KILLING CATTLE IN MORE OR LESS DEMAND

NOTHING CHOICE OFFERED IN SHEEP OR LAMBS.

However, Storms Are Expected to Bring Big Run of the Later From the Cornfields and It Might Be Wise to Ship Now—Southwestern Utah Marketing On a Big Scale.

The Sun Special Service.

KANSAS CITY, Mo., Nov. 9.—The strength shown in killing cattle last week held good today, sales strong to fifteen cents higher and stockers and feeders barely steady. Receipts were twenty-three thousand five hundred cattle and two thousand calves. Hogs sold ten cents higher to order buyers, but packers kept up their fight and refused to pay more than steady prices.

Local packers have been shipping in large numbers of cheap cattle to kill at their plants here which they bought at lower prices than prevail here. At 80, Louis, Chicago and St. Paul, the market closed off twenty-five cents last week on stockers and feeders with a fair number held over. Best kinds sold steady today, strings of yearlings from the district around Hereford, Tex., selling at \$7.25 to \$7.45, some pretty good Colorado yearlings at \$7.15, medium yearlings \$6.25 to \$6.75, feeders mostly at \$6.35 to \$7.75 and fleshy feeders up to \$8.50. New Mexico yearling stock headers sold at \$7.75 and stock cows \$5.25 to \$5.60.

The supply of seven thousand head of sheep and lambs contained nothing choice, fair to good lambs selling at \$10.00 to \$11.00, with the added advantage to sellers that hills were good. A few native lambs sold up to \$11.00 and fat ewes were worth \$7.99 to \$7.30. A few shorthorn lambs are coming, not very well finished, and selling at \$10.50 to \$10.75, moneymaking price for feeders. The first storm will bring in a good run out of country, which might cause a temporary break, hence it might be wise to ship before the first storm comes. Feeding lambs bring \$9.25 to \$9.75 and choice light feeders up to \$10.00.

John H. Pace presided at the meeting of the city council last Friday evening and with Councilmen LaFournier and Faurey audited the bills for the past month. Mayor Hurst and Councilmen Franden and Fitzgerald were absent, the mayor being ill of rheumatism. Drighem M. Good has bought the Mrs. Harriet Marsing dwelling property on North Ninth street, and is today moving in. He expects to build a new home on the lot in the spring, tearing away or moving back the house thereon. Himself and family have occupied the N. Y. Christensen residence since moving to Price a short time ago. City Recorder Lander received word yesterday that the chemical fire engine for Price had reached Pueblo, Colo., over the Missouri Pacific, and would be rushed through to Price. The engine, which has been recently bought through local people, comes directly from the factory at Elmira, N. Y. An expert is to come to Price on its arrival to see that it works all right. The Sun printed bills this week announcing the big masquerade dance of the season at City Hall tomorrow (Saturday) evening. A customer from Salt Lake City is here to rent suits, while Hesters' complete orchestra is to furnish the music. A price of five dollars is offered for the best sustained character, and also five dollars for the most elaborate dress. Dancing begins at 9 o'clock. With the arrest at Salt Lake City last Monday of a man who refused to divulge his name, but who is alleged to have inscribed "Albert Jones" upon several checks declared to be worthless, the police of Zion believe they have captured an individual responsible for getting much good coin for bad paper in the state capital. "Jones" gave his residence to one of our men as Helper and to another he claims to reside at Castle Gate. His several victims are principally salaried men. Sunday school next Sunday at the Methodist church at 10 o'clock of the forenoon. Advocate and Fellowship Day, subject, "The Value of a Church Periodical." An opportunity is given to anyone who wishes to unite with the church fellowship. Epworth league at 7:20 o'clock. A meeting for all. Topic, "If They Cannot Believe in Me, Will They Believe in Our Christ?" Rev. H. T. Seiders the pastor, says "keep your eye on the big program coming Sunday, November 26th." A most hearty welcome extended to all services. UTAH POWER AND LIGHT INCREASES CAPITAL STOCK The capital stock of the Utah Power and Light company has been increased from \$45,000,000 to \$60,000,000. A copy of a resolution adopted by the board of directors at Augusta, Me., on October 13th, was filed this week with the secretary of state, setting forth that the capitalization previous to this date had proved insufficient. The company is incorporated under the laws of Maine, hence the necessity of voting upon the resolution in that state. The resolution was filed in Utah by A. E. Smith, assistant secretary of the company. It increases the stock list from 450,000 shares to 600,000. The increased capital makes contemplated extensions possible. Utah Power and Light has recently entered Carbon and Emery counties and has contracts pending to take in a number of coal camps locally. At Black Hawk, Hlawatha, Mohriand and Rains and the town of Huntington the service is all that could be desired. The winter term of Utah Agricultural college commences November 14, 1916. Anyone 18 years of age or over, can enter for practical courses without examination or previous high school training. Write for further information.—Adv.

have to be purchased. This, it is pointed out, will be a large revenue to Davis county farmers. Stock will be sold on a commission system, which is considered more satisfactory by farmers than the auctioning system as employed at fairs. All kinds of stock from chickens to stallions will be placed on the farm, fed and trained. The grandstand will remain. It will be used as an observatory by prospective buyers who wish to study the growth of race horses for sale.

CUDAHY PACKING COMPANY ESTABLISHES ZION BRANCH

Work on the installation of a five hundred thousand dollar branch packing plant for the Cudahy Packing company in North Salt Lake City began this week and the plant is to be ready for operation by January 1, 1917. Such is the announcement made last Saturday through all of the daily newspapers at Zion. The new plant is considered the biggest thing from an industrial and manufacturing standpoint that Salt Lake City and Utah has ever secured.

The location of the Cudahy plant is on the site of the old Intermountain Packing plant, adjoining the stockyards in North Salt Lake City and just over the line in Davis county, outside of the limits proper of the city. The Cudahys are to spend a hundred thousand dollars at once on the remodeling of the old plant so that packing operations may begin in the least possible time. Five millions of dollars are ultimately to be spent.

UTILIZING GRAZING LANDS NEAR IRRIGATION DITCHES

Settlers on the government reclamation projects, whose farming enterprises include the production of beef cattle, are finding it advantageous to work together in utilizing grazing lands adjacent to the irrigation projects. On these irrigated tracts the farm units are small—usually eighty acres or less—and the land is so valuable for crop production and the pasturing of hogs, dairy cows and sheep that it is not often used as a pasture for beef cattle. There, usually, is, however, a good supply of hay and other feeds for use in wintering beef animals, so that these can be produced economically where cheap summer range is provided.

Many of the projects are located near large areas of range lands on the public domain or in the national forests, but the irrigation farmer of a small unit, working individually, finds it difficult, if not impossible to use these lands to advantage. In order to secure good results with range cattle it is necessary that they be protected against loss from poisonous plants, disease, predatory animals and theft, and that proper provision be made for salt, water and forage, and for breeding. To provide this attention is too costly for the individual farmer with from two or three to twenty-five to thirty head of range stock.

BIG LAMB SHIPMENTS GO FROM GREEN RIVER EAST

GREEN RIVER, Nov. 9.—The hills around this city have been covered with flocks of sheep since Sunday and altogether in the neighborhood of six thousand lambs from the Henry Mountain section have been and will be taken out at the stockyards. Half five thousand were to be shipped, but some of the flocks did not get in and only thirty-six hundred head of lambs were sent out to Omaha, this shipment being made by Charles W. Wheeler, an Oregon lamb buyer. It is understood that these lambs were bought six months ago for seven dollars a hundred. They are now worth \$5.75. One buyer named Snow bought three thousand head of lambs from Tom Austin (or Austin Bros.) and these are being shipped to Lehi to be fattened in best pulp from the sugar factory there. As near as can be ascertained there are two thousand ewes among the flocks. Thirteen hundred head of sheep go to Custer at Castleton and one thousand are unsold.

Among the flockmasters who contributed towards these heavy shipments are Cameron & Brinkerhoff (2000 head), Vern Pace, Durfee, Oakland, C. A. Gibbons (500 head), King Bros. & Heiske (3000 lambs), Del Mechem, one thousand head.

IN DISTRICT COURT

Bad Fox, Negro Burglar, is Given One to Twenty Years.

Judge Albert H. Christensen adjourned an adjourned session of district court at Price last Friday, after being in session since the Monday previous, with Court Reporter Alder Friday evening left for Manti, where each cast a republican vote on Tuesday last. Judge Christensen returned to Price Thursday and again took up his labors in the district court room.

Last week Bad Fox, a gentleman of considerable color, was sentenced to the state penitentiary for burglary in the second degree. He was caught in a store at night recently at Helper and got from one to twenty years. Helen Lawrence, charged with resorting to a house of ill fame for purposes of prostitution, had a jury trial, which was concluded last Friday. The jury disagreed, which means a retrial of the case at the coming February term.

Carbon Fuel company vs. Standard Coal company; condemnation suit. Case set for November 11th (tomorrow) on hearing objections to findings. Shekrey Sheya vs. George M. Pappas; appeal from Justice's court. Continued for the term by consent of counsel on both sides. Price River Fruit company vs. J. C. Jensen; damages to farm and orchard property because of trespass. On motion of attorney for defendant the case was dismissed. The Ketchum Coal company litigation against Utah Fuel company at Castle Gate is to be resumed on the 22d of the month. Judge Christensen is making every effort to clean up the calendar as far as possible at this adjourned term.

This is Judge Christensen's last sitting at Price as Justice of this district. He is to be succeeded after the first of the year by Judge George Christensen of Manti, elected last Tuesday.

MRS. LEWIS IS DEAD

Passes Suddenly At Pittsburg, Pa. Where She Was Visiting.

Mrs. C. H. Lewis of Price died at the home of relatives at Pittsburg, Pa., on Wednesday last. Deceased left here some weeks ago for a visit with relatives there and later had intended to go on to New England. The husband received word by telegram Wednesday afternoon and departed on the first train for the Pennsylvania city. No details were given in the message.

Mrs. Lewis was about 55 years of age and had resided in Price with her husband for about two years past. She was an excellent woman and will be missed and mourned by a very large circle of friends locally. She was prominent in Rebekah lodge work in which she took a leading part. Mrs. Lewis had not been in good health for a considerable time and the trip East was in the hope of improvement.

MOVING GROCERIES

Here all the time. We don't buy a lot of inferior goods merely because the labels or cans or boxes look pretty—or tea or coffee because there is a premium given by the wholesaler. We buy when we find goods of distinctive merit and we do not have them here long to decorate our shelves or ultimately offer at reduced prices. Freshness, primeness and fair prices for excellent qualities are our inducements for your trade.
