ORDER BUYERS ARE THE STRONG FEATURE
 TOP STEERS ASCEND TO \$8.55; FEEDERS TO \$7.25.
 Shippers and Packers Pay Well For Good Hogs—Mutton bears a Little Higher Every Day—Lamb's Being as High as Nine Eighty.

KANSAS CITY, Mo., March 12.—Order buyers have been the strongest feature of the market this week, and their demands, coupled with moderate supplies since Monday, have prevented serious declines in the market, although prices close the week around 25 cents lower on killing grades. State quarantines in the East against live stock out of Chicago have thrown a good many orders to Kansas City, about eighty carloads of fat cattle going to Eastern killers from here Tuesday, and liberal shipments each day since. The embargo is hurting Chicago badly. A drove of 41 big Kansas steers had a bid of \$4.50 here Monday, but the owner decided to try Chicago, and the cattle sold there Wednesday at \$4.75, losing the shipper around five dollars a head from the bid here. Top steers here this week brought \$4.35, a few steers at \$4.32 to \$4.25, bulk of steers \$3.25 to \$3.00. Cows sell largely at \$3.50 to \$3.50, odd head this week at \$3.00, heifers up to \$3.25, most of the heifers at \$3.00 to \$2.25, bulls \$2.75 to \$3.25, veal calves \$10.50 for best. A good run of quarantine cattle has been here this week, sales of cake fed steers mostly at \$4.50 to \$7.50, 1000 to 1200 pounds average, common Oklahoma steers yesterday at \$4.00 to \$6.25, 700 to 950 pounds average. Shipments from the best pulp and hay feeding sections have been very light this week, a few feeders at \$7.50, and fat steers at \$7.45 and \$7.50. Haulage and meal fed cattle from the Panhandle sold at \$7.50 to \$7.25, weighing around 1020 pounds. Stocker and feeder trade is strong, but is meeting some obstacles in the way of changing quarantine regulations. Prices range largely from \$7.00 to \$7.50. Hogs are considerably higher this week, due to light receipts, and a strong order buying trade. Kansas City prices have been 10 to 20 cents above Chicago since the first of the week, and that much above the nearest Missouri river market price elsewhere. This premium applies to shipping grades, order buyers taking a third to a half of the run each day. A feature has been very heavy importations by packers from other markets, for slaughter here, which hogs are bought considerably lower than the range of prices here. Armour
