

# McADOO STATES HIS POSITION ON NEW LAWS

### Replies to Questionnaire Issued By National Board of Farm Organizations.

### PRESENT TAX LAWS ARE NOT IMPARTIAL

### Draws Distinction Between Earned and Unearned Incomes.

WASHINGTON, April 25.—Replying as "a private citizen" to the questionnaire issued to all candidates for presidential nominations by the national board of farm organizations, former Secretary McAdoo tonight outlined his position on various propositions being agitated in the pre-convention campaign.

Present tax laws, Mr. McAdoo declared, should be simplified and the burden of taxation "redistributed so that the men who earn their incomes by the sweat of their brows and with their brains shall not be required to pay as heavy taxes as those who live in idleness and draw incomes from safe investments."

"A distinction should be made," he said, "between earned and unearned incomes." He declared himself opposed to all tax free bonds.

If after a two-year period of private ownership, the railroads failed to function properly, Mr. McAdoo said, he would favor re-opening the railroad question. He declared for "a fair trial of the new railroad law, but declared it "cannot settle the railroad problem because it does not reach fundamentals."

Federal Farm Loan System. Mr. McAdoo declared himself for broader publicity for operation of the federal farm loan system; for means to bring producers and consumers closer to each other; for representation on boards and commissions "when consistent with public welfare"; for a secretary of agriculture who "understands actual farm conditions"; for a reduction of farm tenancy; for the same service and supplies for farmers' organizations in interstate commerce as apply to private enterprises in the same circumstances; for regulation of monopolistic control of corporations in interstate commerce and as "absolutely opposed to any abridgement of the right of free speech, free press or free assembly."

"I regard with concern," said Mr. McAdoo, "the tendency to restrict or impair those great constitutional guarantees upon which rest the foundations and perpetuity of Democratic institutions."

Mr. McAdoo's answer was given in a letter to C. A. Lyman, secretary of the national board of farm organizations.

# UNITED STATES ASKED TO TAKE OVER MANDATE

### Supreme Council to Make Armenia Independent and America to Settle Lines.

### APPEAL SENT TO PRESIDENT WILSON

### Palestine Under British Mandate and Home for Jews Established.

SALT LAKE, April 25.—(By The Associated Press.)—The supreme council is sending a formal request to President Wilson that the United States government take the mandate for Armenia. The council is leaving to President Wilson the arbitration of the differences over the boundaries of Armenia.

There seems to be division on the part of the council as to whether the region of Erzerum and its vicinity should be included in the territory of the Armenian republic. The Turkish nationalists are strongly claiming Erzerum for themselves.

Dispatches from San Remo on Friday last announcing the decision of the supreme council to make Armenia an independent state, said that the boundaries of the new republic had not yet been defined. The new republic, the dispatches add, would probably be contracted, owing to the belief that the smaller the country, the more easily it could protect itself and the fear that if too many Turks were left within Armenia they might overthrow the government.

The supreme council today decided to ask President Wilson to arbitrate the boundaries of the new republic of Armenia. The council awarded a mandate for Mesopotamia and Palestine to Great Britain and a mandate for Syria to France.

In placing Palestine under a British mandate the council established within the ancient limits of Holy Land what is called "the national home for the Jews."

Mandate Protects Rights. The terms of the mandate protect the national rights of Jewish citizens of other countries. That is to say, a Jew of American, British, French or other nationality may retain his nationality, although he is also a citizen of the state of Palestine. The rights of Arabs also are protected, there being 600,000 in Palestine and 1,000,000 in Syria. The mandate is limited generally by what is known as the Balfour declaration. British forces have been in occupation of Palestine since the defeat of the Turk forces by the British Field Marshal Viscount Allenby.

France has been the protector of the Christians in Syria since the middle ages, having been designated for the purpose by the Holy See. The question with regard to Syria has been in serious controversy between the French and British governments since the armistice was signed, particularly over the point whether France shall have all of what is geographically outlined as Syria, or only certain parts.

Anti-Jewish Cruelty in Hungary Denied. BUDAPEST, April 25.—(By The Associated Press.)—The recent communication sent by the Jewish delegation in Paris to the peace conference regarding alleged anti-Jewish atrocities in Hungary have evoked expressions of indignation here. Simon Hentel, chief rabbi of Budapest, said today:

"The alleged facts are untrue. After the collapse of Bolshevism there were some isolated cases of excesses against Jews, but the government did its best to maintain order. It seems to me to be in the interest of some neighboring states to sound the trumpet about disorders in Hungary."

"The blind and bigoted action of congress in refusing to deal intelligently with the present treaty has made it impossible for the United States to manifest the proper concerns in these affairs," said Mr. Gompers, after asserting the affairs of the world are the concern of the United States.

"On our own continent there is the same need. For weeks a senatorial sub-committee has been going up and down the country gathering testimony, the evident purpose of which can be but to inflame the minds of those who think little and take much on faith. At periods all too frequent the United States is brought to the verge of war with Mexico. It is not difficult to see the evidences of satisfaction on the

## FIVE AUTOS IN S. L. ACCIDENTS

### Several Persons Slightly Hurt in Head on Collisions Sunday

SALT LAKE, April 25.—Within two hours, last night, two automobile accidents of similar circumstances occurred near the outskirts of Salt Lake. George Paul, his wife, their daughter, Rosemary, two years of age, and Mrs. H. B. Freeman, 135 McClellan avenue, were all slightly hurt at 9 o'clock, when their machine met in head-on collision with an automobile just south of Murray. Mrs. Paul, who was knocked unconscious, was the most seriously injured, receiving a deep cut on her forehead. The others were shaken up and bruised.

H. E. Corser, 132 Dooley court, 63 years of age, sustained a severe laceration behind his right ear when the automobile his son, H. A. Corser, was driving, between Murray and Draper at 7 o'clock, collided head-on with another automobile, driven by J. C. Hoffo of Sandy. Mr. Corser came to Salt Lake in his machine, which was not badly damaged, and received treatment at the emergency hospital.

The injured in both accidents were riding towards Salt Lake. The roads over which the cars were traveling were both narrow and automobiles were following the machines. As each turned out to pass the auto ahead the driver did not see the auto coming toward him until it was too late to avoid the collision.

An eastbound South Temple street car, operated by Motorman G. D. Darkin and in charge of Conductor M. T. Zucker, struck an automobile driven by Charles Irwin Grow, 650 Pungley place, carrying Grow's wife, Mrs. Fay Grow, and Thomas Blackburn, at Second East and South Temple streets, at 9 o'clock last night in a head-on collision. The front end of the automobile was spun around, throwing the machine off the track.

Mrs. Grow, who was sitting in the rear seat of the machine, was thrown forward, her head striking the robe rail on the back of the front seat, knocking her unconscious. She was taken to the emergency hospital and later removed to her home. Her injuries consisted of a bump on the forehead and a laceration on one of her fingers. Mr. Grow was slightly cut by the glass breaking the windshield, but did not go to the hospital for treatment. The automobile, which was traveling west on South Temple street, turned into Second East street in front of the grocery car. The window in the street car in front of the motorman was smashed. Mrs. Grow was taken to the hospital in an automobile by Benjamin Weiner, 257 Sandberg place.

San Juan Trappers Warring on Wolves. SALT LAKE, April 25.—Wolves in San Juan county are leading a sorry life due to the energy of the trappers who recently trapped two wolves that have caused serious loss of life among cattle and sheep.

J. H. Loomis, one of the newest to the trapping force, is having good fortune. He reported yesterday that he had come across a den of seven wolf pups in the Lower Coyote wash.

Submit Rock Samples for Arizona Temple. SALT LAKE, April 25.—Two specimens of Arizona building stone, which have been suggested as material for the new temple at Mesa, Arizona, have been submitted to Prof. E. H. Beckstrand of the mining department of the University of Utah for examination. The absorption test will be made with the stones. Melvin J. Ballard of the council of twelve of the L. D. S. church has gone to Mesa to inspect the proposed site of the temple and to attend the Maricopa stake conference.

Arrow Rock Storage Water Is Increasing. BOISE, Ida., April 25.—Arrow Rock reservoir is rapidly gaining in storage water, this week's report indicates. The reservoir still lacks about 25 per cent of what it held last year at this time. Deer Flat shows an increase of 7 per cent over last year, it is reported.

Switchmen to Face Trial on Wednesday. SALT LAKE, April 25.—According to Floyd T. Jackson, special agent of the federal department of justice, everything is in readiness for the trial of the yardmen and switchmen who walked out of the Salt Lake yards on April 3 and 9. They will appear before United States Commissioner H. Van Pelt at 2 o'clock Wednesday afternoon.

The men held a meeting at the Moose hall yesterday afternoon and assembled again this morning at 10

## IDAHOAN KILLS WIFE AND SELF

### Insane Jealousy Believed to Have Been Cause of Tragedy

BAKER, Ore., April 25.—After killing his wife here last night, Till Stratton sent a bullet crashing through his own brain and died on the way to a hospital. Stratton and his wife recently arrived from Caldwell, Ida., and were stopping at the Commercial hotel, where the tragedy occurred. Stratton's desperate act leaves five children parentless, the oldest, a girl 16, who was too hysterical tonight to talk coherently. Insane jealousy, however, is believed to be at the bottom of the husband's crime.

### Miners Marooned by Snow; Food Gets Low

AMERICAN FORK, April 25.—That miners and their families living in nearby mountains are running short of provisions is the report brought to this city by telephone linesmen who fought their way through heavy snows to repair the telephone line to the Pacific mine. Heavy snows are preventing traffic over canyon roads and skis are the only means of transportation.

An appeal was made yesterday to county authorities to clear roadways in canyons to mines, of rocks which have slid from mountain sides during the winter, so that provisions can be taken to the marooned miners and their families.

Ten feet of snow at the Bellerophon and seven feet of snow at the Pacific mine was reported by Carl Ferlin and George Adams, who skied for supplies.

### High Cost of Wives Affects African Buyers

LONDON, April 25.—Lord Dewar, who has just returned from central Africa, in giving an account of his travels there, said the increased cost of living in the district he visited was reflected in the higher prices for wives paid by the natives. Whereas a fine, sixteen hands high wife cost four spearheads in pre-war days, she now costs eight spearheads, Lord Dewar said, and in the cattle districts, the price of a wife at present is eight cows instead of four.

### Col. John Bogart Engineer, Is Dead

NEW YORK, April 25.—Col. John Bogart, widely known as a civil engineer, died at his home here yesterday at the age of 84 years. Among the various projects with which he was connected, were the construction of Fort Monroe, Va., during the civil war; the state canal of New York; electric development of power at Niagara Falls and many governmental projects.

### Stamp Famine Adds to Austrian Troubles

VIENNA, April 25.—Among its other troubles Austria is undergoing a stamp famine. Not only is suitable paper very scarce but stamp dealers have bought up all the recent issues, many printed on cardboard, and nearly all unperfected. As a first corrective measure all higher value stamps have been abandoned and parcels must now be taken to the postoffice and prepaid in money.

Now is the time to have your last year's suit, spring overcoat or dress cleaned and pressed. You can wear them another season. Price reasonable. Work guaranteed.

## Feel Old?

Overwork, worry, anxiety or sorrow undermines strength and health. These causes contribute to kidney trouble, and weak or diseased kidneys make one feel old in middle age.

### Foley Kidney Pills

help weak, overworked or diseased kidneys and bladder so that the system is free from waste and poisonous matter that causes one to feel old, tired, languid. They banish backache, rheumatic pains, sore muscles, stiff joints.

Mrs. J. D. Miller, Syracuse, N. Y., writes: "For many years I suffered with kidney trouble and rheumatism. I had a severe backache and felt miserable and all played out. I got to a place where I had to do something. After taking two boxes of Foley Kidney Pills, I can say my backache is gone, and where I used to lay awake at night with rheumatic pains I can now sleep in comfort and enjoy a good night's rest."

Want Pink Cheeks—Red Lips?

Some unfortunate men and women are prone to wonder why some of their color—pink cheeks and red lips while theirs are always colorless. The reason for this last named condition lies in the blood—not enough red blood corpuscles in the blood—under a microscope the blood is thin and watery. The flesh is flabby too. Well known physicians assert that the regular administration for several months of three-grain Cadomene Tablets will greatly improve the color, add to the weight, make the cheeks pink and the lips red and in general be very beneficial. For self-administration obtain from any of the best apothecary shops—Advertisement.

# GOMPERS RAPS CONGRESS DELAY

### Failed in Reconstruction, Cost of Living and Treaty, Says Leader of Labor

WASHINGTON, April 25.—(By The Associated Press.)—Sweeping charges that the present congress has failed the nation "with completeness and abandon," are made by Samuel Gompers, president of the American Federation of Labor, in the current issue of the American Federationist.

"America must get rid of its veto congress and elect an action congress," he said. "The no congress must give place to a 'yes congress.' The labor leader asserts that congress has failed on the peace treaty, in reconstruction and the high cost of living, and that it also has "failed us in intelligent comprehension of every great question affecting the lives and welfare of our people."

### Sins of Commission.

"The sins of the present congress," he added, "were of commission as well as omission, as there had been 'all most an eagerness to do the wrong things,' the enactment of the railroad bill being cited as a "shining example."

"The blind and bigoted action of congress in refusing to deal intelligently with the present treaty has made it impossible for the United States to manifest the proper concerns in these affairs," said Mr. Gompers, after asserting the affairs of the world are the concern of the United States.

"On our own continent there is the same need.
