

SECRETARY OF WAR GIVES 'GO AHEAD' ORDER ON ARSENAL

The last remaining obstacle in connection with the plans to build a \$2,000,000 arsenal in Ogden was removed today when Secretary of War Baker approved all the arrangements...

The arsenal will occupy two square miles of land, with 37 ammunition warehouses, locomotive shops, machine shops, garage, battery storage station and other structures.

The structures will be of concrete foundations and floors, tile sides, steel girder and gypsum roofs. Steel doors and shutters and lightning protection will be provided.

Number of Employees. About 100 employees will be on duty in peace time as guards and members of surveillance parties...

The construction of the plant will be put into the hands of a civilian contractor and civilian employees will build the entire set of buildings.

The total estimated cost of the arsenal will be about \$2,000,000. The survey was made by Murray Kay and engineers of the federal government, city and county commissioners...

News Comes Over Wires. News that the ordinance depot was assured beyond question came, first in the form of a telegram from Senator Smoot to Warren L. Wattis...
