RIOTS FEARED IN STRIKE OF SWITCHMEN

MICHIGAN PRIMARY CLOSELY WATCHED IN POLITICAL CIRCLE

Lowden, Wood and Johnson Deeply Interested in Vote of Influential State

DETROIT ACTING ON BIG BOND ISSUE

Eugene V. Debs Socialist Candidate—Palmer Only Democrat to Stump State

DETROIT, Mich., April 5.—Early voting in the Michigan primary today was evidently affected by the Easter storm, the turnout of voters generally being lighter than expected.

While indications of clearing weather in some industrial centers gave promise of brisker voting this afternoon, other points reported snow flurries still prevailing with indications that voting would be materially curtailed.

The inclement weather also operated to curtail the woman vote.

Huge Bond Issue

In Detroit where a \$15,000,000 bonding proposition for a municipally owned traction system overshadowed the presidential primary voting started very light but with warming weather a better turnout was expected during the afternoon.

Confidence in the outcome was expressed by the headquarters of Governor Frank O. Lowden, Major General Leonard Wood, and Senator Elwyn Johnson, all of whom made extensive tours. All other candidates were General Pershing, Senator Miles Poindexter and William G. Simpson of Detroit. Herbert Hoover's name appeared on both the Republican and Democratic tickets.

Miss Palmer Campaign

Announcement of Eugene V. Debs as the only Democrat to campaign throughout the state, the others named on that ticket being William G. McAdoo, William J. Bryan and Governor Edwards of New Jersey.

Eugene V. Debs was the Socialist candidate.

The polls opened at 7 a. m. and were close in the rural precincts at 5 and in the city at 8 p. m.

ANNE MARTIN TO RUN

WASHINGTON, April 5.—Anne Martin, defeated two years ago for the United States senate in Nevada, announced from her headquarters here today that she would make the race again this year for the Republican nomination. Miss Martin said she would accept the nomination if offered on her platform which included opposition to the peace treaty and the league of nations.

Miss Martin declared that under no circumstances would she make a lone fight in the primary against a bipartisan fusion candidate, and if so opposed would run as an Independent.

HEADQUARTERS ESTABLISHED

CHICAGO, April 4.—Western women's headquarters for the A. Mitchell Palmer presidential campaign were established in Chicago today by Mrs. Halsey W. Wilson, national chairman for women, and Miss Lucy Collins of Minneapolis. Mrs. T. Lottman of St. Louis will be in charge.

ROCKEFELLER BUSY IN INTER CHURCH MOVE

NEW YORK, April 5.—John D. Rockefeller, Jr., at the head of a party of more than twenty public officials, representative business men and religious leaders, left here today for a two weeks' tour of a number of cities of the country to present the program of the interchurch world movement.

The tour, arranged as a result of Mr. Rockefeller's offer to give all his time for two weeks, is preliminary to the simultaneous financial campaign of the week of April 25 when the thirty denominations which are cooperating through the interchurch movement will seek subscriptions of \$336,777,572 from the Protestant population of the United States.

From Washington, where the party stopped today, the Rockefeller group will go to Pittsburgh, Cleveland, Detroit, Chicago, Minneapolis, Kansas City, St. Louis, Cincinnati, Buffalo, Boston and Philadelphia, returning to New York for a mass meeting Sunday, April 18.

SPAIN IS PROMISED BETTER FILM SHOWS

MADRID, April 5.—French motion picture producers are invading Spain, where hitherto moving picture shows have been of the most mediocre description, the proprietors of the theatres refusing the pay rentals for good pictures. One of the leading Paris producers has purchased theatres at Vigo and Bilbao, and intends later to acquire large theatres in Madrid, Valencia and Seville, where he will display the most modern films.

FRENCH TO OCCUPY CITIES IN GERMANY

Conflicting Denmark Forces Agree

CRIMINAL INSANE INMATES ESCAPE; ONE PERSON SHOT

CHESTER, Ill., April 5.—An armed posse is scouring the Mississippi river bottom, south of Chester, in pursuit of eight inmates of the Chester state hospital for criminal insane who participated in the delivery at the institution late Saturday night when fifteen men made their escape after assaulting and overpowering the night keeper. Hospital officials said the men who escaped were considered among the most dangerous of inmates.

Seven of the men were captured yesterday and last night and returned to the hospital. One of the number, Harry Stork of Rock Island, Ill., was probably fatally shot when he resisted capture.

GENERAL STRIKE TO END WORKERS AND EMPLOYERS DECIDE

Walkout Proves to Be Highly Effective in Two Large National Crises

DENMARK MINISTRY MEETING APPROVED

King Christian Forced to Dis- miss Lieke Group After Five Days of Excitement

COPENHAGEN, April 5.—An agreement to end the general strike, which resulted in forcing King Christian to dismiss the Lieke cabinet, has been reached by employers and workmen. The strike weapon now has been employed with surprising effect in two important constitutional crises. The first was in Germany when the reactionary government set up by Dr. Wolfgang Kapp was forced to relinquish power at the end of five days. The success of the strike in this country was almost as speedy.

The ministry, which has been formed, seems to meet with general approval by the parties. It is composed largely of the permanent secretaries of the different governmental departments, who obviously have been chosen for the most part to carry on the routine of the departments in the government, which is considered purely temporary in character. The other portfolios are held by men who, although representative of various political parties, are not considered as likely to make any radical changes in the conduct of their departments.

The reinstatement of H. P. Hansen as commissioner for Schleswig affairs, which is announced, has given great satisfaction to those who objected to an annexationist policy regarding the disputed northern Schleswig peninsula zone. It is stated, however, that the appointees' political friends are endeavoring to persuade him not to accept the post, fearing that his presence in the government would be in propaganda against the temporary cabinet.

FIRST SPRING BRIDE

FRANCES CARPENTER

WASHINGTON, April 5.—Miss Frances Carpenter, daughter of Mr. and Mrs. Frank G. Carpenter, will start the wedding roll rolling for society brides this spring. Her marriage to William C. Huntington is set for April 6. Huntington has been connected with the department of commerce and with the American embassy in Russia. Miss Carpenter spent six months abroad working for the Y. W. C. A.

FRANCE TO PUNISH NATION FOR PEACE TREATY VIOLATIONS

Troops to Occupy Teuton Cities on East Side of Rhine, Paris Announces

BRITISH DECLINE TO COOPERATE IN MOVE

Marshal Foch May Decide that Teutons Must Pay for Ex- pense of Occupation

PARIS, April 5.—French troops commanded by General de Goutte, which are stationed along the Rhine, are prepared to enter German territory this morning, according to the Wiesbaden correspondent of the Matin. It is reported that the French government has declined to occupy cities on the right bank of the Rhine as a reprisal for the movement of German government troops into the neutral zone fixed by the Versailles treaty. No official announcement has been made of such an order, however.

Newspapers continue to discuss the situation resulting from the entry of German government troops into the Ruhr basin, and the Petit Parisien declares the indications given by the German note concerning those forces do not correspond with the information received by Marshal Foch. Demand is made by the Journal that the expenses of the occupation be borne by the Germans, and it is suggested that cities occupied be taxed to make up this amount.

British Not Co-operating.

The British government will decline to cooperate in the occupation of Frankfurt, Darmstadt and other German cities, according to the London correspondent of the Petit Parisien, but will, he says, favorably follow the action of France, "realizing the importance of the situation."

In the southern part of the Ruhr district, says the Lecho de Paris, the German government troops have advanced without resistance, but have encountered serious opposition in the central portion of the Ruhr basin. Two hundred persons have been killed in a fight near Duisburg, according to information reaching this city.

French military measures destined to force the German government to withdraw its troops from the Ruhr basin are now entirely in the hands of Marshal Foch, it was said at the foreign office today.

Tribute on Cities.

It is advanced in some well informed quarters that occupation of Frankfurt, Darmstadt, Homburg and Hanau is unlikely to exercise sufficient pressure upon the Germans, since they will argue that this occupation is distasteful to the French as well as to themselves, but cannot continue indefinitely. On the other hand, the expense of the operation comes up as a vital question in the present state of French finances. The newspapers recall war tributes imposed by German troops on French and Belgian cities and suggest similar measures being applied to German cities occupied by French troops.

Dispatches from Wiesbaden, saying General de Goutte's forces are under "alert" orders, are explained as not necessarily meaning an immediate advance, but complete readiness to move forward unless Berlin promptly recalls the troops which have entered the Ruhr district against protests from France.

No censorship has been established on news of the intended operation, but since the matter now is entirely in the hands of Marshal Foch, communications from the army probably will be surrounded with the usual precautions, although the operation is not considered on a basis of war.

U. S. Not Informed.

WASHINGTON, April 5.—State department officials said today they had received no notice from France of its intention to have the French troops occupy cities on the east bank as a reprisal for the advance of German forces into the Ruhr valley neutral zone.

The last official word regarding troop movements in this territory was received last Thursday, officials said, with the arrival of the German note informing the American government that it was sending soldiers into the district to re-establish order.

The United States notified the allies more than a week ago it would offer no objection to the movement of German troops into the valley if they were withdrawn as soon as conditions are normal.

PRISON INMATES BECOME MAGNETS, DOCTORS PUZZLED

ALBANY, N. Y., April 5.—Botulinus poisoning has taken an unusual form at Dannemora, state prison. Thirty prisoners now suffering from the disease, it is said, are "full of electricity," their bodies active as magnets for small pieces of metal and paper. They are thought to have become affected through eating salmon which was packed in tins, according to a report by Dr. Ransom, the prison surgeon.

The malady first appeared several weeks ago, and caused the death of two prisoners and loss of sight to others.

CHICAGO POLICE IN READINESS FOR DUTY IN RAILROAD YARDS

Train Service Through District Tied Up by Spread of Un- authorized Strike

2500 EMPLOYEES ARE IDLE SAYS REPORT

Demands of Outlaw Organiza- tion Include More Pay and Shorter Work Day

CHICAGO, April 5.—Fifty thousand stockyards employees will be thrown out of work tonight as a result of the strike of switchmen in the Chicago railroad yards, officials of the packing companies announced this morning. Five thousand were laid off when they reported for work today and others will follow as soon as the small receipts of animals on hand are disposed of. Only 3,500 cattle, 5,000 hogs and 500 sheep reached the stockyards today, as compared to receipts of forty thousand hogs alone a year ago.

Cannot Move Cars.

An embargo on all express shipments was announced this morning by the American Railway Express company. Officials said the blizzards yesterday, combined with the switchmen's strike, had made it impossible to move cars in the local yards.

A. F. Whitney, vice president of the Brotherhood of Railway Trainmen, which has branded the strike as "illegal" and in violation of the men's agreement with the roads, has taken personal charge of the efforts to break the walkout.

Union Strikebreakers.

Brotherhood men from other cities began arriving here this morning in response to Whitney's appeal for union "strikebreakers," and union officials hope to have enough men at work by night to keep essential business moving.

Chicago's milk supply was seriously threatened this morning, but railway officials said the walk would make every effort to keep milk trains running.

WAR WIDOWS ARE FLOCKING TO U. S. MEN ARE LEAVING

Dangerous Tendency Present in Immigration, Bureau State- ment Points Out

NEW YORK, April 5.—Foreign war widows, pensioners of their governments, and other industrial non-producers, mostly women, constitute the larger part of the immigrants now coming to this country, according to a statement issued by the Inter-racial Council.

Immigration officials of this port state that women and girls have in the last few weeks outnumbered the men two and some times three to one. The fact appears to be well established, the council declares, that some of the foreign governments are enforcing a policy which encourages the emigration of women, but places obstacles in the way of able-bodied male workers.

Meanwhile, emigration from America is made up almost entirely of men who have given up employment in factories, mills and mines to return to their home land, taking with them savings estimated conservatively at \$2000 for each emigrant. Since the signing of the armistice, 275,000 emigrants have left the country and authorities believe that approximately 1,125,000 more will leave when present port regulations and conditions permit. To consider the problem the national council on emigration will be held in New York next Wednesday attended by representatives of industry, agriculture, culture and labor groups. The chief purpose is to determine upon a policy of selective immigration that will best serve the interests of the country and to recommend the adoption of such a policy by congress.

ARCHDUKE'S DAUGHTER WILL MARRY BARON

BUDAPEST, April 4.—The youngest daughter of Archduke Frederick, the Archduchess Mary Alice, has become engaged to marry Baron Frederic Haldbot, who is a scion of an old Prussian family. Frederic is thirty years old and at present is employed in a commercial bank in Budapest. He has a salary of five thousand kronen annually, which under the present exchange rate is worth about twenty dollars.

The father of the bride-to-be was the richest man in the former monarchy.

FOOD ADMINISTRATOR KILLED BY HUNGRY MOB

VIENNA, April 5.—Famine conditions prevail in Slovakia, according to reports received here. It is reported that people are collapsing in the streets, due to hunger, and that there have been hunger riots in various districts. In Karachau the populace invaded the office of the Czech food controller and dragged him to the street and killed him. The soldiers thereupon fired on the crowd, killing twelve persons.

POLICY OF ENTENTE LACKING IN UNITY COMMUNISTS SAY

Bolsheviks Crow Over Victories at Opening Session of Confab Called in Moscow

MOSCOW, March 29.—(By the Associated Press.)—Consolidation of party interests and centralization of departmental activities as the result of Russian victories "on all fronts" was the keynote of the soviet government's policy by Nikolai Lenine, Bolshevik premier, speaking at the opening session of the ninth convention of the communist party here today.

"That this morale of victory happened," he declared, "notwithstanding the imperialistic world war against us, was due to centralization, sacrifices and discipline."

Recent peace proposals received by the soviet government denoted a change of "sentiment in the outside world and an entente policy indicative of lack of unity," Lenine said, adding, "our position cannot be determined from the viewpoint of jurisprudence."

Representatives of Swedish and Norwegian workers were welcomed at the conference and a general committee, which included Lenine, Trotzky and other Bolshevik leaders, were elected.

STATES ARE DIGGING OUT OF SNOW AFTER HEAVY EASTER STORM

After "Warm Blizzard" Ex- perts Predict Return to Balmey Spring Weather

JEFFERSON CITY, Mo., April 5.—The blizzard which swept Missouri yesterday destroyed the entire peach, apple, cherry and plum crops, causing losses of millions of dollars, according to information received by the state board of agriculture today.

JOPLIN, Mo., April 5.—Low temperatures that accompanied Sunday's blizzard will cut down the size of southwest Missouri's peach and apple crops this year, J. H. H. Mote, farm agent of Jasper county, said today.

Both crops have been badly damaged, if not ruined," he said. "Buds were out on trees and many of them undoubtedly were killed."

MISSISSIPPI ABOUT TO OVERFLOW BANKS

MEMPHIS, Tenn., April 5.—Weather bureau reports today indicated that the crest of the Mississippi river flood would reach Memphis before nightfall with the stage within the forty-one foot maximum prediction.

This far damage along the Mississippi has been confined to the flooding of the unprotected lowlands. All levees in this district are reported in good shape and in the opinion of Major William M. Gardner, in charge of the United States engineer's office here, capable of withstanding a much greater water than would result from the present rise.

OMAHA, Neb., April 5.—Forty families in an area comprising about two square miles in North Omaha are marooned today by the flooded Missouri river. The river is stationary.

BULL FIGHT SEASON ON IN FULL BLAST

MADRID, April 5.—The bull fighting season just opening promises to be even more successful than usual. The strike of banderillos and picadores apparently has been satisfactorily settled and no trouble is anticipated when prominent toreros such as Belmonte, Gallito, Sanchez, Mejias and Chicuelo, enter the various rings.

Despite a fifty per cent increase in prices the seats at every ringside throughout the country have been sold out, many people paying triple and quadruple the ordinary prices to witness the events.

POLITICAL ACTIVITY BY PRIEST BANNED

VIENNA, April 5.—Political activity by any priest while celebrating mass or preaching at any church in Czechoslovakia would be made a criminal offense under an amendment to the penal code introduced in the national assembly of that country by the minister of justice.

TEN ARE DROWNED.

ANDERSON, S. C., April 5.—Ten persons were drowned near Lowndesville yesterday by the capsizing of a ferry on the flooded Savannah river.

(Continued On Page 4)
