A BAD BOAT. Obligations Maturing and No Cash in the Treasury. ST. LOUIS, Sept. 29.—A special to the Republic from Fort Worth, Tex., says: The treasury of the state of Texas has obligations to meet in October with half the money necessary to pay them. Appropriations in excess of the authorized estimate of possible receipts is the cause of the present trouble. Governor Hogg has suggested as a notation that the clerks in the departments do not take their pay for thirty or sixty days, and also send out a circular to all county and district officials asking they withhold their demands for thirty or sixty days.

Declines the Mission to Rome. NEW YORK, Sept. 29.—A morning paper says: "A business associate of John J. Van Allen, Cleveland's nominee for ambassador to Hay, refused to say that Van Allen had written to the president declining the mission to Rome.

TERRITORIAL NEWS. A Child Swallows Lye at Logan City. Appropriating Stray Sheep in Cache.—The Sanpete Valley Road—Accident at Alpine—General Items. Wednesday morning a 2-year-old child of Tavel Larsen, of the Seventeenth ward, drank a considerable quantity of lye and burnt its mouth and throat terribly. One of the girls had been doing some cleaning and put the lye on the floor. The little one crawled over to it and drank a quantity while no one was around. Dr. Sarow was summoned and did all that could be done to relieve the suffering of the little one, and at last accounts the child was resting somewhat easy and there are hopes for its recovery.—Logan Nation.

Appropriating Stray Sheep. There are a number of sheep herds in various parts of Logan canyon, and it is said to have been the custom of parties who should be lucky enough to find a stray sheep to appropriate said sheep to their own private use. A few days ago, however, one man chance to be much luckier than his fellow men, and came across a bunch of about thirty stray sheep which he desired to make use of, so he proceeded to drive them to town and killed a few of them. The owner of the sheep got wind of the affair, and came after the man with a sharp stick. It is very probable the case will be settled by the man paying for the sheep he has killed and surrendering the balance.—Logan Nation.

Miscellaneous Items. The citizens of Moroni have nominated John Bailey and Hyrum M. Brady for school trustees. The land commissioners left for Sevier county where they will remain about ten days appraising lands.—Ephraim Enterprise. The Sanpete Valley road ran a special train to Prove last Monday for the benefit of parties who wished to get their construction papers.—Ephraim Enterprise. Francis Salzer left for Mammoth on Sunday, where he went to assist in building a leaching mill for the Mammoth mine. Mr. Pettis is also working there.—Lehi Banner. The young men of Pleasant Grove have volunteered to get fuel for the poor. Ten cords of wood have been turned over to the bishop, and doubtless many more loads will be delivered before winter sets in. There is some talk in regard to the extension of the Sanpete Valley railway into Sevier county. How true the report is we cannot say, but it is almost assuredly true that it will not be this year.—Ephraim Enterprise.

Erra Martin, of Salt Lake, met with a painful accident at Alpine last week while preparing for a hunting trip. He was removing the charge from a cartridge that would not go off when it exploded, terribly mauling his left hand. He was taken to American Fork and Dr. Addeman dressed the wound.—Lehi Banner. Mr. Peter Larson seems to be in bad luck; the fire brand appears to be lurking on his premises. It is only a few months since a fire destroyed nearly all his out-houses, barn, etc. On Tuesday his little boy, 6 years old, set fire to his place, which burned a hay and grain stack and some of the new fence just put up. The loss is about \$100.—Lehi Banner.

Who says best raising does not pay? Johnson Brothers, at Springville, have just finished harvesting five acres which weigh 18 tons and 15 cwt. to the acre. O. J. Webb, of Lehi, has just finished one acre of a ten-acre patch, which netted him 29 tons at the sugar works. The entire crops of the county will average this year 15 tons to the acre. Beets are worth \$5 a ton delivered at the factory, so you may do your own figuring.—Provo Enquirer.

A NEW ROUTE. From London to Australia by Way of Canada. LONDON, Sept. 29.—The Times today publishes a prominent article upon the arrival in London of James Huddart, who is to inaugurate a new route to Sydney, N. S. W., via Canada. This new departure, it appears, is due to the big trade already existing between London and Vancouver, which formerly all belonged to San Francisco.

The promoters of the new enterprise are very sanguine of improved relations between Canada and Australia as a result of the McKenna-Bowells mission to the various Australian governments with a view of arranging for special tariffs and subsidies. The company's best year franchise and the exclusive working agreement with the Canadian Pacific railroad is regarded as of great importance, and the suggestion that it put its vessels on the admiralty list as available cruisers in the time of war, will be proposed when the house of commons re-assembles.

NEW YORK, Sept. 29.—A dispatch from Boston says: "Miss Irene Burrill, a resident of this city, has just received word that her cousin, Henri Kingsford, is dead, and that she is sole heir to his property which he left in Los Angeles, Cal., to the extent of a quarter of a million dollars.

Every voter who has moved from one precinct to another since the last election, should see that he is transferred on the registration lists.

In Paint the best is the cheapest. Strictly Pure White Lead. White Lead is best; properly applied it will not scale, chip, chalk, or rub off; it firmly adheres to the wood and forms a permanent base for repainting. Paints which peel or scale have to be removed by scraping or burning before satisfactory repainting can be done. When buying it is important to obtain properly made. Time has proven that white lead made by the "Old Dutch" process of slow corrosion possesses qualities that cannot be obtained by any other method of manufacture. This process consumes four to six months time, and produces the brand that has given White Lead its character as the standard paint.

"Southern" is the standard brand of strictly pure Lead made by the "Old Dutch" process. You get the best in buying it. You can produce any desired color by tinting this brand of white lead with National Lead Co.'s Pure White Lead Tinting Colors. For sale by the most reliable dealers in Paints everywhere. If you are going to paint, it will pay you to send for a book containing information that may save you many a dollar; it will only cost you a postal card to do so. NATIONAL LEAD CO. Always With a Cold.

Instance of James Cullin Who Suffered for Twenty Years with Catarrh, and the Result Under the Treatment of Drs. Mansfield and Associates.

After a case of Catarrh has been neglected for a long time, the patient suffers from a weak stomach, and has all the symptoms of gradual dissolution. The hearty fails to be regular, and there is a general, a sort of a whirling sensation in the head when rising suddenly. The bowels become constive, the skin is dry and hot at times, the blood becomes thick and stagnant, the whites of the eyes become tinged with yellow, the kidney secretions become scanty and high-colored, depositing a sediment after standing a short time. There is frequently spitting up of the food, sometimes with a sweetish taste. This is attended with palpitation of the heart and asthmatic symptoms. Catarrh always begins with a cold. Its developments are rapid and malignant, and when it is once established the system, regular and systematic treatment by a trained specialist is required to eradicate it.

Mr. James Cullin, 466 Santa Fe Street, Denver, Colo.

Remember you receive two weeks free treatment and free medicine if you apply before Oct. 5. THEIR CREDENTIALS. Dr. T. B. Don't Be Too Cautious. In selecting or purchasing your advertising space. By that we mean, don't insist on getting the best and paying the least money for it. There is such a thing as being too shrewd and too driving in concluding a contract. It has become a custom with some managers of mercantile institutions, to listen very attentively, admit every point, and then offer to close the deal at just one-half the figure quoted by the advertising agent. If the solicitor says, "that space with position guaranteed, will cost you \$1,000 for the year," the so-called shrewd bargain driver often says, "he will give you \$750 and close the deal at once." The result is, very often the solicitor goes prepared to drop in price, and consequently accommodate the shrewd (?) manager. Understand your business; comprehend your wants; be capable of estimating the value of an article and if you WANT it, buy it and pay the figure quoted.

"REMARKS BY BILL NYE." THE LITERARY SENSATION OF THE AGE.

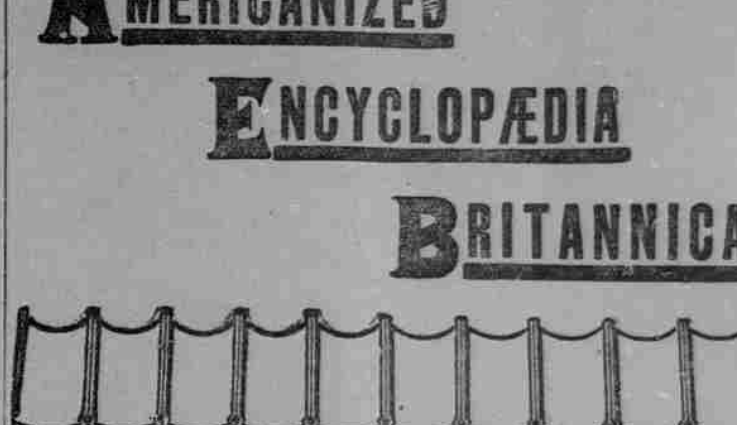

LAUGH AND GROW FAT. A collection of the best writers of this great author, most profusely illustrated, with over 500 pages. It is the funniest book ever published. Bill Nye needs no introduction. The mention of the book is enough: BILL NYE'S REMARKS: "I have passed through an earthquake and an Indian outbreak but I would rather ride an earthquake without saddle or bridle, than to bestride a successful broncho eruption." "Age brings caution and a lot of shop-worn experience, purchased at the highest market price. Time brings vain regrets and wisdom teeth that can be left in a glass of water overnight." "Too much of our hotel food tastes like the second day of January, or the fifth day of July. That's the whole thing in a few words, and unless the good hotels are nearer together, we shall have to multiply our ornery facilities."

When Bill Nye turns himself loose for fun the laughing bells of readers should be tight, used to prevent accidents. —Inter-Ocean, Chicago. "Bill Nye always interests and his genial, big-hearted sunny nature shines through every line in his book." —Fitzhugh Press. "We believe that Bill Nye is the brightest humorist of the day. No change in the English language can ever do away with his fun. He is a public benefactor; one of the greatest men of his age. We shudder to think what will become of us when he is gone. May fate stay the day." —Philadelphia Press.
