MILLIONAIRE FINDS GIRL

Gail Borden and His Daughter Are United After Search of Several Days—May Make Statement Later Regarding Her Disappearance

Boston, April 26.—C. C. Kyle, who claims to represent Mr. Borden, announced this afternoon that Miss Borden had been found.

Kyle said that Miss Borden was a nervous wreck and was now in the care of friends.

One of the women who is alleged to have been with the girl, he said, had left the city.

Kyle said that Miss Borden was found at 1:40 o'clock this afternoon the party, had left the girls some time before.

With the girl were two other girls who are said to have been traveling with her. According to Kyle, a woman who made the fourth member of a party at a private residence in the Back Bay.

Miss Borden was taken by her father to the home of a friend of his. Make Statement Later.

Mr. Borden, it was said by Kyle, had decided to drop any legal proceedings that he might have contemplated. He was in doubt whether he would return to New York tonight or tomorrow. This depended largely, it was said, upon the condition of his daughter.

Mr. Borden did not meet his daughter until 3 o'clock. When he heard that the girl had been found, he was overjoyed by his long period of anxiety, according to Kyle, had brought him near to a nervous collapse and the reunion between him and his daughter was delayed to give him an opportunity to pull himself together.

Mr. Borden said he might have something to say a little later.

According to a later statement by the detective agency which discovered the girl, Miss Borden was found at the Vendome hotel and was afterward removed to the Touraine.

Kyle said that the women who were with the girls had left the party some time between 10 o'clock last night and this morning.

River Coal and Coke company at Finleyville, shortly after midnight this morning.

They had been held prisoners in the underground workings since the disastrous explosion in the mine at noon Wednesday in which at least 53 men were killed.

That the two men survived the explosion and poisonous gases of the mine for 60 hours is considered miraculous.

After the expert helmetmen and mine inspectors had left the mine late last night, J. McVickers and Clyde Gibson, members of the coal company's rescue crew, entered the mine to search for bodies. When they reached a point two and a half miles from the entrance, they heard a faint cry. An investigation disclosed the two miners alive in what is known as room ten, or entry twenty.

The rescuers carried and dragged the miners to the pit mouth. Crawl, when he reached the surface cried: "It seems as if I had been in there a week."

Crawl and Legler were taken to a hospital at Monongahela.

Survivor of Another Disaster.

Crawl is a survivor of the Marianna mine disaster of November 28, 1908, when 154 lives were lost. In that explosion Crawl lost his right eye.

At the hospital he told of his experience.

"I entered the mine at 6:20 Wednesday morning. Legler and I were eating lunch in the room where we were found when shortly after 12:30 Wednesday afternoon we heard a dull explosion which seemed to be far away. I began to get nervous when I did not hear the other miners at work and I went to investigate. I found dead miners lying all around and then I knew how severe the explosion had been. Remembering my former experience I told Legler to follow me and we crawled into the old workings in an effort to find a way out. I think we had been crawling 52 hours. In that time we had only a slice of bread apiece and we quenched our thirst with sulphur water from the mine floor. We crawled and crawled and couldn't find any way out. I gave up hope of ever getting out alive several times, but as long as my strength lasted I pushed on. Legler wanted to lie down and die but I urged him on. In room 23, entry 19, we found an old man and his son. They were alive but could not move. We tried to carry them but their weight was too great and we were exhausted. When we left the old man and his son my mind seemed to wander but I held to Legler's hand and in some way we got back to where we had started from after the explosion."

Message to Children.

When Crawl was taken from the mine a message was found scribbled in chalk on the legs of his overalls. The message read:

"Goodbye, my children. God bless you."

Legler gave credit to Crawl for saving his life.

"Only for Crawl," he said, "I would have given up 100 different times, but he urged me on. I never expected to see daylight again, but God was with us and helped us through."

On their trip the two rescuers found the bodies of eight miners which brings the total known dead up to 53.

Two Miners Have Miraculous Escape From Terrible Death in Mine—Survivors Held Prisoners Close to Where Rescuers Passed Many Times

Pittsburg, April 26.—The emergency rescue crew from the Pittsburg station of the bureau of mines was withdrawn from the Cincinnati mine of the Pittsburgh Coal company, near Finleyville, Pa., where an explosion occurred last Wednesday and in the neighborhood of 100 men lost their lives.

The crew had penetrated the principal entries and many of the rooms and were convinced when another body was located this morning, that the dead had all been found.

Five bodies were brought out this morning and removed to the Monongahela morgue for identification, making a total of 93 bodies removed from the mine, forty of which have been identified.

Charles Crawl and Phillip Legler, the men taken out of the mine alive, were getting along very well at the Vendome hospital today.

Members of the crew said today that the men were found in a part of the workings where the air was good. They were back from the entry in a room and although they did not know it, the rescue party had passed within a few yards of them a number of times without their knowledge. Officials of the mine were of the opinion that there are no more men alive in the mine.

Rescue of Men.

Exhausted and almost unconscious, Charles Crawl and Phillip Legler, miners, were rescued alive from the Cincinnati mine of the Monongahela.

STRIKE COST BIG FORTUNE

Belgium Socialists Declare That \$20,000,000 Has Been Well Lost By the Winning of the Fight For Equal Suffrage

Brussels, April 26.—Competent economists reckon the money lost caused by the recent strike for equal suffrage at \$20,000,000. The Socialist leaders declare, has been well lost if the country has thereby won equal suffrage.

The strike ended in most of the industrial towns of the provinces today. A good many miners still refused to enter the coal pits but it is believed that by Monday even these insurgents against the orders of the national Socialist congress will obey.

WOMEN SET TRAIN FIRE

Militant Suffragette "Arson Squad" Continue Their Activities in Attempting the Destruction of Property—Always Leave Their Literature as Clues

London, April 26.—A militant suffragette "arson squad" set fire to a train standing on a siding of the Southwestern railway at Teddington on the Thames outside London early this morning. Little damage was done, however, and no arrests were made. Quantities of oil and other combustibles, suffragette literature and post cards addressed to members of the house of commons were found in the car where the fire started.

Two other suffrage attempts at arson were frustrated today by the timely discovery of inflammable materials which had been set alight. One was in the shed of the Great Eastern railroad station at Westmill, about 35 miles north of London, and the other under the grandstands at the Preston football grounds.

The usual paraphernalia used by the suffragettes, consisting of kerosene-soaked rags and resin, as well as a quantity of suffragette literature was found but the "fire fiends" escaped.

Attorney General Advises Supreme Court That He Does Not Oppose Allowing Union Pacific Until July to Dissolve Merger

Washington, April 26.—Attorney General McReynolds today told the supreme court that an extension of time to July 1, for dissolving the Union Pacific-Southern Pacific merger might be greatly to the public interest, but "he emphatically" opposed an extension beyond that date or the granting of discretionary power to the lower court to extend the time.

The attorney general's position was stated in a brief in reply to the request of the Union Pacific attorneys for modification of the mandate so as to authorize the lower court to extend the time for submission of a plan of dissolution. The attorney general expressed no opinion on whether the supreme court had jurisdiction to grant the extension and added:

"Among other things such an extension, possibly, may result in bringing about a state of affairs which will render unnecessary certain troublesome litigation now in contemplation."

"Accordingly I am willing that the time be extended to July 1, 1913, but I am emphatically opposed to any extension beyond that time and with equal emphasis oppose an order enlarging the district court power to enlarge such time as it may decide."

"This case has been before the courts for more than five years and the public is entitled to early relief in harmony with the provision of the statute which declares that 'such case shall be given precedence over others and in every way expedited.'"

WANT ANTI ALIEN LAW

Governor Johnson Receives Telegrams Commending Him For His Stand—Organizations Send Telegrams Urging Passage of Bill—Message From Kent

Sacramento, Cal., April 26.—The anti-alien land owners league of northern San Joaquin county, with headquarters at Lodi, has sent to Governor Johnson and other state officials copies of a resolution urging the passage of an anti-alien land law.

The resolution commends "the action taken by President Wilson and Secretary of State Bryan and approves the policy advocated by them."

A telegram from Congressman William C. Kent, congratulating him on his handling of the anti-alien legislation was received today by Governor Johnson. The message read:

"Washington, April 26.—Governor H. W. Johnson: Congratulations on your brave stand. Opinion universally with you here. Any demand by foreign nations that we should regulate our internal affairs to suit them is hostile impudence. The treaty making power is not supreme in such questions as this."

(Signed) "WILLIAM C. KENT."

American Government Decides to Hold 200 Huerta Troops at El Paso Until Next Week When Final Action Will Be Taken

Washington, April 26.—The two hundred Huerta troops detained at El Paso will be held there until next week, when it will be determined if they shall be permitted to re-enter Mexico. The government had once decided not to interfere, but on protest of Senator Mark Smith of Arizona, reconsidered.

Wood Declines to Talk.

El Paso, April 26.—The thirty-five Mexican soldiers prevented from entering Mexico here last night, were removed today to Fort Bliss, Texas, where they are held under a guard of United States troops.

Major General Leonard A. Wood, arrived here today on a tour of inspection of border points. He declined to comment on the attempted returning of Mexican refugee soldiers to Mexico, which was prevented narrowly here last night.

The chief of staff will proceed to Arizona points before returning to Washington.

General Ojeda Goes to Los Angeles.

Honora whence they expect to sail for Guaymas.

Quarantine Against Cattle.

Nogales, Ariz., April 26.—Simultaneously with the lifting of the quarantine ban against Mexican cattle by the department of agriculture, the treasury department instructed custom collector Cornelius O'Keefe, today, to bar all foreign cattle of doubtful ownership. This order bears directly upon the stock confiscated by the rebellious state government offered for sale to provide war funds.

Only one of the John Smiths, arrested yesterday on charges of drunkenness, appeared in police court this morning to answer before Judge W. H. Reeder and that was the plain John Smith. John J. Smith recovered from his spree yesterday afternoon and posted \$5 for his appearance this morning. When he did not respond to the reading of the complaint by the clerk, his \$5 was forfeited.

The Smith who answered to the call stated that he had been engaged in papering the rooms of a local rooming house and, upon finishing twelve rooms, had started up town for more paper. On his way he was accosted by a saloon-keeper who had an odd job to do and while engaged at the job he drank so much that, upon completing his labors, he was unable to navigate in a thorough manner and was arrested when there arose the danger of a blockade to street traffic.

John had been in court once before and had secured a suspended sentence so he was given 5 days this morning.

George Shephard, also charged with drunkenness, had come to Ogden to ship out but arrived too late to call on all employment offices. To while away, between closing and opening hours, he had become drunk. A suspended sentence was given.

Emil Robert was found guilty of leaving a saddle horse hitched to a post for more than five hours and was fined \$5. He introduced two witnesses in his defense but they did nothing but "queer" the story told by Robert and at the same time give the police a clue that may lead to the arrest of a cigar dealer for operating a slot machine.

L. H. Becraft was found guilty of exceeding the speed limit, but was not fined owing to extenuating circumstances.

To Consider Application.

Cincinnati, O., April 26.—The National Baseball commission at its meeting in Chicago next Wednesday will consider the application of Tyrus Cobb of the Detroit American league team, for reinstatement. This announcement was made here today by Chairman August Herrmann of the commission.

"Cobb's application for reinstatement was officially received this morning," said Chairman Herrmann, "but the commission will have to acquire itself with the details of the case before any action will be taken."

Roy Has an Echo of Jap Ambroglio

Roy Utah, April 26.—The effect of the effort of Japanese to buy up California lands seems to have an echo in Utah. A Jap employed at the Davis County nurseries, today, with no provocation by word or act, drew a razor-edged knife and started in to carve up one of the white boys. It may not be that Japanese are fearful lest they be unable to buy Utah land, but the California trouble seems to have rankled in the mind of this Japanese until he boiled over.

The difficulty over the alien land law act is much exaggerated. A score of years ago Lord Scully, an Irish nobleman, bought forty thousand acres of land in Illinois. He rented merely the raw land, the tenant building dwellings, stables, fences, and all other structures and furnishing his own machinery.

When the tenant left the place all his improvements reverted to the landlord without one cent of re-quitment.

The people of Illinois decided that such a tenure was undesirable from either a private or public point of view and this feeling eventuated in an alien landlord bill which drove Lord Scully and his rack-rent policy from the country.

With reference to the proposed California enactment it is true that the

SUFFRAGISTS IN SESSION

Advocates Storm the Capitol for the Second Time in a Week—Make Many Stirring Addresses by Senators and Others

Washington, April 26.—Suffragists for the second time in a week, today stormed the capitol to argue why women should have the ballot and were admitted to suffrage on the same plane as men through the adoption of a constitutional amendment. In approaching the senate committee the suffragists had brought along some of their heaviest artillery.

Among those present to plead for equal suffrage was Mrs. Anna Howard Shaw, president of the National American Women's Suffrage association. She was seconded by Miss Helen V. Boswell, president of the Women's National Republican association; Mrs. Harvey Wiley, wife of the former pure food chief; Mrs. William Kent, wife of the representative from California; and several others.

Two senators, Shafroth of Colorado, and Brady of Idaho, and the wives of two members of the upper house of congress, also were ready to advance arguments for the "cause." The women were Mrs. Robert M. La Follette and Mrs. Sutherland of Utah. Representative Bryan of Washington state, also was among the pleaders.

Mrs. La Follette argued that women were as vitally interested in tariff legislation as the men and declared that every important piece of legislation before congress in the last 25 years had affected women equally.

He never moves from his tracks, just snaps that ball to any old corner with a motion that precludes the loss of a fraction of a second. All he needs is a little seasoning and he will be worth big money to Butte or any club."

ROY HAS AN ECHO OF JAP AMBROGLIO

Roy Utah, April 26.—The effect of the effort of Japanese to buy up California lands seems to have an echo in Utah. With reference to the proposed California enactment it is true that the

constitution is the fundamental law of the land, the basic law upon which all other law stands. It is also true that by our laws a properly ratified treaty becomes a part of the "supreme law of the land" over-riding both federal and state statutes. Nevertheless the Illinois case shows that a law may easily be made that will eject land holders whom the people in their wisdom decide are undesirable. The cockiness of the Japanese here or of the imperial crew at Tokio has nothing to do with the matter.

BUTTE TRAINER SAYS OGDEN WILL LOSE

If Ogden gets a game from Butte in the opening series I will be much surprised," said Tom Robbins, who has been training the Butte squad at Spanish Fork and who returned to Butte Friday afternoon.

"I understand the Butte fans have been worrying about the pitching staff. They should worry. Merkle has as good a bunch as there is in the league and just a little bit better than any of the rest of them, I am inclined to believe.

"Kelloeg has been touted as the man to burn up the league the coming season. I do not mean to detract one whit from the big southpaw's ability, but there are others on the Butte staff that are liable to force a hat tip from all of them. Robinson, Sexton, Callo, are all men who have demonstrated certainly to the satisfaction of many an eagle-eyed scout on hand at the Forks that they have the goods and done up in large packages. Giffin and Applegate are also men I look to deliver, and there is no use bothering about the pitching staff.

"The team is strong everywhere. The catching staff is easily the strongest in the league. Spike Shannon is in wonderful form, while I wish you could see this man McLaughlin throw to bases. He never moves from his tracks, just snaps that ball to any old corner with a motion that precludes the loss of a fraction of a second. FUNDS FOR THE COUNTY SCHOOLS

Estimates of the funds needed by the county schools for the next year have been prepared and will be submitted to the county commissioners as follows:

For the support and maintenance of schools \$27,500; for interest on outstanding bonds, \$25; sinking fund for redeeming bonds, \$210; for exclusive purchase of school sites and erection of buildings, \$15,000; which with \$26,985, brings the total to \$55,735.

Of this amount \$52,235 will be secured from district tax levy and \$2,500 from the state school tax and rental fund, leaving a balance of \$12,500 to be raised by the county school taxes.

WORLD'S MARKETS

Chicago Grain.

Chicago, April 26.—Lower Liverpool cables and repetition of favorable domestic crop reports weakened wheat today. Arrivals here of 1,600,000 bushels from Duluth also depressed values. Selling by leading houses caused a drop of 3-8 to 3-2 in the first hour. May started off at 92 1-2 to 5-8, and dropped to 92 1-8. July began unchanged to 1-4 lower at 92 1-4 to 1-2 and declined to 92.

July corn opened unchanged to 1-5 down at 55 1-2 to 5-8, and went off to 55 1-4.

First prices for July oats were 34 3-4 to 1-2, a shade to 1-8@1-4 lower, and a drop of 1-8 to 1-4 followed.

An easy tone in provisions was caused by lightness of demand. Opening figures for July products were: Pork, 19.70; lard, 10.87 1-2; ribs, 10.02 1-2. The range was a shade to 10c lower.

Wheat—Further declines were made on increased selling pressure, but there were slight rallies. The close was firm, with May at 92@1-8, a net loss of 5-8@3-4, and July 5-8 off at 91 7-8.

Corn—Weakness in southwest markets further depressed prices, but there was a slight reaction. The close was steady, with July at 55 3-8, a net loss of 1-4.

Omaha Livestock.

South Omaha, April 26.—Cattle—Receipts 100; market steady; native steers, 7.50@8.65; cows and heifers, 6.00@8.00; western steers, 6.75@8.20; Texas steers, 6.90@7.70; cows and heifers, 6.50@7.50; calves, 7.75@9.75.

Hogs—Receipts, 10,000; market lower; heavy, 8.55@8.45; light, 8.50@8.60; pigs, 7.50@8.25; bulk of sales, 8.40@8.50.

Wool.

St. Louis, April 26.—Wool—Steady; western mediums, 21@25; fine mediums, 18@20; fine, 13@17.

Chicago Livestock.

Chicago, April 26.—Hogs—Receipts, 11,000; market weak; bulk of sales, 8.80@9.55; light, 8.80@9.05; mixed, 8.70@9.00; heavy, 8.55@9.55; rough, 8.55@8.70; pigs, 6.80@8.85.

Cattle—Receipts, 100; market steady; heaves, 7.50@7.90; Texas steers, 8.60@9.50; western, 8.00@8.10; stockers and feeders, 5.20@8.10; cows and heifers, 3.90@8.40; calves, 6.50@9.00.

BLACKMAIL SENSATION

Grand Jury at Los Angeles Will Investigate Alleged Millionaire White Slave King Also Charge That Girls "Bled Good Fellows"

Los Angeles, Cal., April 26.—Chief of Police Sebastian notified the assistant district attorney handling the grand jury investigation of the alleged millionaire white slavery ring today that when the inquisitorial body meets again Monday other prominent men than George H. Bixby will be summoned to appear as witnesses. The chief declined to make the names of these persons public.

Bixby who is a millionaire banker of Long Beach, Cal., and is wanted in connection with allegations of certain young women, is still in hiding but his attorney has promised that he will appear Monday if he will not be arrested on the bench warrant that was issued for him. The lawyer insists that Bixby, in common with other southern millionaires, has been the victim for some time of a blackmail ring of young girls.

The investigation next week, it is understood, will extend to certain road houses outside the city.

PRESIDENT TAKES REST

Executive Expects to Spend Two Days on Trip Down the Potomac as a Relaxation—No Work For Two Days

Washington, April 26.—President Wilson left the White House early today and boarded the government yacht Sylph for a trip down the Potomac to the Virginia capes and back. He expected to be away until some time tomorrow. Secretary Tumulty prescribed the trip as a relaxation and sent Dr. Cary Grayson, naval aide at the White House, to see that the president did absolutely no work.

The president has been working under pressure lately, the Japanese question in California, the tariff problem, and the Mexican situation having occupied his mind, as well as troublesome questions of appointments.

JOHNSON TO JOIN BENEDICTS

Boston, April 26.—Walter Johnson, pitcher of the Washington Americans, is soon to take a bride in the person of Miss Anna R. Scully, daughter of Mr. and Mrs. Patrick J. Scully, of Cambridge, according to announcement made here today. The date of the wedding is not given out, but Johnson is said to have asked for a two-weeks' leave of absence following the series between Boston and Washington here next week. Miss Scully is 19 years old.
