TRIS SPEAKER HAS CLEVELAND IN LEAD

Baseball fans who have long been admirers of Tris Speaker, the great slugging outfielder-manager of the Cleveland Indians, predicted last year that his team was likely to win the pennant in the American League this year. And Speaker is fulfilling all expectations so far. His club is out in front and playing real baseball.

NADA

Nada, June 1, 1920. Mrs. Della Hedges and Mrs. S. S. Owens of Cedar City spent the day at the Lewis home Tuesday.

Mr. and Mrs. Roy McGinty and Mr. and Mrs. Gillians of Minersville spent Sunday at the R. R. McGinty home.

C. D. Kieth has moved his tractor from the project where he has been plowing all spring to Mrs. Emma Cross' place near Latimer.

H. R. Moore, De Wix, Mrs. Landreth, Mr. and Mrs. A. J. Lewis, E. R. White, J. W. Dinwiddie and A. Stephenson were Milford visitors the past week.

Weather report for May, 1920. Total precipitation, 1.64 inches. Greatest in 24 hours, .33 on date of 23. Number of days with .01 or more precipitation, 8. Clear 22, partly cloudy, 6, cloudy, 3.

J. F. Dinwiddie has finished the well for Wallace Couch and pronounces it a dandy. Water was struck at a depth of 19 feet and drilling was continued through the second strata when a quick sand was struck.

Messrs. Hedges and Greenlee of the Salt Lake Route have been making several trips in this vicinity lately but have been unable to find any clue as to the cause of the switch at Latimer being open, which is thought to have caused the wreck.

Messrs. Cline and Parsons were Nada visitors Monday. The former has purchased 320 acres of school land adjoining L. A. Culmsee's. After closer investigation he decided not to sell at present, but will put down a well and make some improvements as the land is particularly choice and adaptable to irrigation.

SAHARA

Sahara, June 2, 1920.

Mrs. J. B. Reynolds and son Burton left for Modena on Tuesday where they expect to spend a couple of weeks with Mr. and Mrs. G. E. Griffin.

Word has been received from F. T. Howland that his mother is on the way to recovery which we are all glad to know.

Mrs. C. M. Magnussen and daughter Mrs. H. C. Davis left for Salt Lake Wednesday.

Mr. Olaf Johnson and his witnesses, Messrs. Griffin and Joe Yoeman have gone to make final proof on his homestead here at Sahara.

Mrs. G. Carn and Miss Tacoma Baker went for a long horseback ride Monday and on their way home stopped to call on Mrs. H. C. Davis at Beryl.

There will be a club meeting at the school house on Saturday evening, June 5. Everybody come.

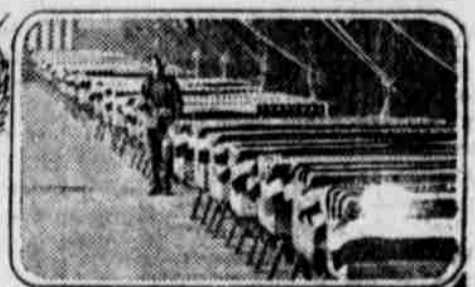

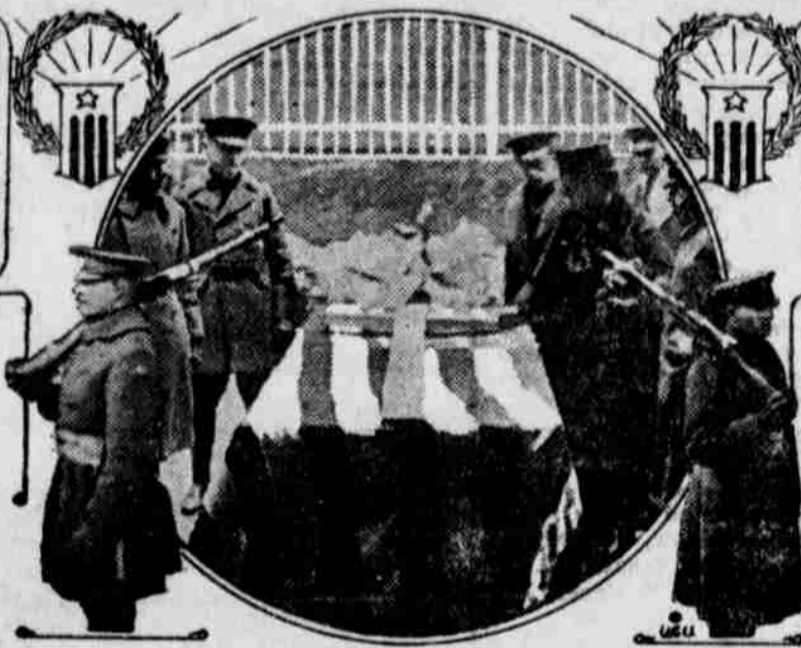

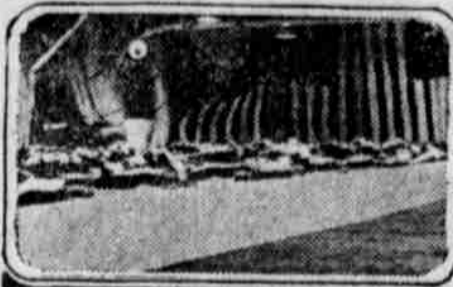

Mr. and Mrs. G. Corn will be leaving for a visit in the East in the near future. We all hope they will soon return.

KANARRA

Kanarra, Utah, June 3, 1920.

Mrs. Frank Anderson and son, of Echo Farm, spent a week visiting her mother, Aunt Mary Williams, and other relatives here, returning home last Sunday.

Two more families have been quarantined this week for whooping cough but the quarantine has been raised from all others.

True to Our Trust

Memorial Day this year brings with it a new touch of sentiment in the return of the bodies of our soldiers who gave up their lives on the battlefields of France. Many hundreds of new graves have already been turned. It is thought virtually all of the bodies will be in our own soil by the end of the year. These pictures show some of the flag-draped caskets upon arrival at our Atlantic port docks.

SMALLEST STAGE STAR ALSO A STUDENT

This little miss, Lillian Roth, eight years old, is the youngest theatrical star on Broadway—appearing in a feature role in Henry W. Savage's production of "Shavings." Little girls who see the tiny star gaining such fame naturally wish that they, too, might have such an opportunity, still if they knew that beside her acting, Lillian spends almost as many hours a day as they do poring over her school books they would realize that success comes only through hard work.

Rep. Jos. S. Snow of Washington county, was in town a short time last Wednesday on his way back from the state metropolis.

DR. J. J. BUSWELL Ophthalmic Specialist

of Salt Lake City, will be at the Hotel Cedars Monday noon until 2 p. m. Tuesday, June 7 and 8. No charge for testing eyes. References. Glasses are worn for health as well as vision.

Ask any user and they will unhesitatingly tell you that the Royal is the best typewriter on the market. It costs a few dollars more than its competitors, the price now being \$115.00 f. o. b. Salt Lake City. But remember, "The best is always the cheapest." Let us explain its points of superiority.—IRON COUNTY RECORD, local agent.

Yes, we now have plenty of water and to spare. Everybody seems to be tired of irrigating and ditch making from the looks of some of the streets.

For the first time since our mountain road was built we are completely shut off from the mountain. Where sheep trails and horseback crossings were are now gullies cut from 5 to 7 feet deep and sheep are compelled to use the old Union Road built about 1884.

Crops have never looked more promising than now but grasshoppers are making their appearance, anywhere from 25 to 50 hoppers scamper at every step you take on certain alfalfa patches. From the looks of the hay fields there will be heard the sound of the mower about the 15th. The corn and other grain acreage is larger than the last few years and looks fine.

EATS ANYTHING SET BEFORE HIM

Eight Years Trouble Gone and Feels Fine Every Day Since Taking Tanlac.

"Since I commenced taking Tanlac all my troubles of eight years standing have left me and I can do as big a day's work as any man," said J. Curry, a well known flagman on the Key Route System who lives at 577 West Eleventh St., Oakland Cal.

"I had the worst sort of chronic indigestion," continued Mr. Curry. "I could hardly retain a thing on my stomach and had spells of belching and nausea almost every meal and a bad taste in my mouth nearly all the time. I was so badly constipated that I had to take a laxative nearly every day, was troubled a lot with lumbago and was so nervous that at night that I would roll and tumble from one side of the bed to the other without getting near enough sleep and when morning came I would be so tired I simply had to drag myself to work."

"I began taking Tanlac and ever right here it measures up to everything people say of it, for it has put me back in as fine health as I ever was. I eat anything set before me without the slightest bad after effects. I sleep like a log every night and all my other troubles are gone. I have more life and energy about me than have had in years and can't praise Tanlac enough, for it is the most dependable medicine I ever heard of."

Tanlac is for sale in Cedar City by the Cedar City Drug Company, and in Parowan by the Parowan Drug Co.

ARE YOU GUILTY?

A FARMER, carrying an express package from a big mail-order house was accosted by a local dealer. "Why didn't you buy that bill of goods from me? I could have saved you the express, and besides you would have been patronizing a home store, which helps pay the taxes and builds up this locality." The farmer looked at the merchant a moment and then said: "Why don't you patronize your home paper and advertise? I read it and didn't know that you had the stuff I have here." MORAL—ADVERTISE

WASTE HAS BUT LITTLE PLACE IN MODERN INDUSTRY

America, the most profligate country in the world is learning to cut its extravagance, at least in industry. How carefully work must be done in tire and tube manufacturing will be a revelation to motorists who read the following:

A gang of men on a callendering machine at the Goodyear Tire & Rubber Company recently broke all records for perfect work and percentage of bad stock for the period of a month.

In February this gang rolled 24,450 yards of tube stock for inner tubes the most difficult of all callendering with but one and one-tenth percent of bad stock. Another gang had a percentage of 1.28 for the month. The records are amazing when it is considered that tube stock must be rolled almost to one thousandth of an inch and inspectors will reject it if there is any appreciable variation.

Mr. E. H. Sargent, who spent the latter part of the winter and the early spring in Cedar, is here again, keeping up his reputation as a good cement mixer.
