

DEFINITE DATE FOR AWARD HAS AVERTED STRIKE

Union Men Receive Announcement With Undisguised Satisfaction

LEADERS WORRIED OVER SITUATION

Most Conservative Unionists Complained Bitterly and Strike Was Impending.

WASHINGTON, June 25.—Announcement by the railroad labor board in Chicago today that its award would be given on or before July 29 is expected by both government officials and railway union heads to exert a powerful influence in alleviating unrest among the workers.

Setting of a definite date for announcing the award was received with undisguised satisfaction by union heads, who were plainly worried by the sporadic strikes in Baltimore, Philadelphia and other eastern railway centers. They said tonight that not only could the announcement by the board be expected to prevent the spread of walkouts, but it would undoubtedly tend to bring about a return of many workers now out.

Lee States Situation.
CHICAGO, June 25.—Mr. Lee said that secret plans had been made by a disaffected union element to spread the strike throughout the country because of the continued delay in announcing the wage ruling.

The men would have quit at midnight tomorrow night, Mr. Lee said. "It was impossible to hold them any longer. Men of my organization have been waiting patiently for nearly a year."

The railway board's statement declared that an agreement on a method of working out the wage problems had been arrived at and that no time would be lost in reaching a conclusion.

Lee and other representatives of the recognized railroad brotherhoods who met here today to discuss the railroad wage situation, said there was no doubt the men would be satisfied with the promise of a decision to relieve their impatience.

"Was the decision the result of a warning of a probable strike brought by you and your associates to the board?" Lee was asked.

"You can draw your own conclusions as to that," Lee answered.

In a later statement Mr. Lee declared that even the most conservative members of these organizations lately have been bitterly complaining of the delays and insist upon a decision.

"Now that it has been definitely decided that the award will be handed down not later than July 29, the statement continues, 'we urge our members to continue to carry out their obligations to their organizations and the contract relations with the employers as the most effective means of helping the situation.'"

General chairman of the fifteen recognized railroad organizations will meet in Chicago July 13 to consider and pass upon the awards by the board. It was announced.

DEMOCRATS TO URGE FEDERAL SUFFRAGE LAW

National Committee Unanimously Agree to Send Telegram to Tennessee.

MINUTES ADOPTED ON DEATHS OF PARTY MEN

Gold Badge Presented to John I. Martin, Honorary Sergeant-at-Arms.

AUDITORIUM, San Francisco, June 25.—The Democratic national committee today unanimously agreed to send a telegram to the governor of Tennessee, urging a special session of the legislature to ratify the federal suffrage amendment.

The committee met late today to make up the temporary roll of delegates, to consider contests and to dispose of other business preliminary to the opening of the convention next Monday. Homer S. Cummings, chairman of the committee, presided. Probably the largest number of women delegates were present at a meeting of the committee was present.

Among the early arrivals was Senator James A. Reed, who claimed a seat in the convention as a delegate from the fifth Missouri district. Representatives of the two groups of delegates contesting for Georgia's 28 seats were also on hand.

Chairman Cummings Applauded.
There was vigorous applause when Chairman Cummings suggested the sending of a telegram to Governor Roberts of Tennessee, urging him to call a special session of the legislature to ratify the federal suffrage amendment.

The suggestion was unanimously adopted. Minutes on the death of Roger Sullivan of Illinois, John T. McGraw of West Virginia and William J. Stone of Missouri were adopted by a plang vote.

The committee approved the executive committee's report of temporary officers of the convention, which recommended that Homer S. Cummings be the temporary chairman of the convention.

Gold Badge for Sergeant.
A pleasant incident of the meeting was the presentation of a gold badge to John I. Martin of Missouri, honorary sergeant-at-arms of the national committee.

There was a buzz throughout the committee room when Francis M. Wilson, United States district attorney for the western district of Missouri, presented the certified action of the "democracy of the fifth Missouri district" in electing Benjamin A. Reed a delegate to the convention.

Mr. Reed was asked an opportunity to present the facts to the committee, and was informed that he would be heard at the proper time. It is expected that the Reed case will be considered by a sub-committee.

California Plans Entertainment.
On the suggestion of National Committee member I. B. Docketwiler of California, the convention will be asked when it adjourns on Monday it will adjourn on Tuesday afternoon, in order to permit the visiting delegates to take a steamer excursion Tuesday morning.

Text of Telegram.
Following is the telegram sent to the governor of Tennessee:
"Governor Albert Roberts, State Capitol, Nashville, Tenn.
"The Democratic national committee, in its meeting held today, by unanimous vote, has asked the chairman of the committee, to send you the following message:
"We most earnestly emphasize the extreme importance of your state legislature for the purpose of ratifying the proposed nineteenth amendment to the constitution. The eyes of millions of women throughout the country are turned toward Tennessee as the one state that can and will enfranchise them prior to the November election by becoming the thirty-sixth state to ratify the suffrage amendment. We trust that for the present all other legislative matters may, if necessary, be held in abeyance, and that you will call an extra session of the legislature of your state for such brief duration as may be required to favorably act upon the amendment. Tennessee occupies a position of peculiar and pivotal importance and one that enables her to render a service of incalculable value to the women of America. Under your leadership and through the action of the legislature of your state the women of the nation may be given the privilege of voting in the coming presidential election."
"Chairman Democratic National Committee."

FLOYD FITZSIMMONS.
There is much interest being taken in the Benary Leonard-Charlie White bout scheduled for July 5 at Benton Harbor, Mich. Floyd Fitzsimmons, promoter of the championship fight, says:

"We've started what will be the finest boxing arena in the country at Benton Harbor. When it is completed it will have an opportunity to see the best boxers in the country work during the summer months when it is too hot to stage goes other places. There is great interest being taken in the Leonard-White fight. The Benton Harbor stadium is going to be a busy place."

JOHNNY IGLOE.
The man, who is planning to take Ty Cobb on a baseball tour of the Pacific coast this fall, Johnny Igloe, says the Peach is a better card than Babe Ruth. He says:

"The difference between Babe Ruth and Ty is this: Fans go to see Ruth do one thing—that is, hit home runs. They expect him to hit one and when he does they go home thrilled. Cobb stars every day. He antics on the bases, his hits are clean and he is always thinking of some new way to outsmart the opposing team. Babe doesn't hit them over the fence every day. Ty shows his assortment of wonderful stuff daily. With the Tigers in last place the team still is a drawing card with Cobb leading the procession."

HUNDREDS OF LETTERS FROM FRAUD VICTIMS

Office of U. S. District Attorney in New York Flooded With Correspondence.

MANY CONCERNS UNDER INDICTMENT

Woman Loses \$500 and is Obligated to Take in Washing; Aged Couple Lose \$1800.

NEW YORK, June 25.—Hundreds of letters from investors in oil stocks, who asserted they had been victims of fraud, were received at the office of the United States district attorney. The flood of correspondence followed the filing yesterday of five indictments by a federal grand jury against four oil companies, ten brokerage concerns and fifty individuals, charging fraudulent use of the mails in selling oil stocks.

Some of the letters bore tales of the loss of lifetime earnings through the investments. One of the women said she had managed to save \$500, which she lost, and was obliged to take in washing to support two small children. An aged couple wrote that they would be thrown on charity unless they could recover \$1,800 with which they had purchased supposedly bona fide stock.

Land Stock Company Called to Account

CHICAGO, June 25.—A bill for an accounting was filed in circuit court today by W. C. Matthias and fifteen other stockholders and creditors of the bankrupt Land Stock company, a land stock organization. The bill declared the defendants, Daniel Hayes, Jr., C. J. Sellman, C. S. Gross, Walter S. Bond, directors of the company, and others solicited the plaintiffs by means of "false, misleading and deceptive representation as to their business," and plaintiffs alleged they paid approximately \$19,000.

According to the bill the concern represented that it owned 108,000 acres of land at Joshua valley, California. About 7,000 acres of land were sold, the bill stated, to which "the company did not even have a colorable title." The company was organized in 1915 under the laws of Idaho.

The message to the president, similar to one sent last night to William J. BILLION DOLLAR FREIGHT INCREASE IS UNNECESSARY

WASHINGTON, June 25.—The billion dollar freight increase asked for by the railroads of the country is approximately \$286,000,000 more than will be necessary to give the 6 per cent standard return guaranteed by the transportation act.

Clifford Thorne, representing shippers, estimated today at the general rate hearing before the interstate commerce commission. Mr. Thorne said the "book value" of \$20,600,000,000 used by the roads in computing the return was excessive by several billion dollars.

Mr. Thorne said that in computing the book value the railroad managers had not made any allowance for depreciation, and that such a method of appraisal had been specifically repudiated by the United States court. He also said it was proposed by the roads to capitalize the 146,000 acres of land granted to the railroad by the government and the state of Texas and "to make the public forever pay an annual tax to the railroads on its present value, a value which has cost them nothing."

The commission also was told that the roads in computing their needs had made full allowance for all increased expenses, but had made no allowance whatsoever for increased business.
