Here Are
Two
Superior
Coals

The best of the good ones costs no more than ordinary coals.

For years, business men and housewives alike have selected these two coals for their clean uniformity and high efficiency. Both business men and housewives know—through test and experience—that Castle Gate and Clear Creek coals are low in ash and moisture and high in heat value.

Castle Gate and Clear Creek coals are dependable, powerful, and clean.

HANDICAPPED.

We had missed the little fellow who used to come around every month with the little paper from the Orphans' Home. Then the new boy showed up on the job.

"What's become of the other boy who used to bring the paper around?" we asked him.

"Who, Jimmie? Oh, he's been adopted out. Gee, he was lucky. A big rich farmer out in Kansas took him and he's going to live out on a big farm where they've cows and horses and squirrels and rabbits and a creek runs right through the farm and everything."

"Well, he is lucky, sure enough. But maybe your turn will come some of these days," we said, encouragingly.

"No chance," said the new boy, regretfully. "They've five of them orphans ahead of me. I ain't no whole orphan; I ain't nothin' but a half,

you know. I ain't in their class."—Kansas City Star.

WASN'T HE CUTE?

Wife—You must not expect me to give up my girlhood ways all at once.

Hubby—That's all right. Go on taking an allowance from your father as if nothing had happened.—Brooklyn Citizen.

A MEAN REMARK.

"Dead men tell no tales," observed the Sage.

"Maybe that is the reason why so many widows get to marry again," commented the Fool.—Nashville Tennessean.
