Thirty-three hundred and nine Southern Pacific stations and ticket offices on the Southern Pacific system are helping Uncle Sam sell thrift stamps.
George Bush, city passenger agent for that company in Ogden, received 1600—\$400 worth of thrift stamps last night and placed them on sale this morning. The stamps are being received from Washington in carload lots and distributed to the various agents of the system by W. F. Ingram, assistant treasurer at Sacramento.
"The stamps will be on sale here at 25 cents per," said Mr. Bush. "The argument in favor of the purchase of thrift stamps is known or should be known to every one in the United States. They may be traded for war certificate bonds and the world knows that a United States bond is the best and safest and at this time the most patriotic investment in Christendom."
The action of the Southern Pacific is a part of the general plan to place thrift stamps at every railroad ticket office in America. The plan brings the sale to every resident of every community, practically, in the entire country. The sales from this source alone is expected to approximate millions of dollars.

QUESTIONNAIRES ARE SENT BACK

The district board at Salt Lake has returned questionnaires to the city board for Ogden which were sent there on appeal with the following final classification:
Class 1—Samuel S. Sailer, Joseph Alfred McDaniel, Cecil B. Farley, Archie W. Sherwood, George Theobald, Reuben J. Middleton, Charles A. Smith, Jr., Lawrence A. Baxter, Bradley H. Paul, Geoffrey Harper, Floyd E. Meyers, Walter J. Brown, Joseph William Empey, Harry Ray Haynes, Joseph Saraberry, Bernard Bharragorry, Alva Young.
Class 2—Leroy Haley.
Class 4—V. R. Belnap.
Class 5—David Belzeron, Wong Fung Chew.

John Stowell, the leading man in "Hell Morgan's Girl," will be seen in "Fighting Mad," at the Rex Theatre today and tomorrow.

MILK ORDINANCE HAS BEEN PASSED

The members of the city council, in regular session this morning, passed the new milk ordinance and wrote flims to the ancient feud between the city and the milkmen.
The new ordinance, which is only an amendment of the old ordinance changing the license fee from a graduating scale to a flat rate, provides that retailers shall pay \$12.50 for each wagon; wholesalers \$25 for each wagon; and that other distributors selling from 1 to 12 gallons a day, shall pay a tax of from \$3 to \$12.50 a year.

KNIGHTS OF COLUMBUS HOLD AN ENTHUSIASTIC MEETING FOR THE ARMY WELFARE FUND

A gift of money for the welfare of the boys fighting for America, in the cantonments or across the sea in the army camps is the least that can be done for those who are giving their very lives, if need be, for the people who stay at home, was the sentiment which crystallized last night out of the dozen or more speakers in the Orpheum theater, at the big mass meeting called by the Knights of Columbus of Ogden. The meeting was held for the purpose of inaugurating the campaign for the Knights of Columbus welfare fund for camp recreation and amusement for soldiers, and the Orpheum was packed by members of the order and other citizens to hear of the big movement. The meeting was preceded by a banquet in the Weber club attended by the prominent citizens, the state officials, military officials and members of the Knights of Columbus order who arranged the event.
Among the prominent visitors were Governor Simon Bamberger, Ex-Governor William Spry, Col. Alfred Hasbrouck of Fort Douglas and staff, Monsignor P. M. Cushman V. G., State Auditor Joseph Ririe, Hon. Abbot R. Heywood, Rev. John Edward Carver, president of the Weber county Red Cross chapter, Rev. Christian R. Garver, Supt. Henry C. Johnson, Supt. E. S. Hinckley, John Watson, E. O. Wattle, Chapin Day, A. P. Iogelov, Judge H. H. Henderson and others.
The meeting as presided over by Hon. A. R. Heywood, Monsignor P. M. Cushman, V. G., Governor Bamberger, ex-Governor Spry and Col. Hasbrouck occupied the places of honor on the stage. The stage was decorated with large American flags. A quartette composed of Jed Ballantyne, Walter Stephens, Miss Mildred Ware and Mrs. Agnes Warner furnished two songs. Master Leonard Taylor sang two songs, Albert Spillman of Salt Lake sang a solo. Mr. Spillman has not been heard by many Ogden people and his singing was an appreciated event of the evening.

Other speakers of the evening were Ex-Governor William Spry, Judge H. H. Henderson, Rev. Christian R. Garver, State Auditor Joseph Ririe, Supt. H. C. Johnson, Supt. E. S. Hinckley and John Watson, all of whom made ringing appeals to the people in support of the Knights of Columbus welfare fund.

OLD-TIMERS TO HAVE NIGHT AT THE ELKS

The Ogden lodge, No. 719, E. P. O. Elks, are planning an Old-Timers' night on February 16, and have made extensive arrangements to entertain the old timers of the order in grand style. John Culley has been given carte blanche, as far as arrangements are concerned, and has chosen several speakers for the evening from among the older members of the Ogden lodge.
February 16 will also be the fifth anniversary of the creation of the order of Elks, and appropriate ceremonies will be observed for this event.
Mr. Culley has not announced his program for the Old-Timers' night, but James DeVine of Salt Lake, Colonel Boyd of Ogden, and several others will probably be on the program as speakers.
The evening will also be observed as a smoker.

VICE CAMPAIGN IS TO BE FOLLOWED UP BY OFFICERS

Vice conditions are destined to receive a solar plexus in Ogden and vice conditions include lascivious and immoral conduct, as distinguished from bootlegging.
The vice crusade has become a co-operative campaign made up of the city commissioners, headed by Mayor T. Samuel Browning, who also is chairman of the board of health; the city sanitary department; the municipal court; the city attorney; the police department; the sheriff's department; and the city physician.
"The situation is deplorable," said Mayor Browning. "I am informed that physical examinations of prospective soldiers disclose a situation, not only in Ogden but throughout the country that is astounding and alarming. While the situation exists elsewhere, it also exists here and the only remedy is to strike at the root of the evil. The sanitary board already has taken initial steps toward its eradication here."
"The vice problem is getting serious in Ogden," said Judge George S. Barker, in sentencing a youthful prisoner arrested for immoral conduct and forfeiting the bond of the woman in the case this morning. "The officers are to be congratulated for the diligence they are showing in suppressing this evil. Drastic measures may be necessary but drastic measures will be employed, if necessary. This evil is becoming deadlier than German bullets."
"The condition is startling," said David L. Stine, assistant city attorney, in prosecuting a case in municipal court this morning. "I have assembled facts that are a surprising revelation upon this class of court should severely punish the wickedness of this character wherever found and proven."
Police Chief Browning has designated two officers to keep in touch with juvenile delinquencies. They have been instructed to visit cafes, pool rooms, darkened theaters and to keep in constant touch with women of loose character. Sheriff Herbert Peterson's deputies have been displaying a similar vigilance and the case called in municipal court this morning was detected by Deputy Sheriffs Soule and Brown.

George Shorten, city sanitary commissioner, left today for Salt Lake City where he will be in conference throughout the day with Walter M. Borden, secretary of the state board of health, relative to the accumulation of venereal statistics. He is expected to make a report to Mayor Browning and members of the sanitary board tomorrow morning.
According to the authorities, the condition requires the severest measures. Ogden, it is declared, is no exception to other cities, but possibly on an average is cleaner than other communities, but even at that, the situation is sufficiently serious to merit quick and positive attention.

Rev. Carver Speaks.
Rev. John Edward Carver delivered an address which reached the heart of every person in the audience. He made a vigorous appeal to their patriotism, their sympathy and their regard for their fellow men and showed them how infinitely small is the work that they could do compared with the work the man is doing who joins the ranks and offers his life for the cause. There has been lots of discussion as to who started this war, he said, but America was assuming the burden of completing it and doing it successfully.

CHICAGO, Feb. 5.—Moderating temperatures over much of the corn belt tended today to ease the corn market here. Until there should be an actual increase of arrivals, however, sellers were inclined to be cautious. Most of the trading was in small lots. Opening prices, which varied from unchanged figures to 1/2c lower, with March \$1.26 1/2 and May \$1.24 1/2 to \$1.24 1/2, were followed by continued slackness of values.
Railway receipts east of Chicago had a bearish effect on oats. After opening unchanged to 1/4c down, with May 79 1/2 to 79 1/2, the market underwent a slight further decline and then rallied a little.
Provisions reflected an upturn in hog prices. On the bulge, however, offerings increased and a reaction followed.
