

EMERY TAKES HER BONDS IN QUICK ORDER

DRIVE OVER SOUTH IS WOUND UP IN ONE DAY.

Novel Entertainment at the Town of Emery Nets Considerable Sum For the Red Cross Under the Auspices of the Relief Society—Eight Young Men Going to Camp Lewis, Wash.

CATTLE DALE, April 12.—With Emery county's quota of third liberty loan bonds subscribed before sundown of the very first day of what was scheduled as a two weeks campaign, our people have set a mark that may not be surpassed and the success was due almost entirely to the spirit of loyalty that is within the people themselves. The campaign in the county has been ably supervised by Chairman Peter Nielson, but even he had not dared hope for success in one day. A four-day drive had been his plan, but the people needed not such a length of time. Not a moment's hesitation was shown in most of the communities when the printed application blanks failed to show up, but they all came through with the 5 per cent or full payment as the case might be and with an unanimity and unselfish spirit that was truly wonderful. Subscriptions for a total of thirty-five thousand and nine hundred dollars are now on file at the local bank together with first or full payments, and, while exact figures for Green River and Woodside are not obtainable, both places had reached their quotas at an early hour on the opening day and the Green River committee had their goal set at fifteen thousand, which would entitle them to an honor flag with four blue stars on it.

These young men, registered under the draft law and given first classification, have been ordered to hold themselves in readiness for a call to form part of the state's quota who are to commence moving to Camp Lewis, Wash., beginning April 20th. It is expected that only eight of the eleven in the list will be finally ordered to entrain at that time and these will be selected as those who may the more readily leave without hindering the work on the farms. Definite word to those who are to go will be sent out later. The names of the eleven are Samuel Zwahlen of Ferron, now attending Emery State academy; John Hambrick, Castle Dale; William H. Thomas of Lawrence, now employed at Castle Gate; William V. Grundvig, George A. Mills and Sylvester Noyes, Victor, Peter D. Larsen of Emery, now living at Gunnison; Victor Warham, Ferron; Lawrence Peterson of Woodside; Vito A. Barberio, Mohrland, and Lafayette Christensen of Castle Dale.

Dr. O. K. Coleman, formerly of Castle Dale, is now working in an army station at Buffalo, N. Y., to which place such of the wounded soldiers who may be brought home for treatment will be taken. Mr. and Mrs. Niels Nielson and family returned Monday from a two weeks visit with relatives and friends in Vernal and other reservation towns. The return trip was negotiated in one day by way of Price, which is pretty good traveling.

Word of the death of Mrs. Lorasao H. Young at Hurricane was received by the Oliphant family Tuesday and three of the brothers, John, Ralph and Seymour, left immediately for the funeral, being taken overland by Bert Ryan.

Mr. and Mrs. Ira A. Day of Lawrence were visiting in Castle Dale the first of the week preparatory to making the trip to Chester, Ida., where they will spend the summer and see if the country suits them well enough to justify their locating there.

Prairie Dog Dance.

The proceeds realized by the Red Cross organization at Emery under the direction of the relief society at the Red Cross baner and the prairie dog dance amounted to eighty dollars. At the Red Cross dance a quilt was raffled off for \$15.75 and at the prairie dog dance a quilt, a pig (given by Severa Albertson), a pair of chickens and two boxes of apples (also received by donation) were raffled off for fifty dollars. The quilt, drawn by H. J. Peacock, Jr., was given back to the Red Cross and sold at auction for five dollars. The pig, drawn by Andrew Hansen, was returned and sold at auction for four dollars. The chickens, drawn by Nellie Olsen, were returned and sold for two dollars, being returned a second time by Albert Olsen and sold for \$1.50. The boxes of apples were returned and sold at auction several times, each bringing fifty cents each time sold. After expenses of quilts, dance and refreshments a total of eighty dollars was deposited to the credit of the Red Cross fund.

Judge and Mrs. H. C. Miller returned home Thursday after a honeymoon trip which has absorbed the better part of a month. They visited extensively over the mountain and upstate while away and report having had a very fine time. Old friends of the happy couple gathered at Relief Hall Thursday night and enjoyed picnic and dancing in honor of their arrival home, while all the young people chivalried them until the judge promised to give them a dance next Friday night.

Mrs. J. T. Clark of Emery attended conference in Salt Lake City and also visited herself of the opportunity of visiting with her children in that section of the state. She expects to do temple work before returning.

Word has been received by the parents of Penton Williams at Emery that he failed to pass the physical examination given for men in the army service. After the first failure he

waited a week, thinking he might possibly pass if given a second trial, but found himself still unsuccessful and has gone to Idaho, where he expects to remain during the summer.

Mrs. Lars Christensen was elected to the presidency of the local relief society Thursday, succeeding Mrs. Olive Beebe, who resigned to make her home in Green River.

Fritz Nordell passed through town Monday on his way to his ranch home, where he will visit for a few days before returning to San Francisco, Calif., where he is now working in an auto repair plant.

Death At Orangeville.

Again Orangeville people have been called to the house of mourning. Last Saturday afternoon another of the good women there was laid to rest. And all who knew Mrs. Sarah Wainman feel that her rest will be sweet and peaceful for such was the life she lived. The funeral was one which will long be remembered. The speakers were Elder Cloward from Standardville, Elder C. A. Sisson, Elder Conway, also from Standardville, Elder J. Frank Killion and Bishop H. M. Held. All paid tribute to the good life the deceased had lived, also giving encouraging words to those who are left to mourn. It was indeed a sad sight to see the husband and father follow the casket with his three little girls clinging to him.

The Wiley Calls—father and son—left the middle of the week for their summer home property in Idaho. Hans Denison will look after the Call interests in their absence, having moved into the bench home for that purpose.

Will Dugmore, Ferron's new druggist, has taken over his business and expects to spend his whole time in the store.

William Rasmussen has sold his farm at Molen to Ray Larsen of that place.

New gas lights have been installed in the meeting house at Emery.

Personal and Social.

Howard Pettay expects to leave Ferron shortly for the sheep herd, where he anticipates staying for the summer.

We are sorry to lose some of the townspeople who have lived at Orangeville so long. Mr. and Mrs. George W. Fullmer, who have sold most of their local holdings, will leave soon to spend a short time with their soldier son, Loren, at Camp Kearny. From there they do not know just where they will go to make another home, but wherever it may be we wish them success and happiness and hope their new friends and associates may love them just as their old ones do.

Mr. and Mrs. Milton Tuttle of Orangeville may be seen spinning around in their new car.

Mr. and Mrs. Frank Moffitt are home again at Orangeville and he is feeling pretty good after his operation which was quite a serious one.

Swift & Company's 1918 Year Book

shows that Swift & Company sells the meat from a steer for less money than the live steer cost!

Proceeds from the sale of the hide, fat, and other by-products covered all expense of dressing, refrigeration, freight, selling expense and the profit of \$1.29 per steer as shown by Swift & Company's 1917 figures as follows:

Average price paid for live cattle per steer	\$84.45
Average price received for meat	68.97
Average price received for by-products	24.09
Total received	93.06
This leaves for expenses and profit	8.61
Of which the profit per steer was	1.29

There are many other interesting and instructive facts and figures in the Year Book.

HE APPRECIATES THE HELP OF THE SUN

SALT LAKE CITY, April 11.—Mr. R. W. Crockett, Manager The Sun, Price, Utah. My Dear Mr. Crockett: I have received copies of The Sun published by you and wish to congratulate you for this most excellent display of advertising for the war savings campaign. I also want you to express our appreciation to the merchants and business men who have so ably assisted in a financial way in boosting the war savings campaign. The sales in Carbon county were very low until publicity was used and now I am pleased to say that Carbon county is one of the leading counties in the state in the sale of war savings stamps. From an advertising standpoint the merchant is doing three things:

First, he is helping the government in the raising of funds, second he is educating the people to create the habit of thrift and saving in which this country has been lacking for so many years gone by, and third he is helping the community and himself, because a man who is saving and thrifty and who saves some of his earnings is a better citizen for the community and is a better customer for the store. A merchant would rather any time sell goods to a man who is able to pay for them than to sell to a man who expects to pay for them out of future earnings or his next pay check.

We hope your good work will continue and that the merchants and people of your community will support you in the good work. I am sure that Carbon county will be one of the first, if not the first, to raise their allotment in this most excellent government security, which is the best ever offered to the people. That is the reason it is limited to a thousand dollars to any one man or corporation. If the limit was increased the large corporations would take unlimited amounts of stamps, because it is practically call money paying 4 per cent interest compounded quarterly.

Assuring you that the government officials to whom I have sent your correspondence appreciate the good work you are doing in your county under the able direction of your county chairman, Prof. Orson Ryan, and his co-workers. I remain, very truly yours,

JAMES W. COLLINS,
State Chairman.

CONSTIPATION AND INDIGESTION

These are twin evils. Persons suffering from indigestion are often troubled with constipation. Mrs. Robert Allison, Mattson, Ill., writes that when she first moved to Mattson she was a great sufferer from indigestion and constipation. Food distressed her and there was a feeling like a heavy weight pressing on her stomach and chest. She did not rest well at night, and felt worn out a good part of the time. One bottle of Chamberlain's Tablets corrected this trouble so that she has since felt like a different person.—Adv.

The transportation situation is still serious and shippers of foodstuffs are reminded that patriotism demands of them the heaviest loading possible consistent with the safe carriage of the goods. The failure of one shipper to load cars to the maximum may prevent other shippers from getting any cars at all with the consequent loss of those foodstuffs on which the winning of the war depends.

An unhappy marriage is the poison gas which chokes out all a man's ambitions. A happy marriage is the morphine which more often deadens all a woman's.

The straight corn diet, which many hogs receive from one year's end to the other, lessens vitality. The researchers of the Wisconsin experiment station have shown that this is probably brought about by retarding the development of the vital organs.
